## **Rebels Conservatives D W Wordsworth:**

The Ballad of Dorothy Wordsworth Frances Wilson, 2009-02-17 Described by the writer and opium addict Thomas De Quincey as the very wildest person I have ever known Dorothy Wordsworth was neither the self effacing spinster nor the sacrificial saint of common telling A brilliant stylist in her own right Dorothy was at the center of the Romantic movement of the early nineteenth century She was her brother William Wordsworth's inspiration aide and most valued reader and a friend to Coleridge both borrowed from her observations of the world for their own poems William wrote of her She gave me eyes she gave me ears In order to remain at her brother's side Dorothy sacrificed both marriage and comfort jealously guarding their close knit domesticity one marked by a startling freedom from social convention In the famed Grasmere Journals Dorothy kept a record of this idyllic life together The tale that unfolds through her brief electric entries reveals an intense bond between brother and sister culminating in Dorothy's dramatic collapse on the day of William's wedding to their childhood friend Mary Hutchinson Dorothy lived out the rest of her years with her brother and Mary The woman who strode the hills in all hours and all weathers would eventually retreat into the house for the last three decades of her life In this succinct arresting biography Frances Wilson reveals Dorothy in all her complexity From the coiled tension of Dorothy's journals she unleashes the rich emotional life of a woman determined to live on her own terms and honors her impact on the key figures of Romanticism

**The Spectral Arctic** Shane McCorristine, 2018-05-01 Visitors to the Arctic enter places that have been traditionally imagined as otherworldly This strangeness fascinated audiences in nineteenth century Britain when the idea of the heroic explorer voyaging through unmapped zones reached its zenith The Spectral Arctic re thinks our understanding of Arctic exploration by paying attention to the importance of dreams and ghosts in the quest for the Northwest Passage The narratives of Arctic exploration that we are all familiar with today are just the tip of the iceberg they

disguise a great mass of mysterious and dimly lit stories beneath the surface In contrast to oft told tales of heroism and disaster this book reveals the hidden stories of dreaming and haunted explorers of frozen mummies of rescue balloons visits to Inuit shamans and of the entranced female clairvoyants who travelled to the Arctic in search of John Franklin's lost expedition Through new readings of archival documents exploration narratives and fictional texts these spectral stories reflect the complex ways that men and women actually thought about the far North in the past This revisionist historical account allows us to make sense of current cultural and political concerns in the Canadian Arctic about the location of Franklin's ships

**Rhetorics, Poetics, and Cultures** James A. Berlin, 2003 *Rhetorics Poetics and Cultures* is James Berlin's most comprehensive effort to refigure the field of English Studies Here in his last book Berlin both historically situates and recovers for today the tools and insights of rhetoric displaced and marginalized he argues by the allegedly disinterested study of aesthetic texts in the college English department Berlin sees rhetoric as offering a unique perspective on the current disciplinary crisis complementing the challenging perspectives offered by postmodern literary theory and cultural studies Taking into account the political and intellectual issues at stake and the relation of these issues to economic and social transformations Berlin argues for a pedagogy that makes the English studies classroom the center of disciplinary activities the point at which theory practice and democratic politics intersect This new educational approach organized around text interpretation and production not one or the other exclusively as before prepares students for work democratic politics and consumer culture today by providing a revised conception of both reading and writing as acts of textual interpretation it also gives students tools to critique the socially constructed politically charged reality of classroom college and culture This new edition of *Rhetorics Poetics and Cultures* includes JAC response essays by Linda Brodkey Patricia Harkin Susan Miller John Trimbur and Victor J Vitanza as

well as an afterword by Janice M Lauer These essays situate Berlin's work in personal pedagogical and political contexts that highlight the continuing importance of his work for understanding contemporary disciplinary practice *In Excited Reverie*
