

Reborn to Multiply

This hard-hitting book on evangelism talks in down-to-earth language about the urgent need for powerful Christian witness if the souls of millions are not to perish:

"We simply cannot possess the priceless treasures of the Christian faith and life, we cannot feast on the gracious love of God without wanting someone else to feast with us!"

"Why should a congregation of 300 intended witnesses of Jesus Christ in effect be 299 spiritually sterile Christians who have become the last link in a chain of 2,000 years of Christian lives? Our Lord's Great Commission was this, that the whole church preach the whole Gospel to the whole world!"

"... inviting someone to come and visit your church, in the truest sense of the word, is not evangelism, since it does not involve handling the Gospel. Yet it really does not matter where Jesus Christ and the sinner are brought together; it may be in a living room or it may be in your church."

These quotes indicate the author's enthusiastic approach to sharing the Good News of Jesus Christ. From this starting point he goes on to offer tested techniques for successful evangelism: how to expand on the best features of the Kennedy plan, how to set up a service especially for non-Christians, how to keep the fire of faith alive in recent converts. All together it's a most helpful manual based on the author's experiences in numerous evangelism clinics.

PAUL J. FOUST, the author of *Reborn to Multiply*, has been a parish pastor for over 26 years and in that time has confirmed over 600 adults. He has conducted lay evangelism clinics which have trained over 1,000 lay people. He is the counselor for evangelism and stewardship in the Michigan District of his church body.

Multiply David Nelson, 2024-05-31 God has not only created us with the ability to multiply through having children he has also given us the power to multiply disciples who multiply disciples through the preaching of the gospel in the power of the Holy Spirit In Genesis and Acts we read how God enabled man to multiply biologically and spiritually We read how the number of disciples greatly increased and multiplied during the era of the early church In his book Dr David Nelson explains eight principles for building a ministry of multiplication These biblically based principles will empower you to see a solid ministry that will grow into a ministry that multiplies disciple makers **Created for Purpose** Guillermo Maldonado, 2019-09-24 You are no accident Your presence on this earth is not a mistake Neither is it insignificant On the contrary you are wanted here and needed You are a creation of God with a unique purpose Many people do things to try to gain acceptance by others so that they can be someone They become slaves to public opinion and never really know who they were meant to be When we know that we are God's beloved children chosen from the foundation of the world and discover who He designed us to be we will think and act from that perspective Everything else will develop from our identity and existence in Him That identity goes beyond even our personal purpose to God's eternal plans for the world and our exciting role in them God created all human beings to have dominion over the earth And He has assigned each of us a portion of territory where we can exercise the measure of our dominion on earth This dominion is based on the faith anointing and gifts He has given us Our words and actions are most effective when we are in the territory God has assigned to us and are seeking first His kingdom This territorial power is not merely symbolic It is a reality in which we must live The territory in which we are to be fruitful is not random or general but specific In **Created for Purpose** you will discover God's plan for your life as a loved and valuable member of His creation what it means to be called by God and how to know and live in your purpose throughout your life You are not an accident You are present on this earth for a significant reason Find out who you were meant to be **Brown Gold**, 1996 [The Books of the Prophets Ezekiel and Daniel. This work examines the 49 plays that O'Neill completed, focusing on his attempt to find an inner truth in his characters. Part One explores the family, showing how a person is trapped by heredity, space, time, and communal hierarchy. Part Two deals with the individual and society, showing how societal conventions confined the characters. In Part Three, personal freedom is the centerpiece, showing how the characters develop a specific approach to life that leads to a coherent vision of their relationships with the world around them.

Phoebe, 2002. **Simply Kingdom, Simple Church: Multiplying Disciples and Churches**. Charles Kridiotis, 2016-03-22. Charles Kridiotis has been serving the simple church movement in Sweden and Europe for many years in a mentoring and equipping role, forming teams that thrive. In this book, Charles gives his perspective on the simple church movement as a practitioner. He describes the basics of the Kingdom that Jesus preached, how to make disciples, simple church life and leadership, and the multiplication of simple church groups and networks. The principles he shares are biblically founded and illustrated with real-life anecdotes from his own experience.

Marc van der Woude, Dutch innovator, trend watcher, networker, founder of Simple Church Europe, and publisher of Joel News International (joelnews.org), a weekly e-zine. *The Shadow of Creusa*. Anders Cullhed, 2015-04-24. Anders Cullhed's study *The Shadow of Creusa* explores the early Christian confrontation with pagan culture as a remote anticipation of many later clashes between religious orthodoxy and literary fictionality. After a careful survey of Saint Augustine's critical attitudes to ancient myth and poetry, summarized as a long drawn-out farewell, Cullhed examines other Late Antique dismissals as well as appropriations of the classical heritage. Macrobius, Martianus Capella, and Boethius figure among the Late Antique intellectuals who attempted to save or even restore the old mythology by means of allegorical representation. On the other hand, pious poets such as Paulinus of Nola and Bible epic writers such as Iuvencus or Avitus of Vienne turned against pagan lies, and the mighty archbishop of Milan, Saint

Ambrose played off unconditional Christian truth against the last Roman strongholds of cultural pluralism Thus *The Shadow of Creusa* elucidates a cultural conflict which was to leave traces all through the Middle Ages and reach down to our present day *American Book Publishing Record* ,1977-03-31 Here s quick access to more than 490 000 titles published from 1970 to 1984 arranged in Dewey sequence with sections for Adult and Juvenile Fiction Author and Title indexes are included and a Subject Guide correlates primary subjects with Dewey and LC classification numbers These cumulative records are available in three separate sets *God and His Coexistent Relations to the Universe: George D. Shollenberger*,2014-01-30 In the book *God and His Coexistent Relations to the Universe* the author is rejecting the universe that Judaism Christianity Islam Isaac Newton and Albert Einstein have accepted for a long period To replace this old universe an improved universe appeared from the thoughts of Confucius Anaxagoras Plato and Jesus who taught the death of our sun in Ch 24 of Matthew Unfortunately this teaching by Jesus was quieted for fifteen centuries by Irenaeus until Copernicus stood up and said that earth is not the center of the universe So an improved universe was becoming very interesting to many scientists This improved universe of Copernicus would expand when Kepler found that our sun has a system of eight precise planets Slowly the improved universe would become very clear when Leibniz found the immortal human souls and when Galileo found the bodies are made by these immortal souls In 1766 Ben Franklin went to Germany in order to learn the immortal souls of Leibniz In the next ten years Americans would separate America from England which still accepts the old universe After this separation more discoveries would come to the USA from German and Chinese thoughts For example Riemann would tell the world that the relationships of bodies in the universe can be determined only by our senses and measurements With Riemanns statement the author concluded that God is always active The author also found that God and the bodies in the universe come together with co existent concepts With these advances the author rejects the old universe and says that the people of many nations will form a new religion under an active God
