Recent History

Joseph L. Locke, Ben Wright

Recent History:

Very Recent History Choire Sicha, 2013-08-06 *Very Recent History* by Choire Sicha is an idiosyncratic and elegant narrative that follows a handful of young men in New York City as they navigate the ruins of money and power in search of love and connection After the Wall Street crash of 2008 the richest man in town is the mayor Billionaires shed apartments like last season's fashions even as the country's economy turns inside out The young and careless go on as they always have getting laid and getting laid off falling in and out of love and trying to navigate the strange world they traffic in the Internet complex financial markets credit cards pop stars micro plane cheese graters and sex apps A true life fable of money sex and politics Choire Sicha's *Very Recent History* An Entirely Factual Account of a Year c AD 2009 in a Large City turns our focus to a year in the life of a great city

Doing Recent History Claire Bond Potter, Renee C. Romano, 2012-04-25 *Recent history* the very phrase seems like an oxymoron Yet historians have been writing accounts of the recent past since printed history acquired a modern audience and in the last several years interest in recent topics has grown exponentially With subjects as diverse as Walmart and disco and personalities as disparate as Chavez and Schlafly books about the history of our own time have become arguably the most exciting and talked about part of the discipline Despite this rich tradition and growing popularity historians have engaged in little discussion about the specific methodological political and ethical issues related to writing about the recent past The twelve essays in this collection explore the challenges of writing histories of recent events where visibility is inherently imperfect hindsight and perspective are lacking and historiography is underdeveloped Those who write about events that have taken place since 1970 encounter exciting challenges that are both familiar and foreign to scholars of a more distant past including suspicions that their research is not historical enough negotiation with living witnesses who have a very strong stake in their own representation and the task of working with new electronic sources Contributors to this collection consider a wide range of these challenges They question how sources like television and video games can be better utilized in historical research explore the role and regulation of doing oral histories consider the ethics of writing about living subjects discuss how historians can best navigate questions of privacy and copyright law and imagine the possibilities that new technologies offer for creating transnational and translingual research opportunities *Doing Recent History* offers guidance and insight to any researcher considering tackling the not so distant past

Current History Anonymous, 2021-09-09 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public To ensure a quality reading experience this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy to read typeface We appreciate

your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant *A People's History of the United States* Howard Zinn,2003-04-01 Presents the history of the United States from the point of view of those who were exploited in the name of American progress *Manchuria: its people, resources and recent history* sir Alexander Hosie,1901 **Approaching Recent World History Through Film** Scott C.M.

Bailey,2021-05-06 *Approaching Recent World History Through Film* Context Analysis and Research explores the relationships between twentieth century world history and film by providing analysis of a diverse range of films organized by global history topics including war and conflict decolonization political economy and long distance travel This insightful text describes how to analyze films as original historical sources and how to carry out research projects using films The text provides guidance on the types of world history films their conventions and how to analyze the historical arguments in movies Scott C M Bailey incorporates in depth discussions of the historical content and context of a wide range of international films connected with important twentieth century global history topics The book also offers many prompts for discussion historical timelines and suggestions for further reading and viewing as well as instructions on how to construct research papers and projects which employ the use of films as historical sources This book will be of interest to students in world history and film history courses

Teaching Recent Global History Diana B. Turk,Laura J. Dull,Robert Cohen,Michael R. Stoll,2014-03-05 *Teaching Recent Global History* explores innovative ways to teach world history beginning with the early 20th century The authors unique approach unites historians social studies teachers and educational curriculum specialists to offer historically rich pedagogically innovative and academically rigorous lessons that help students connect with and deeply understand key events and trends in recent global history Highlighting the best scholarship for each major continent the text explores the ways that this scholarship can be adapted by teachers in the classroom in order to engage and inspire students Each of the eight main chapters highlights a particularly important event or theme which is then complemented by a detailed discussion of a particular methodological approach Key features include An overarching narrative that helps readers address historical arguments Relevant primary documents or artifacts plus a discussion of a particular historical method well suited to teaching about them Lesson plans suitable for both middle and secondary level classrooms Document based questions and short bibliographies for further research on the topic This invaluable book is ideal for any aspiring or current teacher who wants to think critically about how to teach world history and make historical discussions come alive for students *Applied History and Contemporary Policymaking* Robert Crowcroft,2022-10-06 Robert Crowcroft has assembled a world class international cast of outstanding scholars and international figures to produce a stimulating collection of essays on applied history and policy making With contributors such as Philip Bobbitt Margaret MacMillan and Jeremy Black this collection of essays addresses some of the most important geopolitical challenges confronting the world today From reconstructing collapsed political regimes to security competition in the China Seas and the evolution of Salafi Jihadi ideology it explores a range of

statecraft policy and strategy The essays span a number of policy areas and historical problems tackling important questions about what historians do and should do and considering the nature and limits of historical judgement With some examining how applied history can be used to rethink contemporary challenges others explore how it has been used and abused in the past Making a splash in intellectual debate by making a definitive case for Applied History this book demonstrates that a knowledge of the past and the insight it provides is imperative to effective statecraft

