Reasonable Christianity

Bart D. Ehrman

Reasonable Christianity:

A Reasonable Response William Lane Craig, Joe Gorra, 2013-09-01 Followers of Jesus need not fear hard questions or objections against Christian belief In *A Reasonable Response* renowned Christian philosopher and apologist William Lane Craig offers dozens of examples of how some of the most common challenges to Christian thought can be addressed including Why does God allow evil How can I be sure God exists Why should I believe that the Bible is trustworthy How does modern science relate to the Christian worldview What evidence do we have that Jesus rose from the dead Utilizing real questions submitted to his popular website ReasonableFaith.org Dr Craig models well reasoned skillful and biblically informed interaction with his inquirers *A Reasonable Response* goes beyond merely talking about apologetics it shows it in action With cowriter Joseph E Gorra this book also offers advice about envisioning and practicing the ministry of answering people's questions through the local church workplace and in online environments Whether you're struggling to respond to tough objections or looking for answers to your own intellectual questions *A Reasonable Response* will equip you with sound reasoning and biblical truth

Reasonable Christianity John Rendle-Short, 1991 Dr John Rendle Short writes When I was a student I could talk to fellow students about Christianity and assume their basic viewpoints were much the same as mine They believed in God and in goodness and badness But that whole scenario is past gone finished never to return Now when presenting Christianity to twentieth century men and women we can no longer assume they have any knowledge of God Jesus or the Bible Yet Christianity is reasonable in the basic popular sense of the word it is intensely practical and satisfying to the mind Everything has its correct place All the shapes fit into the puzzle This book is addressed firstly to atheists and agnostics to outline for them the essentials of Christianity I assume nothing no beliefs just an open mind Secondly the book is for Christians so that they may understand the reason for the hope that is in them and pass it on to their non-Christian friends Dr John Rendle Short sets out to demonstrate that Christianity is reasonable i.e. not past the limit of reason and his aim is achieved Highly recommended *The Messenger* The author has done a very good job of reaching thinking people not just academics but many others who are prepared to face issues objectively I recommend this work highly

A Reasonable Christianity Laurentine Hamilton, 1881

Reasonable Faith William Lane Craig, 2008 Perfect as a textbook yet excellent for lay readers this updated edition builds a positive case for Christianity by applying the latest thought to core theological themes J Gresham Machen once said False ideas are the greatest obstacles to the reception of the gospel which makes apologetics that much more important Wanting to engage not just academics and pastors but Christian laypeople and seekers William Lane Craig has revised and updated key sections in this third edition of his classic text to reflect the latest work in astrophysics philosophy probability calculus the arguments for the existence of God and Reformed epistemology His approach that of positive apologetics gives careful attention to crucial questions and concerns including the relationship of faith and reason the existence of God the problems of historical knowledge and miracles the personal claims of Christ and the

historicity of the resurrection of Jesus He shows that there is good reason to think Christianity is true As Craig says If you have a sound and persuasive case for Christianity you don t have to become an expert in comparative religions and Christian cults A positive justification of the Christian faith automatically overwhelms all competing world views lacking an equally strong case Reason, Faith, and the Struggle for Western Civilization Samuel Gregg,2019-06-25 Gregg s book is the closest thing I ve encountered in a long time to a one volume user s manual for operating Western Civilization The Stream Reason Faith and the Struggle for Western Civilization offers a concise intellectual history of the West through the prism of the relationship between faith and reason Free Beacon The genius of Western civilization is its unique synthesis of reason and faith But today that synthesis is under attack from the East by radical Islam faith without reason and from within the West itself by aggressive secularism reason without faith The stakes are incalculably high The naive and increasingly common assumption that reason and faith are incompatible is simply at odds with the facts of history The revelation in the Hebrew Scriptures of a reasonable Creator imbued Judaism and Christianity with a conviction that the world is intelligible leading to the flowering of reason and the invention of science in the West It was no accident that the Enlightenment took place in the culture formed by the Jewish and Christian faiths We can all see that faith without reason is benighted at best fanatical and violent at worst But too many forget that reason stripped of faith is subject to its own pathologies A supposedly autonomous reason easily sinks into fanaticism stifling dissent as bigoted and irrational and devouring the humane civilization fostered by the integration of reason and faith The blood soaked history of the twentieth century attests to the totalitarian forces unleashed by corrupted reason But Samuel Gregg does more than lament the intellectual and spiritual ruin caused by the divorce of reason and faith He shows that each of these foundational principles corrects the other s excesses and enhances our comprehension of the truth in a continuous renewal of civilization By recovering this balance we can avoid a suicidal winner take all conflict between reason and faith and a future that will respect neither **Reasonable Christianity** Henry Hammond,C. Matthew McMahon,2015-07-27 The Christian must have an intellectual handle on everything that comes up against the Christian faith in order to glorify Jesus Christ as a faithful witness to the truth The Christian must be able as St Peter exhorts to give an answer for the faith which lies within him That means he must be aware of arguments against the Christian faith to some extent and have some knowledge on everything that comes against Christian truth So how ready are you The goal of this apologetical work by Henry Hammond is very simple It was written to show the rationality of the Christian religion against the accusations that Christianity is irrational Atheists in every age believe that Christianity is irrational and that Christians just believe things on blind faith To the atheist blind faith believes in fairy tales for the sake of believing in fairy tales Here is where Hammond s arguments are astoundingly helpful and will allow the Christian to arm themselves with some of the best Biblical material in print to overthrow atheism This is not a scan or facsimile has been updated in modern English for easy reading and has an active table of contents for electronic versions Forensic Faith J.

