## Reasons For Faith:

**Reasons for Faith (Foreword by Lee Strobel)** Norman L. Geisler, Chad V. Meister, 2007-10-26 Many Christians want to witness for their faith but they are afraid they will not be able to answer questions that others may ask of them First Peter 3 15 reminds believers to always be prepared to make a defense to anyone who asks you for a reason for the hope that is in you Norman Geisler and Chad Meister realize the fear of facing questions about the Christian faith Their book *Reasons for Faith* gives believers grounded biblical apologetics to help them defend their faith By covering the importance of apologetics and then applying apologetics to popular culture and theological issues these authors give all Christians the tools they need to stand firm in their faith and to be able to share that faith in today's society *Faith Has Its Reasons* Kenneth Boa, Robert M. Bowman Jr., 2006-03-01 Ever since the apostle Paul addressed the Stoic and Epicurean philosophers in Athens relating the Christian worldview to a non Christian world has been a challenge And despite Peter's charge to be ready to make a defense to everyone who asks you to give an account for the hope that is in you 1 Peter 3 15 most Christian laypeople have left apologetics the defense of the faith to the ecclesiastical pros *Faith Has Its Reasons* is a study of four different models of how apologetics should be done an assessment of their strengths and weaknesses and a proposal for integrating the best insights of each Kenneth Boa and Robert Bowman have assembled a wealth of information about what Christians believe and how to present that faith to an unbelieving world Remarkable both in its depth of content and ease of accessibility *Faith Has Its Reasons* gives Christian laypeople the tools to address such critical questions as Why is belief in God rational despite the prevalence of evil in the world What facts support the church's testimony that Jesus rose from the dead Can we be certain Christianity is true How can our faith in Christ be based on something more secure than our own understanding without descending into an irrational emotionalism *Belief* Francis S. Collins, 2010-03-02 A brilliant wide ranging and powerful series of readings on the possibilities problems and mysteries of faith This book belongs on the shelf of every believer and every serious skeptic Rabbi David Wolpe author of *Why Faith Matters* This life giving faith filled and hard nosed collection reveals why as St Anselm wrote true faith always seeks to understand Rev James Martin author of *My Life with the Saints* From Dr Francis Collins New York Times bestselling author of *The Language of God* comes the definitive reader on the rationality of faith **Existential Reasons for Belief in God** Clifford Williams, 2011-02-23 In this book philosopher Clifford Williams argues that needs desires and emotions have a legitimate place in drawing people into faith Addressing the strongest objections to these types of reasons he shows how the personal and experiential aspects of belief play an important part in coming to faith and remaining a believing person **A Reason for Faith** Laura Hales, 2016-04-15 The topics covered in this book are the talking points of the moment The information gleaned from reading the perspectives of these believing scholars will help start the process of discovering answers and coming to terms with the realities of the Church's past and provide tools for lifelong learning and study This book was written to provide reasons for faith by offering faithful answers to

sincere questions      Faith Has Its Reasons Julie Kemp,2017-09-25 Faith Has Its Reasons is the True Life Story of Julie Kemp and her son Landon and their life changing challenge that caused Landon to die three times and live to tell the story It is the story of overcoming grief and heartache thru Faith in God even when you feel forsaken by God      Evidence for God William A. Dembski,Michael R. Licona,2010-07-01 There have always been challenges to belief in God as he is revealed in the Bible and each new year seems to add more questions to the doubter s arsenal In Evidence for God leading apologists provide compelling arguments that address the most pressing questions of the day about God science Jesus the Bible and more including Is Intelligent Design really a credible explanation of the origins of our world Did Jesus really exist Is Jesus really the only way to God What about those who have never heard the gospel Is the Bible today what was originally written What about recently publicized gospels that aren t in the Bible and much more      **The Creator and the Cosmos** Hugh Norman Ross,2001 Few of us can venture outside on a clear dark night and not pause for a silent reflective look at the stars For countless centuries people have felt a sense of wonder about the heavens How did our universe come into being Has it always been here Is our existence due to random chance or supernatural design Is God out there If so what is He like Traditionally the church has answered such questions with Scripture while science has contributed theories and formulas of its own Torn between a deep respect for church doctrines and an intellectual need for answers that support what their senses are telling them many Christians have avoided such discussions altogether Actually the two sides are no longer that far apart In The Creator and the Cosmos astrophysicist Dr Hugh Ross explains how recent scientific measurements of the universe have clearly pointed to the existence of God Whether you re looking for scientific support for your faith or new reasons to believe The Creator and the Cosmos will enable you to see the Creator for yourself      *Why We're Catholic* Trent Horn,2017-05 How can you believe all this stuff This is the number one question Catholics get asked and sometimes we ask ourselves Why do we believe that God exists that he became a man and came to save us that what looks like a wafer of bread is actually his body Why do we believe that he inspired a holy book and founded an infallible Church to teach us the one true way to live Ever since he became Catholic Trent Horn has spent a lot of time answering these questions trying to explain to friends family and total strangers the reasons for his Catholic faith Some didn t believe in God or even in the existence of truth Others said they were spiritual but didn t think you needed religion to be happy Some were Christians who thought Catholic doctrines over complicated the pure gospel And some were fellow Catholics who had a hard time understanding everything they professed to believe on Sunday Why We re Catholic assembles the clearest friendliest most helpful answers that Trent learned to give to all these people and more Beginning with how we can know reality and ending with our hope of eternal life it s the perfect way to help skeptics and seekers or Catholics who want to firm up their faith understand the evidence that bolsters our belief and brings us joy      The Reason for God Timothy Keller,2010-10-30 In this six session small group Bible study The Reason for God captures live and unscripted conversations between Tim Keller and a group of people

