Rebels Or Reformers Dissenting Priests In American Life:

Rebels Or Reformers? William Barnaby Faherty, 1987 **John Lafarge and the Limits of Catholic Interracialism, 1911-1963** David W. Southern, 1996-07-01 Before Vatican II before the race riots of the 1940s the white Jesuit priest John Lafarge decried America's treatment of blacks In the first scholarly biography of Lafarge David W Southern paints a portrait of a man ahead of his church on the race issue who nevertheless did not press hard enough in ridding it of an institutional bias against African Americans Southern follows Lafarge from his birth into the Social Register in Newport Rhode Island in 1880 to his death in 1963 just months after his participation in the March on Washington According to Southern Lafarge was the foremost Catholic spokesman on black white relations in America for more than thirty years In a series of books and articles he served on the staff of the influential Jesuit weekly *America* from 1926 until his death he significantly improved the image of the Church in the eyes of black Jewish and Protestant leaders In 1934 he founded the Catholic Interracial Council of New York the most important Catholic civil rights organization in the pre Brown era His declaration in 1937 that racism is a sin and a heresy so impressed the pope that he employed Lafarge to write an encyclical on the subject Although lauded in his time for his achievements in race relations Lafarge Southern contends espoused too gradualist an approach Southern maintains that Lafarge was fettered by a fierce loyalty to the Church a staunch clericalism an intense concern with the image of Catholicism in Protestant America an aristocratic background and Eurocentric thinking producing in him an abiding paternalism and lingering ambivalence about black culture and a tendency to conceal the Church's discriminatory practices rather than reveal them Moreover he was too slow to condemn segregation and approve the nonviolent direct action of Martin Luther King Jr Still Southern sees in Lafarge a redeeming capacity for liberal growth citing his inspiration of a younger more militant generation of Catholics and his joining in the 1963 march Based on extensive archival research *John LaFarge and the Limits of Catholic Interracialism* fills a serious gap in Catholic social history and race relations history An impressive engrossing biography it also casts light on the broader historical issues of the Church's attitudes and practices toward African Americans since the Civil War Catholic liberalism before Vatican II and the seeds of unrest that manifest themselves today in the rapidly growing black Catholic community **Desegregating Dixie** Mark Newman, 2018-10-04 Winner of the 2020 American Studies Network Book Prize from the European Association for American Studies Mark Newman draws on a vast range of archives and many interviews to uncover for the first time the complex response of African American and white Catholics across the South to desegregation In the late nineteenth and first half of the twentieth century the southern Catholic Church contributed to segregation by confining African Americans to the back of white churches and to black only schools and churches However in the twentieth century papal adoption and dissemination of the doctrine of the Mystical Body of Christ pressure from some black and white Catholics and secular change brought by the civil rights movement increasingly led the Church to address racial discrimination both inside and outside its walls Far from monolithic

white Catholics in the South split between a moderate segregationist majority and minorities of hard line segregationists and progressive racial egalitarians While some bishops felt no discomfort with segregation prelates appointed from the late 1940s onward tended to be more supportive of religious and secular change Some bishops in the peripheral South began desegregation before or in anticipation of secular change while elsewhere especially in the Deep South they often tied changes in the Catholic churches to secular desegregation African American Catholics were diverse and more active in the civil rights movement than has often been assumed While some black Catholics challenged racism in the Church many were conflicted about the manner of Catholic desegregation generally imposed by closing valued black institutions Tracing its impact through the early 1990s Newman reveals how desegregation shook congregations but seldom brought about genuine integration
