Rebellious Feminism Camus Ethic Of Rebellion And Feminist Thought:

Rebellious Feminism E. Bartlett, 2004-01-16 In what might seem an unusual pairing Bartlett brings together the insights of Albert Camus and feminist thought and in doing so sheds new light on both Looking through a Camusian lens Bartlett reveals a rebellious feminism that simultaneously refuses oppression and affirms human dignity in solidarity with concrete diverse others and the earth giving us new insights into this life affirming ethic *Welcoming the Other* N. Susan Laehn, Thomas R. Laehn, 2021-02-15 This collection of essays examines the efforts of philosophers artists caretakers and perhaps most importantly teachers to establish a sense of community and interpersonal responsibility in the postmodern world *The Bloomsbury Companion to Existentialism* Felicity Joseph, Jack Reynolds, Ashley Woodward, 2014-09-25 The Bloomsbury Companion to Existentialism is the definitive guide to this key area of modern European philosophy Now available in paperback the book covers the fundamental questions asked by existentialism providing valuable guidance for students and researchers to some of the many important and enduring contributions of existentialist thinkers Chapters from an international team of experts explore existentialism's relationship to philosophical method ontology politics psychoanalysis ethics religion literature emotion feminism and sexuality emotions authenticity and the self its significance in Latin American culture and its contribution to the development of post structuralism and cognitive science In addition five short chapters summarize the status of canonical figures Kierkegaard Nietzsche Heidegger Sartre and de Beauvoir delineating the historical approach to their work while pointing to new directions contemporary research is now taking Featuring a series of indispensable research tools such as an A to Z glossary a timeline of key events texts and thinkers in existentialism a list of resources and an annotated guide to further reading this Companion is an essential resource to help the new reader navigate through the heart of Existentialism and modern European philosophy Camus's The Plague Peg Brand Weiser, 2023 *La Peste* in English The Plague originally published in 1947 by the Nobel Prize winning writer Albert Camus chronicles the progression of deadly bubonic plague as it spreads through the quarantined Algerian city of Oran While most discussions of fictional examples within aesthetics are either historical or hypothetical Camus offers an example of pestilence fiction Camus chose fiction to convey facts about plagues in the past his own bout with tuberculosis at age seventeen living under quarantine away from home for several years and forced separation from his wife who remained in Algiers while he was abroad in Nazi occupied France His own lived experiences undergird an imaginative account of shared human realities with which we can identify vulnerability to the disease isolation fear and finally humanitarianism The Plague teaches us to neither covet nor expect what we so casually took for granted This collection of original essays on philosophical themes in The Plague is of special relevance during and in the aftermath of Covid 19 but also provides reflections that will be of lasting value to those interested in this classic work of literature The novel explores questions of enduring importance Do we collectively meet the threshold of ethical behaviour posed by Camus who wrote What's true of all the evils in the world is true

of plague as well. It helps men to rise above themselves. Or does the absurd undermine the compassionate? Do heroes dutifully fight a plague with common decency or does human nature resign itself to the normalization of uncontrollable suffering and death? There are myriad ways to approach the novel and this volume encourages readers to ponder human dilemmas in fictional Oran informed by our current pandemic.

Albert Camus's "The New Mediterranean Culture" Neil Foxlee, 2010 This book was shortlisted for the R H Gapper prize 2011. On 8 February 1937 the 23 year old Albert Camus gave an inaugural lecture for a new Maison de la culture or community arts centre in Algiers. Entitled *La nouvelle culture méditerranéenne* The New Mediterranean Culture Camus's lecture has been interpreted in radically different ways while some critics have dismissed it as an incoherent piece of juvenilia others see it as key to understanding his future development as a thinker whether as the first expression of his so called Mediterranean humanism or as an early indication of what is seen as his essentially colonial mentality. These various interpretations are based on reading the text of *The New Mediterranean Culture* in a single context whether that of Camus's life and work as a whole of French discourses on the Mediterranean or of colonial Algeria and French discourses on that country. By contrast this study argues that Camus's lecture and in principle any historical text needs to be seen in a multiplicity of contexts discursive and otherwise if readers are to understand properly what its author was doing in writing it. Using Camus's lecture as a case study the book provides a detailed theoretical and practical justification of this multi contextualist approach.

Albert Camus's The Stranger Peter Francev, 2014-06-26 Often marginalised on the sidelines of both philosophy and literature the works of Albert Camus have in recent years undergone a renaissance. While most readers in either discipline claim Camus and his works to be theirs the scholars presented in this volume tend to see him and his works in both philosophy and literature. This volume is a collection of critical essays by an international menagerie of Camus experts who despite their interpretive differences see Camus

through both lenses For them he is a novelist essayist who embodies a philosophy that was never fully developed due to his brief life The essays here examine Camus s first published novel *The Stranger* from a variety of critical and theoretical perspectives each drawing on the author s knowledge to present the first known critical examination in English As such this volume will shed new light on previous scholarship