Warner Wallace,2017-05-01 Forensic Faith Christian Apologetics for people seeking truth Discover the captivating secrets of Christian apologetics and dive deep into the realm of forensic faith with this compelling book Embark on an adventure where truth seeking becomes your duty as a Christian apologist Uncover the rules of evidence Learn to defend what you believe as Christian apologetics take center stage Master the evidence Develop a strategic training approach to crack the case for Christianity and become well versed in apologetics books Unlock divine insights Take on the detective s mindset to reveal hidden treasures in God s Word and strengthen your Christian faith Persuade others Acquire the skills of professional case makers and learn effective communication strategies to share your beliefs with confidence Prepare to be captivated as real life detective stories intriguing strategies and biblical revelations merge Renowned author and cold case detective J Warner Wallace presents a riveting exploration of investigative disciplines bringing together the world of apologetics and Christian faith Join this engaging journey and take a fresh look at what it means to be a Christian with this thought provoking book

Reasonable Faith Jay L. Wile,1997 **A Reasonable Christianity** L. Hamilton,2024-02-25 Reprint of the original first published in 1881 **Is Faith in God Reasonable?** Corey Miller,Paul Gould,2014-04-03 The question of whether faith in God is reasonable is of renewed interest in today s academy In light of this interest as well as the rise of militant religion and terrorism and the emergent reaction by neo atheism this volume considers this important question from the views of contemporary scientists philosophers and in a more novel fashion of rhetoricians It is comprised of a public debate between William Lane Craig supporting the position that faith in God is reasonable and Alex Rosenberg arguing against that position Scholars in the aforementioned fields then respond to the debate representing both theistic and atheistic positions The book concludes with rejoinders from Craig and Rosenberg Being Reasonable about Religion William Charlton,2006 When we start to discuss religion we run into controversial questions about history and anthropology about the scope of scientific explanation and about free will good and evil This book explains how to find our way through these disputes and shows how we can be freed from assumptions and prejudices which make progress impossible by deeper philosophical insight into the concepts involved Books about religion usually concentrate on a few central Judaeo Christian doctrines and either attack them or defend them with tenacious conservatism yielding nothing This book has a broader scope and instead of trying to prove that religion or any particular religion is reasonable or unreasonable it seeks to persuade people to be reasonable about religion **Rational Faith** Stephen T Davis,2017-02-17 For keen minds looking for a philosophical look at whether faith in God is a practical way to find meaning in life Idea for proving meat to debates of belief Rational Faith gives you a chance to take an honest and serious look at what modern and classical thought have to say about what faith is and mean and whether it s truly possible If God exists why doesn t he eliminate suffering and evil Does evolution disprove Christianity Can religion be explained by cognitive science People have grappled for ages with these kinds of questions And many in today s academic world find Christian belief untenable But renowned philosopher Stephen Davis argues that belief in God is indeed a

