Rebecca In French:

Stuff and Money in the Time of the French Revolution Rebecca L. Spang, 2017-02-20 **Buddhism and Law** Rebecca Redwood French, Mark A. Nathan, 2014-07-28 As the first comprehensive study of Buddhism and law in Asia this interdisciplinary volume challenges the concept of Buddhism as an apolitical religion without implications for law Buddhism and Law draws on the expertise of the foremost scholars in Buddhist studies and in law to trace the legal aspects of the religion from the time of the Buddha to the present In some cases Buddhism provided the crucial architecture for legal ideologies and secular law codes while in other cases it had to contend with a pre existing legal system to which it added a new layer of complexity The wide ranging studies in this book reveal a diversity of relationships between Buddhist monastic codes and secular legal systems in terms of substantive rules factoring and ritual practices This volume will be an essential resource for all students and teachers in Buddhist studies law and religion and comparative law French By Heart Rebecca S. Ramsey, 2007-04-24 Can a family of five from deep in the heart of Dixie find happiness smack dab in the middle of France French By Heart is the story of an all American family pulling up stakes and finding a new home in Clermont Ferrand a city four hours south of Paris known more for its smoke spitting factories and car dealerships than for its location in the Auvergne the lush heartland of France dotted with crumbling castles and sunflower fields The Ramseys are not jet setters they re a regular family with big hearted and rambunctious kids Quickly their lives go from covered dish suppers to smoky dinner parties with heated polemics from being surrounded by Southern hospitality to receiving funny looks if the children play in the yard without shoes A charming tale with world class characters French By Heart reads like letters from your funniest friend More than just a slice of life in France it s a heartwarming account of a family coming of age and learning what home sweet home really means The Golden Yoke Rebecca Redwood French, 1995 The practice of law in this unique legal world which lacked most of our familiar signposts ranged from the fantastic use of oracles in the search for evidence to the more mundane presentation of cases in court *Mourning Sickness* Rebecca Comay, 2011 This book explores Hegel s response to the French Revolutionary Terror and its impact on Germany Like many of his contemporaries Hegel was struck by the seeming parallel between the political upheaval in France and the intellectual upheaval in German thought inaugurated by the Protestant Reformation and brought to a climax by German Idealism He believed as did many others that a political revolution would be unnecessary in Germany because this intellectual revolution would preempt it Mourning Sickness provides a new reading of these ideas in the light of contemporary theories of historical trauma It explores the ways in which major historical events are experienced vicariously and the fantasies we use to make sense of them Rebecca Comay brings Hegel into relation with the most burning contemporary discussions around catastrophe revolution and the role of media in shaping our political experience The book will be of interest to readers of philosophy literature cultural studies history political theory and memory studies **Discovering French Blanc, Euro Edition** MCDUGAL.