The Orators and Their Treatment of the Recent Past Aggelos Kapellos, 2022-12-05 This volume focuses on the representation of the recent past in classical Athenian oratory and investigates the ability of the orators to interpret it according to their interests the inability of the Athenians to make an objective assessment of it and the unwillingness of the citizens to hear the truth make self criticism and take responsibility for bad results Twenty eight scholars have written chapters to this end dealing with a wide range of themes in terms both of contents and of chronology from the fifth to the fourth century B C Each contributor has written a chapter that analyzes one or more historical events mentioned or alluded in the corpus of the Attic orators and covers the three species of Attic oratory Chapters that treat other issues collectively are also included The common feature of each contribution is an outline of the recent events that took place and influenced the citizens and or the city of Athens and its juxtaposition with their rhetorical treatment by the orators either by comparing the rhetorical texts with the historical sources and or by examining the rhetorical means through which the speakers model the recent past This book aims at advanced students and professional scholars This volume focuses on the representation of the recent past in classical Athenian oratory and investigates the ability of the orators to interpret it according to their interests the inability of the Athenians to make an objective assessment of persons and events of the recent past and their unwillingness to hear the truth make self criticism and take responsibility for bad results

Future Lawrence R. Samuel, 2009-12-03 The history of our attitudes toward the possibilities of tomorrow A fascinating trek through American future visions from the 1920s to the present Lori C Walters Ph D University of Central Florida The future is not a fixed idea but a highly variable one that reflects the values of those who are imagining it By studying the ways that visionaries imagined the future particularly that of America in the past century much can be learned about the cultural dynamics of the times In this social history Lawrence R Samuel examines the future visions of intellectuals artists scientists businesspeople and others to tell a chronological story about the history of the future in the past century He defines six separate eras of future narratives from 1920 to the present day and argues that the milestones reached during these years especially related to air and space travel atomic and nuclear weapons the women s and civil rights movements and the advent of biological and genetic engineering sparked the possibilities of tomorrow in the public s imagination and helped make the twentieth century the first century to be significantly more about the future than the past The idea of the future grew both in volume and importance as it rode the technological wave into the new millennium and the author tracks the process by which most people to some degree have

now become futurists as the need to anticipate tomorrow accelerates *Fault Lines* Kevin M Kruse, Julian E Zelizer, 2025-04-22 A gripping and troubling account of the origins of our turbulent times Jill Lepore author of *These Truths* A History of the United States *What is Gender History?* Sonya O. Rose, 2013-04-22 This book provides a short and accessible introduction to the field of gender history one that has vastly expanded in scope and substance since the mid 1970s Paying close attention to both classic texts in the field and the latest literature the author examines the origins and development of the field and elucidates current debates and controversies She highlights the significance of race class and ethnicity for how gender affects society culture and politics as well as delving into histories of masculinity The author discusses in a clear and straightforward manner the various methods and approaches used by gender historians Consideration is given to how the study of gender illuminates the histories of revolution war and nationalism industrialization and labor relations politics and citizenship colonialism and imperialism using as examples research dealing with the histories of a number of areas across the globe Written by one of the leading scholars in this vibrant field *What is Gender History* will be the ideal introduction for students of all levels **The Cyclopedic Review of Current History**, 1903 *A (Very) Short History of Life on Earth* Henry Gee, 2021-11-09 The Royal Society's Science Book of the Year A n exuberant romp through evolution like a modern day Willy Wonka of genetic space Gee's grand tour enthusiastically details the narrative underlying life's erratic and often whimsical exploration of biological form and function Adrian Woolfson The Washington Post In the tradition of Richard Dawkins Bill Bryson and Simon Winchester An entertaining and uniquely informed narration of Life's life story In the beginning Earth was an inhospitably alien place in constant chemical flux covered with churning seas crafting its landscape through incessant volcanic eruptions Amid all this tumult and disaster life began The earliest living things were no more than membranes stretched across microscopic gaps in rocks where boiling hot jets of mineral rich water gushed out from cracks in the ocean floor Although these membranes were leaky the environment within them became different from the raging maelstrom beyond These havens of order slowly refined the generation of energy using it to form membrane bound bubbles that were mostly faithful copies of their parents a foamy lather of soap bubble cells standing as tiny clenched fists defiant against the lifeless world Life on this planet has continued in much the same way for millennia adapting to literally every conceivable setback that living organisms could encounter and thriving from these humblest beginnings to the thrilling and unlikely story of ourselves In *A Very Short History of Life on Earth* Henry Gee zips through the last 4.6 billion years with infectious enthusiasm and intellectual rigor Drawing on the very latest scientific understanding and writing in a clear accessible style he tells an enlightening tale of survival and persistence that illuminates the delicate balance within which life has always existed *The American Yawp* Joseph L. Locke, Ben Wright, 2019-01-22 I too am not a bit tamed I too am untranslatable I sound my barbaric yawp over the roofs of the world Walt Whitman *Song of Myself* *Leaves of Grass* The American Yawp is a free online collaboratively built American history textbook Over 300 historians joined together to create

