Harris,1991-06 From the late 1860s until her death in 1910 Rebecca Harding Davis was one of the best known writers in America She broke into print as a young woman in the 1860s with *Life in the Iron Mills* which established her as one of the pioneers of American realism She developed a literary theory of the commonplace nearly two decades before William Dean Howells shaped his own version of the concept Yet in spite of her importance to the literary and popular culture of her time she has been for the most part ignored by scholars Rebecca Harding Davis and American Realism helps to change that **Parlor Radical** Jean Pfaelzer,2010-11-23 Rebecca Harding Davis was a prominent author of radical social fiction during the latter half of the nineteenth century In stories that combine realism with sentimentalism Davis confronted a wide range of contemporary American issues giving voice to working women prostitutes wives seeking divorce celibate utopians and female authors Davis broke down distinctions between the private and the public worlds distinctions that trapped women in the ideology of domesticity By engaging current strategies in literary hermeneutics with a strong sense of historical radicalism in the Gilded Age Jean Pfaelzer reads Davis through the public issues that she forcefully inscribed in her fiction In this study Davis's realistic narratives actively construct a coherent social work not in a fictional vacuum but in direct engagement with the explosive movements of social change from the Civil War through the turn of the century **Life in the Iron-Mills** Rebecca Harding Davis,2016-05-28 Before Women Had Rights They Worked Regardless *Life in the Iron Mills* is a short story or novella written by Rebecca Harding Davis in 1861 set in the factory world of the nineteenth century It is one of the earliest American realist works and is an important text for those who study labor and women's issues It was immediately recognized as an innovative work and introduced American readers to the bleak lives of industrial workers in the mills and factories of the nation Reviews *Life in the Iron Mills* was initially published in *The Atlantic Monthly* Vol 0007 Issue 42 in April 1861 After being published anonymously both Emily Dickinson and Nathaniel Hawthorne praised the work Elizabeth Stuart Phelps Ward was also greatly influenced by Davis's *Life in the Iron Mills* and in 1868 published in *The Atlantic Monthly* The Tenth of January based on the 1860 fire at the Pemberton Mills in Lawrence Massachusetts Get Your Copy Now **Rebecca Harding Davis** Edward J. Devlin,1935 *Rebecca Harding Davis's Stories of the Civil War Era* Rebecca Harding Davis,2010 The ten stories gathered here show Rebecca Harding Davis to be an acute observer of the conflicts and ambiguities of a divided nation and position her as a major transitional writer between romanticism and realism Instead of focusing on major Civil War conflicts and leaders she takes readers into the intimate battles fought on family farms and backwoods roads **Downwardly Mobile** Andrew Lawson,2014-05-22 *Downwardly Mobile* explores the links between a growing sense of economic precariousness within the American middle class and the development of literary realism over the course of the nineteenth century as it examines works by Rebecca Harding Davis William Dean Howells Henry James Hamlin Garland and others **Four Stories**

Reading for Realism Nancy Glazener,1997 *Reading for Realism* presents a new approach to U S literary history that is based on the analysis of dominant reading practices rather than on the production of texts Nancy Glazener s

focus is the realist novel the most influential literary form of the nineteenth and twentieth centuries a form she contends was only made possible by changes in the expectations of readers about pleasure and literary value By tracing readers collaboration in the production of literary forms *Reading for Realism* turns nineteenth century controversies about the realist romance and sentimental novels into episodes in the history of readership It also shows how works of fiction by Rebecca Harding Davis Henry James Nathaniel Hawthorne and others participated in the debates about literary classification and reading that in turn created and shaped their audiences Combining reception theory with a materialist analysis of the social formations in which realist reading practices circulated Glazener's study reveals the elitist underpinnings of literary realism At the book's center is the Atlantic group of magazines whose influence was part of the cultural machinery of the Northeastern urban bourgeoisie and crucial to the development of literary realism in America Glazener shows how the promotion of realism by this group of publications also meant a consolidation of privilege primarily in terms of class gender race and region for the audience it served Thus American realism so often portrayed as a quintessentially populist form actually served to enforce existing structures of class and power

Resisting Regionalism Donna M. Campbell, 1997

Despite such prickly themes according to Donna Campbell local color fiction fulfilled some specific needs of the public for nostalgia for a retreat into mildly exotic locales for a semblance of order preserved in ritual

Haunting Realities Monika Elbert, Wendy Ryden, 2017-06-20

An innovative collection of essays examining the sometimes paradoxical alignment of Realism and Naturalism with the Gothic in American literature to highlight their shared qualities Following the golden age of British Gothic in the late eighteenth century the American Gothic's pinnacle is often recognized as having taken place during the decades of American Romanticism However *Haunting Realities* explores the period of American Realism the end of the nineteenth century to discover evidence of fertile ground for another age of Gothic proliferation At first glance Naturalist Gothic seems to be a contradiction in terms While the Gothic is known for its sensational effects with its emphasis on horror and the supernatural the doctrines of late nineteenth century Naturalism attempted to move away from the aesthetics of sentimentality and stressed sobering mechanistic views of reality steeped in scientific thought and the determinism of market values and biology Nonetheless what binds Gothicism and Naturalism together is a vision of shared pessimism and the perception of a fearful lingering presence that ominously haunts an impending modernity Indeed it seems that in many Naturalist works reality is so horrific that it can only be depicted through Gothic tropes that prefigure the alienation and despair of modernism In recent years research on the Gothic has flourished yet there has been no extensive study of the links between the Gothic and Naturalism particularly those which stem from the early American Realist tradition *Haunting Realities* is a timely volume that addresses this gap and is an important addition to scholarly work on both the Gothic and Naturalism in the American literary tradition
