CHRISTIANITY.,1695      **Toleration and Understanding in Locke** Nicholas Jolley,2016 Despite recent advances in Locke scholarship philosophers and political theorists have paid little attention to the relations among his three greatest works *An Essay Concerning Human Understanding* *Two Treatises of Government* and *Epistola de Tolerantia* As a result our picture of Locke's thought is a curiously fragmented one *Toleration and Understanding in Locke* argues that these works are unified by a concern to promote the cause of religious toleration Making extensive use of Locke's neglected replies to Proast Nicholas Jolley shows how Locke draws on his epistemological principles to criticize religious persecution for Locke since revelation is an object of belief not knowledge coercion by the state in religious matters is not morally justified In this volume Jolley also seeks to show how the *Two Treatises of Government* and the letters for toleration adopt the same contractualist approach to political theory Locke argues for toleration from the function of the state where this is determined by the decisions of rational contracting parties Throughout attention is paid to demonstrating the range of Locke's arguments for toleration and to defending them where possible against recent criticisms The book includes an account of the development of Locke's views about religious toleration from the beginning to the end of his career it also includes discussions of his individualism about knowledge and belief his critique of religious enthusiasm his commitment to the minimal creed and his teachings about natural law Locke emerges as a rather systematic thinker whose arguments are highly relevant to modern debates about religious toleration      **The Reasonableness of Christianity, and A Discourse of Miracles** John Locke,1958 With *Discourse of Miracles* and part of *A Third Letter Concerning Toleration*      *The Reasonableness of Christianity* John Locke,1987-05-01      [Discourse on Free Will](#) Desiderius Erasmus,Martin Luther,2013-06-27 Desiderius Erasmus 1466-9 1536 was the most renowned scholar of his age a celebrated humanist and Classicist and the first teacher of Greek at Cambridge An influential figure in the Protestant Reformation though without ever breaking from the Church himself he satirised both human folly and the corruption of the Church Martin Luther 1483-1546 was the founder of the German Reformation His 95 Theses became a manifesto for reform of the Catholic Church and led to his being tried for heresy He remained in Germany Professor of Biblical Exegesis at the University of Wittenburg until his death publishing a large number of works including three major treatises and a translation of the New Testament into German Comprising Erasmus's *The Free Will* and Luther's *The Bondage of the Will* *Discourse on Free Will* is a landmark text in the history of Protestantism Encapsulating the perspective on free will of two of the most important figures in the history of Christianity it remains to this day a powerful thought provoking and timely work
