Receiving The Cosmic Christ:

The Universal Christ Richard Rohr, 2019-03-05 NEW YORK TIMES BESTSELLER From one of the world's most influential spiritual thinkers a long awaited book exploring what it means that Jesus was called Christ and how this forgotten truth can restore hope and meaning to our lives Anyone who strives to put their faith into action will find encouragement and inspiration in the pages of this book Melinda Gates In his decades as a globally recognized teacher Richard Rohr has helped millions realize what is at stake in matters of faith and spirituality Yet Rohr has never written on the most perennially talked about topic in Christianity Jesus Most know who Jesus was but who was Christ Is the word simply Jesus's last name Too often Rohr writes our understandings have been limited by culture religious debate and the human tendency to put ourselves at the center Drawing on scripture history and spiritual practice Rohr articulates a transformative view of Jesus Christ as a portrait of God's constant unfolding work in the world God loves things by becoming them he writes and Jesus's life was meant to declare that humanity has never been separate from God except by its own negative choice When we recover this fundamental truth faith becomes less about proving Jesus was God and more about learning to recognize the Creator's presence all around us and in everyone we meet Thought provoking practical and full of deep hope and vision *The Universal Christ* is a landmark book from one of our most beloved spiritual writers and an invitation to contemplate how God liberates and loves all that is

Christ In Evolution Ilia Delio, 2010

The Emergence of Sin Matthew Croasmun, 2017

Commentators have long argued about whether to read Paul's personification of Sin in Romans literally or figuratively Matthew Croasmun suggests both that the cosmic power Sin is nothing more than an emergent feature of a vast network of human transgression and that this power is nevertheless a real person

The Cosmic Christ Violet Tweedale, 2013-10 This is a new release of the original 1930 edition

The Emergent Christ Ilia Delio, 2011 Ilia Delio makes fascinating sense of the universe beginning with the story of cosmic evolution coursing through the meaning of God in evolution and the emergence of Christ and concluding with new ways of seeing Christ in all things As Teilhard de Chardin did in *The Divine Milieu* Ilia Delio reveals the sacrament of God at work in the world She also explores the spiritual evolution within each of us and suggests that it will change the cosmos as well as the church She shows that we are at a stage in evolution where our choices will determine what happens next Love she writes always seeks the best for the beloved but God is a beggar of love who waits at the soul's door without daring to force it open The question of Christ emerging as the personal center of the universe is not a question of yes or no but a question of how that love will evolve She makes one thing perfectly clear it is happening and the evidence is astounding *The Emergent Christ* is an antidote to the new atheism that says there is no place in evolution for God let alone a God of love It is also a spiritual tonic for Christians interested in understanding their place and purpose in this evolving universe

On the Cosmic Mystery of Jesus Christ Saint Maximus (Confessor), 2003 This volume provides translations from St Maximus two main collections of theological reflections his *Ambigua* or *Difficulties* and his *Questions* to

Thalassius plus one of his Christological opuscula previously unavailable in English The translations are accompanied by notes from back cover **Chronicle of the Living Christ** Robert A. Powell, 1996 This pioneering monumental work utilizes the visionary legacy of Anne Catherine Emmerich and the spiritual scientific discoveries of Rudolf Steiner concerning various hidden facts of Christ's incarnation Powell has established the dates and daily events of Jesus Christ on Earth Further he indicates their significance for our future In part one Powell gives a historical overview Then using esoteric sources and his own knowledge of sidereal astrology he offers startling insights into the circumstances of the Christmas event and the incarnation In part two Powell offers a daily chronicle of the three and a half year ministry of Jesus Christ on Earth dating the events with an unprecedented accuracy Also Powell correlates significant events in Christ's life with upcoming dates in the history of humankind and indicates that the living presence of the Christ is increasingly accessible to us **What Jesus**

Demands from the World John Piper, 2011-01-11 Looks at the Gospels and examines what Christ requires of his followers in a redemptive historical context New and seasoned believers will see God's loving plan for their ultimate satisfaction

Stations of the Cosmic Christ (Softcover) Matthew Fox, Marc Andrus, 2018-10 Offering ecumenical prayer and practices Matthew Fox and Bishop Marc Andrus reflect on 16 unique and thought provoking sculptures as they guide us through the transformation necessary to know ourselves as other Christs The Cosmic Christ is the image of God shining in every creature and every human being Illustrations and photographs by M C Richards and Ullrich Javier Lemus

Meditations with Julian of Norwich Brendan Doyle, 1983-06 Fourteenth century mystic and prophet Lady Julian of Norwich was an innovator and theologian in her own right whose message is one of the goodness of God and all creation