Sex, Feminism and Lesbian Desire in Women's Magazines Kate Farhall,2020-09-14 This book examines evolving pop culture representations of sex and relationships from the 1970s onwards to demonstrate parallels between the strength of the feminist movement and positive portrayals of women s sexuality In charting changes in the sex and relationship content of women s magazines over time this analysis reveals that despite surface level changes in sexual and relationship content the underlying paradigm of hetero monogamy remains unchanged Despite a seemingly more diverse empowered and liberated sexuality for women in contemporary magazines in reality such feminist rhetoric masks an enduring model of sexuality which rests on women s sexual and emotional maintenance of male partners and their own self objectification and self surveillance Where substantive changes can be identified they rise and fall in tandem with feminism By demonstrating this empirical relationship between cultural products and feminism organising the book validates an assumption that has rarely been tested that a feminist social milieu improves cultural narratives about sexuality for women *Sex Feminism and Lesbian Desire* builds on ground breaking feminist texts such as Susan Faludi s *Backlash* to present an empirically focused comprehensive study interrogating changes in content over the lifetime of women s magazines By charting the representation of sex and relationships in two women s magazines *Cosmopolitan* and *Cleo* since the 1970s through an analysis of over 6 500 magazine pages and 1 500 articles this timely work interrogates and ultimately complicates the apparent linear progression of feminism This book is suitable for researchers and students in women s and gender studies queer studies LGBT studies media studies cultural studies and sociology

Albert Camus as Political Thinker Samantha Novello,2010-10-12 An intense genealogical reconstruction of Camus s political thinking challenging the philosophical import of his writings as providing an alternative aesthetic understanding of politics political action and freedom outside and against the nihilistic categories of modern political philosophy and the contemporary politics of contempt and terrorisms

Diet Culture and Counterculture Natalie Jovanovski,2024-08-13 This book is the first of its kind to explore how women challenge the powerful sociocultural and gendered phenomenon of diet culture across the broad anti diet movement and beyond Showcasing the voices of over 150 everyday women activists and health professionals across Australia New Zealand Canada the United States and the United Kingdom the author provides new insight into anti diet practices while giving agency for women who remain main targets of diet culture Using Pierre Bourdieu s concept of habitus as a novel starting point to develop a concept of the diet habitus the author explores the possibility of a fragmented but unified diet counterculture Drawing on feminist perspectives from women s and fat liberation movements the author demonstrates that women s anti diet practices are grounded in a combination of self and society one that has the power to

significantly re shape the broad landscape of food and eating for women This international book appeals to scholars students activists and health professionals interested in the intersections of the sociology of the body fat studies sociology of food and nutrition social movements health sociology and women s studies **French XX Bibliography** William J.

Narrating the Everyday Asta Rau,Jan K. Coetzee,Magdalena Wojciechowska,2019-01-01 The chapters in this book reflect on the practice of using narratives to understand individual and social reality They all reveal dimensions of the same concrete reality contemporary society of Central South Africa Except for two all the chapters originated from research in the program The Narrative Study of Lives situated in the Department of Sociology at the University of the Free State in Bloemfontein South Africa Each chapter opens a window on an aspect of everyday life in Central South Africa Each window displays the capacity of the narrative as a methodological tool in qualitative research to open up better understandings of

everyday experience The chapters also reflect on the epistemological journey towards unwrapping and breaking open of meaning Narratives are one of many tools available to sociologists in their quest to understand and interpret meaning But when it comes to deep understanding narratives are particularly effective in opening up more intricate levels of meaning associated with emotions feelings and subjective experiences

Out of Africa Pal Ahluwalia,2010-04-05 In this book Ahluwalia makes a convincing and controversial case that post structuralism has colonial and postcolonial roots This wide ranging discussion ranging across authors as different as Foucault Derrida Fanon Althusser Cixous Bourdieu and Lyotard enables the reader to make connections that have remained unnoticed or been neglected It also brings back into view a history of struggles both political and theoretical that has shaped the landscape of critique in the social sciences and humanities

Cross-Cultural Research with Integrity Linda Miller Cleary,2013-01-16 Drawing on the experience and insights of 70 researchers across 7 countries and from a diverse range of cultures regions and disciplines this book explores the issues and ethics involved in cross cultural research and how such research can be done with integrity

Eating Disorders and Child Sexual Abuse Lisa Hodge,2021-03-10 This book takes up the challenge of examining women s understandings of eating disorders and child sexual abuse away from a framework focused on pathology The central argument is that women s distress is an enactment of their engagement with certain discourses and practices rather than a reaction triggered by child sexual abuse Guided by a contemporary feminist framework and Mikhail Bakhtin s sociological linguistics to substantiate the argument women s own poetry and drawings are used as evidence to develop support and supplement research findings The book establishes that an eating disorder is an understandable response to sexual trauma and shifts the focus away from a damaged personality Even more importantly it demonstrates that women with eating disorders are using their bodies as a form of resistance to express silenced traumas that remain in the silenced female body This is an active way of making sense of experiences of child sexual abuse

(Re)Possessing Beauty: Politics, Poetics, Change Sallie McNamara, 2019-01-04 This volume was first published by Inter Disciplinary Press in 2014 Ideas of beauty permeate our lives in ways of which we are often unaware yet they are indicators of identity transgression sartorial codes and otherness While contemporary society sees the dominance of Western hegemonic ideals of beauty when comparing these to ideals in different cultures at different historical periods attention is drawn to the instability of beauty The work in this volume considers the ways individuals question respond to articulate reflect challenge modify or accept beauty within their lives to show it can be powerful destructive and transformative They show that beauty is not always what it appears and can challenge common sense preconceptions as to what is beautiful The range of topics provide an important contribution to ongoing discussions and are testament to both the diversity and complexity of debate the concept engenders across different disciplines *Choice* ,2004
