Shvets, Ksenia Yuaeva**

Recent Political Economy:

The American Political Economy Jacob S. Hacker, Alexander Hertel-Fernandez, Paul Pierson, Kathleen Thelen, 2021-11-11 Drawing together leading scholars the book provides a revealing new map of the US political economy in cross national perspective

New Perspectives on Political Economy and Its History Maria Cristina Marcuzzo, Ghislain Deleplace, Paolo Paesani, 2020-05-13 This Festschrift is published in honour of Annalisa Rosselli a political economist and historian of economic thought whose academic activity has promoted unconventional ways of thinking throughout her career A renowned list of scholars articulate and respond to this vision through a series of essays leading to an advocacy of pluralism and critical thinking in political economy The book is split into five parts opening with a section on new topics for the history of economic thought including new perspectives in gender studies and an illustration of the fecundity of the link with economic history This is followed by sections that address relevant perspectives on the Classical approach to distribution and accumulation Ricardo interpretation of Sraffa and the legacy of Keynes This book will appeal to students interested in reforming economics as well as academics and economists interested in political economy and the history of economic thought

Political Economy, Growth, and Business Cycles Alex Cukierman, Zvi Hercowitz, Leonardo Leiderman, 1992 These original contributions by some of today's leading macroeconomists and political economists explore a broad spectrum of social political and technological variables that encourage or impede economic growth What political and economic factors stimulate growth and make an economy expand These original contributions by some of today's leading macroeconomists and political economists explore a broad spectrum of social political and technological variables that encourage or impede economic growth Topics range from economic reform and price flexibility to the economic effects of political coups and include both theoretical analysis and empirical results During the past decade economists have seen important new developments linking growth and business cycles to government policy These contributions provide a clear understanding of these processes and their effect in shaping economic policy They look at the welfare side of economics and offer strong economic models to explain the connection between social policies and economic growth For example John Londregan and Keith Poole address the economic effects of political coups Torsten Persson and Guido Tabellini explore the question of whether inequality is harmful for growth and Stephen Parente and Edward Prescott look at the role of technology adoption in stimulating growth The essays cover a wide range of approaches Several focus on the interaction between growth and the choice of policy where policy reacts to economic and distributional considerations through a majority rule process Others take the policy as given and focus on the empirical estimation of the speed of convergence of rates of growth across states and regions and the importance of externalities and knowledge spillovers for rates of growth Essays about the business cycle fall into two broad categories One arising from the new political economy tradition examines the effects of elections and price decontrols on the business cycle The other explores the implications of optimal economic policies in a

representative agent framework for the cyclical behavior of the economy The Political Economy of the New Deal Jim F. Couch, William F. Shughart, 1998 This work examining the origins of the modern American welfare state from a public choice perspective looks at the uneven distribution of federal emergency relief spending during the Great Depression It suggests political motivation on Roosevelt's part not concern for the unemployed *The Political Economy of Reform* Federico Sturzenegger, Mariano Tommasi, 1998 In this book Federico Sturzenegger and Mariano Tommasi propose formal models to answer some of the questions raised by the recent reform experience of many Latin American and eastern European countries **Political Economy in Macroeconomics** Allan Drazen, 2002-01-15 Allan Drazen focuses on the implications of political and economic outcomes rather than political and public choice per se limiting his coverage to macroeconomics