to address their doubts and objections to Christianity Pack includes one Discussion Guide and one DVD      **Reasons to Believe** Scott Hahn, 2007-05-08 This book unravels mysteries corrects misunderstandings and offers thoughtful straightforward responses to common objections about the Catholic faith Bestselling author Scott Hahn a convert to Catholicism has experienced the doubts that so often drive discussions about God and the Church In the years before his conversion he was first a nonbeliever and then an anti Catholic clergyman In REASONS TO BELIEVE he explains the how and why of the Catholic faith drawing from Scripture his own struggles and those of other converts as well as from everyday life and even natural science Hahn shows that reason and revelation nature and the supernatural are not opposed to one another rather they offer complementary evidence that God exists But He doesn't merely exist He is someone and He has a personality a personal style that is discernible and knowable Hahn leads readers to see that God created the universe with a purpose and a form a form that can be found in the Book of Genesis and that is there when we view the natural world through a microscope through a telescope or through our contact lenses At the heart of the book is Hahn's examination of the ten keys to the kingdom the characteristics of the Church clearly evident in the Scriptures As the story of creation discloses the world is a house that has a Father a palace where the king is really present God created the cosmos to be a kingdom and that kingdom is the universal Church fully revealed by Jesus Christ      *Farewell to God* Charles Templeton, 2011-01-14 For more than twenty years Charles Templeton was a major figure in the church in Canada and the United States During the 1950s he and Billy Graham were the two most successful exponents of mass evangelism in North America Templeton spoke nightly to stadium crowds of up to thirty thousand people However increasing doubts about the validity of the Old Testament and the teachings of the Christian church finally brought about a crisis in his faith and in 1957 he resigned from the ministry In *Farewell to God* Templeton speaks out about his reasons for the abandonment of his faith In straightforward language Templeton deals with such subjects as the Creation fable racial prejudice in the Bible the identity of Jesus of Nazareth Jesus' alienation from his family the second class status of women in the church the mystery of evil the illusion that prayer works why there is suffering and death and the loss of faith in God He concludes with a positive personal statement I Believe      *Making Sense of God* Timothy Keller, 2016-09-20 We live in an age of skepticism Our society places such faith in empirical reason historical progress and heartfelt emotion that it's easy to wonder Why should anyone believe in Christianity What role can faith and religion play in our modern lives In this thoughtful and inspiring new book pastor and New York Times bestselling author Timothy Keller invites skeptics to consider that Christianity is more relevant now than ever As human beings we cannot live without meaning satisfaction freedom identity justice and hope Christianity provides us with unsurpassed resources to meet these needs Written for both the ardent believer and the skeptic *Making Sense of God* shines a light on the profound value and importance of Christianity in our lives      101 Reasons You Can Believe Ralph O. Muncaster, 2004 Muncaster author of the popular *Examine the Evidence* series helps believers and challenges skeptics with

the amazing and unshakable evidence that God has provided in the Bible and in His creation      *The Case for Faith Student Edition* Lee Strobel, 2010-02-23 Prepare yourself for an eye opening no punches pulled investigation into eight of the toughest objections to Christianity The answers will prove whether or not Jesus is who he says he is and if heaven is for real leading you to a life changing decision in your current case for or against Christianity Like you as a student Lee Strobel asked the same tough questions you face about God about Jesus about science and about Christianity Why is there suffering Doesn't science disprove miracles What about hell and the millions who've never heard of Jesus Is heaven for real Is God unjust So what convinced Lee Strobel an atheist investigative journalist turned faith filled Christian that Jesus is real Join Lee in this fascinating journey of discovery If you're an atheist or just aren't sure about Jesus these stories will turn your whole world upside down If you're already a Christian you'll gain powerful insights that will reshape your understanding of the Bible and affect your life of faith like never before      **Why Christian Faith Still Makes Sense** C. Stephen Evans, 2015-05-19 In recent years the Christian faith has been challenged by skeptics including the New Atheists who claim that belief in God is simply not reasonable Here prominent Christian philosopher C Stephen Evans offers a fresh contemporary and nuanced response He makes the case for belief in a personal God through an exploration of natural signs which open our minds to theistic possibilities and foster belief in the Christian revelation Evans then discusses why God's self revelation is both authoritative and authentic This sophisticated yet accessible book provides a clear account of the evidence for Christian faith concluding that it still makes sense to believe      *Rational Faith* Stephen T Davis, 2017-02-17 For keen minds looking for a philosophical look at whether faith in God is a practical way to find meaning in life Idea for proving meat to debates of belief Rational Faith gives you a chance to take an honest and serious look at what modern and classical thought have to say about what faith is and mean and whether it's truly possible If God exists why doesn't he eliminate suffering and evil Does evolution disprove Christianity Can religion be explained by cognitive science People have grappled for ages with these kinds of questions And many in today's academic world find Christian belief untenable But renowned philosopher Stephen Davis argues that belief in God is indeed a rational and intellectually sound endeavour Drawing on a lifetime of rigorous reflection and critical thinking he explores perennial and contemporary challenges to Christian faith Davis appraises objections fairly and openly offering thoughtful approaches to common intellectual problems Real questions warrant reasonable responses Examine for yourself the rationality of the Christian faith      *Defending Your Faith* R. C. Sproul, 2018-05-31 R C Sproul surveys the history and fundamentals of apologetics to show that reason and scientific inquiry can be strong allies in defending the existence of God and the authority of the Bible      [Reasons For Faith](#) John H. Gerstner, 2023-07-18      **Faith's Reasons for Believing** Robert L. Reymond, 2008-03 Using extensive Biblical references Reymond takes us on a comprehensive tour of why it is possible for belief to exist as a result of knowledge in the Christian faith He gives us both reasons for believing in key aspects of the Christian faith and a defence of the presuppositional