Prayers of the Cosmos Neil Douglas-Klotz, 1993-10-22 Reinterpreting the Lord's Prayer and the Beatitudes from the vantage of Middle Eastern mysticism Douglas Klotz offers a radical new translation of the words of Jesus Christ that reveals a mystical feminist cosmic Christ **The Future of Man** Teilhard de Chardin, 2004-04-20 The Future of Man is a magnificent

introduction to the thoughts and writings of Pierre Teilhard de Chardin one of the few figures in the history of the Catholic Church to achieve renown as both a scientist and a theologian Trained as a paleontologist and ordained as a Jesuit priest Teilhard de Chardin devoted himself to establishing the intimate interdependent connection between science particularly the theory of evolution and the basic tenets of the Christian faith At the center of his philosophy was the belief that the human species is evolving spiritually progressing from a simple faith to higher and higher forms of consciousness including a consciousness of God and culminating in the ultimate understanding of humankind's place and purpose in the universe The Church which would not condone his philosophical writings refused to allow their publication during his lifetime Written over a period of thirty years and presented here in chronological order the essays cover the wide ranging interests and inquiries that engaged Teilhard de Chardin throughout his life intellectual and social evolution the coming of ultra humanity the integral place of faith in God in the advancement of science and the impact of scientific discoveries on traditional religious

dogma Less formal than The Phenomenon of Man and The Divine Milieu Teilhard de Chardin s most renowned works The Future of Man offers a complete fully accessible look at the genesis of ideas that continue to reverberate in both the scientific and the religious communities The Biblical Cosmos Robin A. Parry,2014-10-08 Welcome to the weird and wonderful world of the Bible When we read Scripture we often imagine that the world inhabited by the Bible s characters was much the same as our own We would be wrong The biblical world is an ancient world with a flat earth that stands at the center of the cosmos and with a vast ocean in the sky chaos dragons mystical mountains demonic deserts an underground zone for the dead stars that are sentient beings and if you travel upwards and through the doors in the solid dome of the sky God s heaven the heart of the universe This book takes readers on a guided tour of the biblical cosmos with the goal of opening up the Bible in its ancient world It then goes further and seeks to show how this very ancient biblical way of seeing the world is still revelatory and can speak God s word afresh into our own modern worlds *Jesus Christ the Bearer of the Water of Life* Daughters of St Paul,2007-02-01 *The Experience of God* Raimon Panikkar,2006 What does it mean to say that we experience God The author presents a way to seek and reflect on God and discusses the significance of this quest in many religious traditions Back cover *Receiving the Cosmic Christ* Shahan Jon,1990-01-01 **The Yoga of Jesus** Paramhansa Yogananda,2007 Contains selected excerpts from Paramahansa Yogananda s book The Second Coming of Christ The Resurrection of the Christ Within You which book is a commentary on the New Testament gospels and noncanonical source material focusing on the quest to uncover the original teachings of Jesus Provided by publisher *Radical Grace* Richard Rohr,1995 This collection of 408 meditations by America s foremost retreat master and preacher follows the Church s liturgical cycle striking the spirit of each season **Order of the Sacred Earth** Matthew Fox,Skylar Wilson,Jennifer Berit Listug,2019-09-09 Essays and calls to action to create a deeper sense of community whose mission is the preservation of the earth **Earthing the Cosmic Christ of Ephesians--The Universe, Trinity, and Zhiyi's Threefold Truth, Volume 2** John P. Keenan,2022-09-09 This is volume 2 of a wide ranging interfaith reading of the Letter to the Ephesians a New Testament text whose words have inspired and enhanced Christian spiritual life and liturgy over the centuries Unfortunately at the same time Ephesians has provided apparent scriptural support to those who would defend slavery patriarchy misogyny and the physical power of Christ over the cosmos How on earth are today s Christians to receive and understand such a text as this Earthing the Cosmic Christ of Ephesians The Universe Trinity and Zhiyi s Threefold Truth draws upon a broad array of scientific theological and philosophical thinkers who enable us both to marvel at today s ever expanding knowledge of our vast cosmos and to appreciate the importance of the Ephesian letter in the canon of our Christian scriptures even while we acknowledge the archaic geocentric cosmology that underlies its claims about the cosmic Christ and reject its accommodation to the patriarchal misogynistic and slaveholding norms of its first century culture Throughout this reading of Ephesians we look to Chinese Buddhist master Zhiyi and his threefold truth to enhance our understanding of trinity and the nascent trinitarian

themes within this letter As a whole this work constitutes a new appreciation for Ephesians as well as a twenty first century apologetic for doctrinal humility and for theologizing within a global theological commons
