Gershwin left behind not just a body of work unmatched in popular musical history but a woman who loved him with all her heart knowing all the while that he belonged not to her but to the world Perspectives on Males and Singing Scott D. Harrison, Graham F. Welch, Adam Adler, 2012-01-03 Since singing is so good a thing I wish all men would learn to sing William Byrd 1588 Over the centuries there has been reluctance among boys and men to become involved in some forms of singing Perspectives on Males and Singing tackles this conundrum head on as the first academic volume to bring together leading thinkers and practitioners who share their insights on the involvement of males in singing The authors share research that analyzes the axiomatic male disinclination to sing and give strategies designed to engage males more successfully in performing vocal music emphasizing the many positive effects it can have on their lives Inspired by a meeting at the Australian symposium Boys and Voices which focused on the engagement of boys in singing the volume includes contributions from leading authorities in Australia New Zealand Canada the United States and Europe **The Social and Applied Psychology of Music** Adrian North, David Hargreaves, 2008-04-10 Music is so ubiquitous that it can be easy to overlook the powerful influence it exerts in so many areas of our lives from birth through childhood to old age The Social and Applied Psychology of Music is the successor to the bestselling and influential The Social Psychology of Music It considers the value of music in everyday life answering some of the perennial questions about music The book begins with a scene setting chapter that describes the academic background to the book before looking at composition and musicianship It then goes on to look at musical preference What aspects of music are crucial in determining whether or not you will like it In chapter 4 the authors consider whether rap and rock are bad for young people highlighting some of the major moral scandals that have rocked pop music and asking whether these have become more extreme over time The following chapter looks at music as a commercial product How does the structure of the music industry influence CD purchasing and how does music affect customers in retail and leisure settings like shops and restaurants The book closes with an examination of music education How does musical ability develop in children and how does this relate to more general theories of how intellectual skills develop Do musical skills develop independently of other abilities Exceptionally broad in scope and written in a highly accessible style by the leading researchers in this field The Social and Applied Psychology of Music will be required reading for anyone seeking an understanding of the role music plays in our lives **The Rebellious No** Noëlle Vahanian, 2014-03-03 This book aims to renew theological thinking by extending and radicalizing an iconoclastic and existentialist mode of thought It proposes a theology whose point of departure assumes and accepts the critiques of religion launched by Nietzsche Freud Marx and Feuerbach but nevertheless takes theological desire seriously as a rebellious force working within but against an anthropomorphic phallogocentric worldview As a theology of language it does not claim any privileged access to some transcendent divine essence or ground of Being On the contrary for Noëlle Vahanian theology is a strictly secular discourse like any other discourse but aware of its limitations and wary of great promises its own included Its faith is that this secular

theological desire can be a force against the constitutive indifference of thought and it is a meditative act of rebellion Aphoristic instead of argumentative this book offers an original and constructive engagement with such seminal issues as indifference belief madness and love *Can I Play with Madness? Metal, Dissonance, Madness and Alienation* ,2020-09-25 Can I Play with Madness Metal Dissonance Madness and Alienation is an interdisciplinary publication that presents new experimental and original work on the relationships between heavy metal music culture mental health and well being