rational and intellectually sound endeavour Drawing on a lifetime of rigorous reflection and critical thinking he explores perennial and contemporary challenges to Christian faith Davis appraises objections fairly and openly offering thoughtful approaches to common intellectual problems Real questions warrant reasonable responses Examine for yourself the rationality of the Christian faith *The Reasonableness of Christianity* Douglas Clyde Macintosh,1925 **A Reasonable Faith** Tony Campolo,1995-02 Here is Tony Campolo s unblinking look into the cold gaze of unbelief A Reasonable Faith communicates the Christian faith in understandable terms to secular people steeped in contemporary ideas about the nature of life and helps Christians see how their beliefs make sense in the world in which they live **Debating Christian Theism** J. P. Moreland,Chad V. Meister,Khaldoun A. Sweis,2013-08-15 This volume offers groundbreaking dialogue by many of the most prominent scholars in the field in a definitive treatment of central issues in theism and Christian faith **How Jesus Became God** Bart D. Ehrman,2014-03-25 New York Times bestselling author and Bible expert Bart Ehrman reveals how Jesus s divinity became dogma in the first few centuries of the early church The claim at the heart of the Christian faith is that Jesus of Nazareth was and is God But this is not what the original disciples believed during Jesus s lifetime and it is not what Jesus claimed about himself How Jesus Became God tells the story of an idea that shaped Christianity and of the evolution of a belief that looked very different in the fourth century than it did in the first A master explainer of Christian history texts and traditions Ehrman reveals how an apocalyptic prophet from the backwaters of rural Galilee crucified for crimes against the state came to be thought of as equal with the one God Almighty Creator of all things But how did he move from being a Jewish prophet to being God In a book that took eight years to research and write Ehrman sketches Jesus s transformation from a human prophet to the Son of God exalted to divine status at his resurrection Only when some of Jesus s followers had visions of him after his death alive again did anyone come to think that he the prophet from Galilee had become God And what they meant by that was not at all what people mean today Written for secular historians of religion and believers alike How Jesus Became God will engage anyone interested in the historical developments that led to the affirmation at the heart of Christianity Jesus was and is God *Cold-case Christianity* J. Warner Wallace,2013 Do you believe about the claims of Christianity but aren t sure you believe in them J Warner Wallace knows what that s like For the first thirty five years of his life he was a devout atheist But when he decided to apply his skills as a detective to the claims of the New Testament he came to a startling realization the case for Christianity was as convincing as any case he d ever worked as a detective A unique apologetic Cold Case Christianity will give you new confidence in Christ and a renewed passion for articulating the case for Christianity *Heaven, Hell, and Purgatory* Jerry L. Walls,2015-01-27 Will heaven be boring How can a good and loving God send people to hell Is there such a place as purgatory If so why is it necessary if we re saved by grace Questions about the afterlife abound Given what is at stake they are the most important questions we will ever consider Recent years have seen a surge of Christian books written by people claiming to have received a glimpse of the

afterlife and numerous books films and TV shows have apocalyptic or postapocalyptic themes Jerry Walls a dynamic writer and expert on the afterlife distills his academic writing on heaven hell and purgatory to offer clear biblical theological and philosophical grounding for thinking about these issues He provides an ecumenical account of purgatory that is compatible with Protestant theology and defends the doctrine of eternal hell Walls shows that the Christian vision of the afterlife illumines the deepest and most important issues of our lives changing the way we think about happiness personal identity morality and the very meaning of life

The Theology of Unity Muhammad 'Abduh, 2021-12-19 Originally published in 1966 this was the first of Muhammad Abduh s works to be translated into English *Risalat al Tauhid* represents the most popular of his discussion of Islamic thought and belief Abduh is still quoted and revered as the father of 20th Century Muslim thinking in the Arab world and his mind here accessible constituted both courageous and strenuous leadership in his day All the concerns and claims of successive exponents of duty and meaning of the mosque in the modern world may be sensed in these pages The world and Islam have moved on since Abduh s lifetime but he remains a source for the historian of contemporary movements and a valuable index to the self awareness of Arab Islam

Recognizing the artifice ways to get this book **Reasonable Christianity** is additionally useful. You have remained in right site to start getting this info. get the Reasonable Christianity member that we find the money for here and check out the link.

You could purchase guide Reasonable Christianity or acquire it as soon as feasible. You could quickly download this Reasonable Christianity after getting deal. So, in imitation of you require the book swiftly, you can straight acquire it. Its thus very easy and so fats, isnt it? You have to favor to in this atmosphere