Transnational Private Governance and its Limits Jean-Christophe Graz, Andreas Nölke, 2007-09-12 This volume explores a variety of forms of transnational private governance where non state actors cooperate across borders to establish rules and standards accepted as legitimate by other agents Transnational private governance is a core feature of the devolution of power that we observe in the global realm and that is bringing about new forms of authority Transnational Private Governance provides theoretically and empirically informed insights into the interactions between states and non state actors including domains beyond intergovernmental organizations conventional non governmental organizations and multinational enterprises covering a wide range of arrangements from highly formal devolutions of power to lax and informal platforms of interaction between private actors Contributing to the latest generation of globalization studies the authors consider the relationship between states and markets as closely integrated and seek to broaden the scope of enquiry by including new patterns and agents of change on a transnational basis This book will be of great interest to researchers and students of political science international political economy economics business studies globalisation and law **The New Political Economy of Greece up to 2030** Panagiotis E. Petrakis, 2020-10-31 This book not only analyzes and evaluates the current state of economic growth and development in Greece but also investigates the potential for growth and development in the mid to long term horizon This book presents a unique theoretical framework drawing on structural elements of political economy such as institutions cultural background and the complex nature of politics and political power as well as neoclassical economics and behavioral economics The first part of the book introduces readers to some key concepts of normative analysis from a theoretical and methodological perspective presents the relation between theory and policy placing the Greek economy within the framework of the Eurozone and provides the political economy of integrated growth and development in Greek economy The second part of the book describes the current condition of Greece in the global economy and attempts to detect the major social economic and political trends that will prevail in the Greek society while pointing the challenges that the Greek economy will face across the coming decade by taking into account the Covid 19 crisis The third part of the book provides an overview of growth and development theory as specifically applied to Greece focusing

on the endogenous forces driving the economy and portrays how the 2008 financial crisis and the crisis of Covid 19 transformed the framework of Greek growth and development policy to the ground of a new consolidated situation of low growth low inflation and low employment in the case of Greek economy

The Political Economy of Populism Petar Stankov, 2020-07-21 The Political Economy of Populism explores the interplay between identity the economy and inequality to explain the dynamics of populist votes since the beginning of the 20th century The book discusses the political and economic implications of populist governance using data on populist incumbencies and linking it to historical data on the macro economy and democracy Chapters draw from the most recent political science economics and other social science literature as well as historical data to explain the long term causes and consequences of populism Populism emerges and gains traction when political entrepreneurs exploit underlying identity conflicts for political gains As the distributional consequences of both economic distress and economic growth typically favor the elite over the poor and the lower middle class economic shocks usually sharpen the underlying identity conflicts between the groups The book provides evidence of significant differences in the ways fiscal and monetary policies are conducted by incumbent populists in Latin America Europe and the OECD The work concludes by suggesting avenues through which a 21st century social consensus can be built so that our society can avoid repeating the mistakes that led to wars and failed economic experiments in the 20th century The Political Economy of Populism marks a significant contribution to the study of populism and is suited to students and scholars across the social sciences including economics political science and sociology

The New Political Economy of Russia Erik Berglof, Andrei Kunov, Julia Shvets, Ksenia Yuaeva, 2003-06-06 An analysis of the challenges facing Russia s economy ten years after the transition based on recent research and data Can Russia s recent burst of economic growth be sustained Taking a comprehensive look at the economic and political regime shift from Yeltsin to Putin this book explores the key challenges facing the Russian economy to narrow the productivity gap between Russian and Western firms and industries to attract more domestic and foreign investment and underlying these goals to implement the judicial administrative social and banking reforms necessary to future growth Written by a team of researchers from the Center for Economic and Financial Research a Moscow based independent think tank the book draws on a wealth of new research and data The authors emphasize the need to strengthen the protection of property rights restructure the banking sector and reduce government officials powers to intervene arbitrarily in private businesses They also stress the importance of enhancing human capital through educational reform and by reducing barriers to citizens geographical and sectoral mobility Considering political institutions the authors examine the promise and risks of the centralization of power around President Putin Finally they discuss the likely impact of Russia s greater integration into the world economy notably through its potential membership in the World Trade Organization

The Political Economy: Readings in the Politics and Economics of American Public Policy Thomas Ferguson, Joel Rogers, 2021-02-14 The Political Economy is ideally suited as a supplementary text for courses

in American government and politics policy studies business government relations and economic issues and policy making It integrates selections from the very finest new and classical works of political and economic analysis by distinguished scholars into a comprehensive overview of the American political system

