Rebel Sutra:

Rebel Sutra Shariann Lewitt, 2001-07-15 The colony world of Maya is run by the Changed a carefully inbred aristocracy clustered in their hillside city high above Babelion and its wretched swarms of poor colonists For generations now the Changed have been altering their own genes and their children s They re smarter faster longer lived better with computers and acutely aware of their own superiority What they don t admit is that they have become a separate species Every year the Changed generously allow a handpicked group of human children to come up from Babelion and be tested alongside their own young But the Changed know as the humans do not that it s a sham The humans will always fail They don t have the right genetic makeup the years of intensive training it takes to mesh properly with the computer system where the test takes place Their best will never be enough It s a subtle way of teaching them their place Then one year Arsen shows up strong smart wildly charismatic and not at all convinced of the superiority of the Changed Still he s nothing the system couldn t cope with until he hooks up with Della Changed born and bred but every bit as rebellious as Arsen She too doubts that the serenely self absorbed Changed have all the answers She even has ties to the Tinkers the mysterious vaga bond scientists who make Maya one of their stopping points What starts between Arsen and Della will tip their whole on its side and start it rolling downhill

I Shall Seal the Heavens II- 501-1000 Chapter Ethan Cole, 2024-12-26 Please rate and comment positively Your encouragement is my motivation Thank you all I Shall Seal the Heavens is an interesting combination of a few different genres such as Action Adventure Comedy Romance and Martial Arts It is definitely an exciting mixture that can provide a lot of amazing actions and events to the readers However keep in mind the book is quite long and still in the ongoing phase of the development It means new updates have to arrive in the near future and they can change many events in the story The main plot of I Shall Seal the Heavens surrounds the actions of a great wizard who has the power to make real miracles No one is stronger than this magician and that s why he has an indisputable reputation in his world He can do many things he can be very good and support the intentions of others or he can be truly bad and evil That can be quite dangerous to other inhabitants however they can change nothing because it all depends on the wizard s will He is in fact not very interested in other people It is mostly because they are too weak and not important for the individual like he is But this wizard does have his own interests He is focused on much bigger things and happenings which can change the destiny of all people and the entire universe This magician has some demonic intentions in fact He wants to seal the Heavens while eliminating everything he does not like It seems like a G o d s job but if he really succeeds to achieve that he is indeed an extremely powerful wizard
