Rebound, Grades K-12 Douglas Fisher, Nancy Frey, Dominique Smith, John Hattie, 2021-03-30 For more than a year now we educators have been tested and tested again We've been stretched we've been pulled we've been put through the wringer But now it's time to rebound It's time to bounce back come back better and benefit from the many lessons learned to reignite engagement accelerate learning and move forward with fresh optimism and better systems for schooling Enter Doug Fisher Nancy Frey Dominique Smith and John Hattie whose Distance Learning Playbooks have supported more than a half million educators across pandemic teaching and who are here now to advise you on this next absolutely critical leg of our ongoing journey Complete with tools and strategies prompts and exercises *Rebound A Playbook for Rebuilding Agency Accelerating Learning Recovery and Rethinking Schools* will help you Address the collective traumas we have experienced during the pandemic and rebuild our sense of agency and self so that we can attribute student success to both teachers and students efforts Evaluate what we have learned about remote teaching and learning to determine what to carry forward and what to leave behind Shift the narrative from learning loss to learning leaps and implement instructional and assessment practices that ensure our students reclaim lost knowledge build skills develop agency and accelerate gains Redefine classrooms learning experiences the ways schools operate and the very idea of schooling itself The greatest travesty that can arise for schools after 2020-21 Doug Nancy Dominique and John write is to rush back to the old normal and learn nothing or little about what worked well That's why this book has focused on rebounding and taking the opportunity to create an even better schooling system one that serves even more students and focuses more on what matters most Let's agree not to reduce the impact that our expectations have on students learning What if we talk about learning leaps instead of learning loss What if we identify where students are in their learning and identify critical content that they must learn now to accelerate their performance in the future And what if we raise our expectations for students rather than lower them Douglas Fisher Nancy Frey Dominique Smith and John Hattie

Chris Beat Cancer Chris Wark, 2018 Two days before Christmas and at just 26 years old Chris Wark found himself diagnosed with stage 3 colon cancer Before he knew it he was wheeled into surgery where a golf ball sized tumor and a third of his colon were removed Doctors told Wark that as soon as he recovered from surgery he would need 9 to 12 months of chemotherapy in order to prevent a recurrence But when the first meal he was served in the hospital was a cafeteria style sloppy joe he had the first hint that maybe just maybe taking into account his diet and nurturing his own health might be the way to heal his body more effectively even if it went against the advice of the traditional medical establishment and his family and friends Millions of readers have followed Wark's journey on his blog *Chris Beat Cancer* and in his debut work he dives deep into the reasoning and scientific foundation behind his approach and the strategies that he used to successfully heal his body from cancer Wark exposes the corruption and ineffectiveness of the medical and cancer industries while exploring a variety of perspectives and areas of well being in order to shape his

integrative approach With clear guidance and continuous encouragement he shares his healing strategies including his Beat Cancer Mindset radical diet and lifestyle changes and means for mental emotional and spiritual healing Dually packed with intense personal insight and extensive healing solutions Chris Beat Cancer will inspire and guide you on your own journey toward wellness