The New Political Economy of Urban Education

Pauline Lipman, 2013-05-13 Urban education and its contexts have changed in powerful ways Old paradigms are being eclipsed by global forces of privatization and markets and new articulations of race class and urban space These factors and more set the stage for Pauline Lipman's insightful analysis of the relationship between education policy and the neoliberal economic political and ideological processes that are reshaping cities in the United States and around the globe Using Chicago as a case study of the interconnectedness of neoliberal urban policies on housing economic development race and education Lipman explores larger implications for equity justice and the right to the city She draws on scholarship in critical geography urban sociology and anthropology education policy and critical analyses of race Her synthesis of these lenses gives added weight to her critical appraisal and hope for the future offering a significant contribution to current arguments about urban schooling and how we think about relations between neoliberal education reforms and the transformation of cities By examining the cultural politics of why and how these relationships resonate with people's lived experience Lipman pushes the analysis one step further toward a new educational and social paradigm rooted in radical political and economic democracy

The Political Economy of Local Government

Brian Dollery, Joe L. Wallis, 2001-01-01 A study of local government policy formulation drawing on developments in economics such as new institutional economics and advances in the theories of social capital and leadership The authors also examine rival minimalist and activist approaches to local government reform

Modern Political Economy

Jeffrey S. Banks, Eric Alan Hanushek, 1995-08-25 Political economy has been an essential realm of inquiry and has attracted myriad intellectual adherents for much of the period of modern scholarship The discipline's formal split into the distinct studies of political science and economics in the nineteenth century while advantageous for certain scientific developments has biased the way economists and political scientists think about many issues and has placed artificial constraints on the study of many important social issues This volume calls for a reaffirmation of the importance of the unified study of political economy and explores the frontiers of the interaction between politics and markets This volume brings together intellectual leaders of various areas drawing upon state of the art theoretical and empirical analysis from each of the underlying disciplines Each chapter while beginning with a survey of existing work focuses on profitable lines of inquiry for future developments Particular attention is devoted to fields of active current development

Global Political Economy

Robert G. Gilpin, 2011-08-29 This book is the eagerly awaited successor to Robert Gilpin's 1987 *The Political Economy of International Relations* the classic statement of the field of international political economy that continues to command the attention of students researchers and policymakers The world economy and political system have changed dramatically since the 1987 book was published The end of the Cold War has unleashed new

economic and political forces and new regionalisms have emerged Computing power is increasingly an impetus to the world economy and technological developments have changed and are changing almost every aspect of contemporary economic affairs Gilpin's Global Political Economy considers each of these developments Reflecting a lifetime of scholarship it offers a masterful survey of the approaches that have been used to understand international economic relations and the problems faced in the new economy Gilpin focuses on the powerful economic political and technological forces that have transformed the world He gives particular attention to economic globalization its real and alleged implications for economic affairs and the degree to which its nature extent and significance have been exaggerated and misunderstood Moreover he demonstrates that national policies and domestic economies remain the most critical determinants of economic affairs The book also stresses the importance of economic regionalism multinational corporations and financial upheavals Gilpin integrates economic and political analysis in his discussion of global political economy He employs the conventional theory of international trade insights from the theory of industrial organization and endogenous growth theory In addition ideas from political science history and other disciplines are employed to enrich understanding of the new international economic order This wide ranging book is destined to become a landmark in the field

Understanding India's New Political Economy

Sanjay Ruparelia, Sanjay Reddy, John Harriss, Stuart Corbridge, 2011-03-09 A number of large scale transformations have shaped the economy polity and society of India over the past quarter century This book provides a detailed account of three that are of particular importance the advent of liberal economic reform the ascendance of Hindu cultural nationalism and the empowerment of historically subordinate classes through popular democratic mobilizations Filling a gap in existing literature the book goes beyond looking at the transformations in isolation managing to Explain the empirical linkages between these three phenomena Provide an account that integrates the insights of separate disciplinary perspectives Explain their distinct but possibly related causes and the likely consequences of these central transformations taken together By seeking to explain the causal relationships between these central transformations through a coordinated conversation across different disciplines the dynamics of India's new political economy are captured Chapters focus on the political economic and social aspects of India in their current and historical context The contributors use new empirical research to discuss how India's multidimensional story of economic growth social welfare and democratic deepening is likely to develop This is an essential text for students and researchers of India's political economy and the growth economies of Asia

The Political Economy of Eastern Europe 30 years into the 'Transition' Agnes Gagy, Ondřej Slačálek, 2021-10-11

Frontiers of Political Economy Guglielmo Carchedi, 1991 Transcending the arid formalism of present day economic theory Frontiers of Political Economy develops a new and accessible perspective on the world economy Guglielmo Carchedi identifies and analyses three key features of modern capitalism the rapidly increasing share of human labour needed for the advancement of science and technology rather than for the production of goods the global rather than national nature of production distribution and

consumption and the dominance of the oligopolies This analysis enables Carchedi to explore new theoretical frontiers from an original theory of mental and material labour to an investigation of the conditions under which mental labour produces value from an assessment of the class structure of modern capitalism to an appraisal of the social content of science and technology from an alternative account of crises inflation and stagflation to a study of their relation to the destruction of value and to arms production He also cast fresh light on a number of basic contemporary issues including the present financial and monetary crisis and surveys the most important recent controversies in language accessible to non specialists Rigorous and wide ranging but written with great lucidity *Frontiers of Political Economy* is an essential book for both specialists and students in economics and politics

The American Political Economy Douglas A. HIBBS, Douglas A Hibbs, 2009-06-30 Here is the most comprehensive and authoritative work to date on relationships between the economy and politics in the years from Eisenhower through Reagan Extending and deepening his earlier work which had major impact in both political science and economics Douglas Hibbs traces the patterns in and sources of postwar growth unemployment and inflation He identifies which groups win and lose from inflations and recessions He also shows how voters perceptions and reactions to economic events affect the electoral fortunes of political parties and presidents Hibbs s analyses demonstrate that political officials in a democratic society ignore the economic interests and demands of their constituents at their peril because episodes of prosperity and austerity frequently have critical influence on voters behavior at the polls The consequences of Eisenhower s last recession of Ford s unwillingness to stimulate the economy of Carter s stalled recovery were electorally fatal whereas Johnson s Nixon s and Reagan s successes in presiding over rising employment and real incomes helped win elections The book develops a major theory of macroeconomic policy action that explains why priority is given to growth unemployment inflation and income distribution shifts with changes in partisan control of the White House The analysis shows how such policy priorities conform to the underlying economic interests and preferences of the governing party s core political supporters Throughout the study Hibbs is careful to take account of domestic institutional arrangements and international economic events that constrain domestic policy effectiveness and influence domestic economic outcomes Hibbs s interdisciplinary approach yields more rigorous and more persuasive characterizations of the American political economy than either purely economic apolitical analyses or purely partisan politicized accounts His book provides a useful benchmark for the advocacy of new policies for the 1990s a handy volume for politicians and their staffs as well as for students and teachers of politics and economics

The New Political Economy of Southeast Asia Rajah Rasiah, 2013 This well researched book examines the dramatic transformation of Southeast Asian countries from agricultural and mining economies to industrial nations In doing so it explores the effects of development policy on a number of interdisciplinary issues and the emergence of new social and political pressures created by industrialization These include their heightened vulnerability to complex economic crises their use of sophisticated instruments in the labour process and

increased awareness of environmental issues The distinguished authors present a regional and cross border focus on transnational actors and institutions and the policy issues and problems which have a wider impact on spatial configurations in the region This insightful study will appeal to researchers academics and policymakers working on the economics and development of Southeast Asia

Thank you categorically much for downloading **Recent Political Economy**. Maybe you have knowledge that, people have seen numerous periods for their favorite books bearing in mind this Recent Political Economy, but end up in harmful downloads.

Rather than enjoying a good PDF behind a mug of coffee in the afternoon, instead they juggled past some harmful virus inside their computer. **Recent Political Economy** is handy in our digital library an online right of entry to it is set as public correspondingly you can download it instantly. Our digital library saves in multiple countries, allowing you to get the most less latency time to download any of our books considering this one.