the book they wanted for their own students an accessible synthetic narrative that reflects the best of recent historical scholarship and provides a jumping off point for discussions in the U S history classroom and beyond Long before Whitman and long after Americans have sung something collectively amid the deafening roar of their many individual voices The Yawp highlights the dynamism and conflict inherent in the history of the United States while also looking for the common threads that help us make sense of the past Without losing sight of politics and power The American Yawp incorporates transnational perspectives integrates diverse voices recovers narratives of resistance and explores the complex process of cultural creation It looks for America in crowded slave cabins bustling markets congested tenements and marbled halls It navigates between maternity wards prisons streets bars and boardrooms The fully peer reviewed edition of The American Yawp will be available in two print volumes designed for the U S history survey Volume I begins with the indigenous people who called the Americas home before chronicling the collision of Native Americans Europeans and Africans The American Yawp traces the development of colonial society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery the American Revolution and the new nation s development and rebirth through the Civil War and Reconstruction Rather than asserting a fixed narrative of American progress The American Yawp gives students a starting point for asking their own questions about how the past informs the problems and opportunities that we confront today

The Oxford Handbook of the History of Medicine Mark Jackson, 2011-08-25 In three sections the Oxford Handbook of the History of Medicine celebrates the richness and variety of medical history around the world It explore medical developments and trends in writing history according to period place and theme

Losing Earth Nathaniel Rich, 2020-03-05 By 1979 we knew all that we know now about the science of climate change what was happening why it was happening and how to stop it Over the next ten years we had the very real opportunity to stop it Obviously we failed Here s a book about it

A Guide to the Study and Use of Military History John E. Jessup, Robert W. Coakley, 1979 This Guide to the Study and Use of Military History is designed to foster an appreciation of the value of military history and explain its uses and the resources available for its study It is not a work to be read and lightly tossed aside but one the career soldier should read again or use as a reference at those times during his career when necessity or leisure turns him to the contemplation of the military past

A History of Solitude David Vincent, 2020-05-06 Solitude has always had an ambivalent status the capacity to enjoy being alone can make sociability bearable but those predisposed to solitude are often viewed with suspicion or pity Drawing on a wide array of literary and historical sources David Vincent explores how people have conducted themselves in the absence of company over the last three centuries He argues that the ambivalent nature of solitude became a prominent concern in the modern era For intellectuals in the romantic age solitude gave respite to citizens living in ever more complex modern societies But while the search for solitude was seen as a symptom of modern life it was also viewed as a dangerous pathology a perceived renunciation of the world which could lead to psychological disorder and anti social behaviour Vincent explores

the successive attempts of religious authorities and political institutions to manage solitude taking readers from the monastery to the prisoner's cell and explains how western society's increasing secularism urbanization and prosperity led to the development of new solitary pastimes at the same time as it made traditional forms of solitary communion with God and with a pristine nature impossible At the dawn of the digital age solitude has taken on new meanings as physical isolation and intense sociability have become possible as never before With the advent of a so called loneliness epidemic a proper historical understanding of the natural human desire to disengage from the world is more important than ever The first full length account of its subject *A History of Solitude* will appeal to a wide general readership **Affluence and Freedom**

Pierre Charbonnier, 2021-06-22 In this pathbreaking book Pierre Charbonnier opens up a new intellectual terrain an environmental history of political ideas His aim is not to locate the seeds of ecological thought in the history of political ideas as others have done but rather to show that all political ideas whether or not they endorse ecological ideals are informed by a certain conception of our relationship to the Earth and to our environment The fundamental political categories of modernity were founded on the idea that we could improve on nature that we could exert a decisive victory over its excesses and claim unlimited access to earthly resources In this way modern thinkers imagined a political society of free individuals equal and prosperous alongside the development of industry geared towards progress and liberated from the Earth's shackles Yet this pact between democracy and growth has now been called into question by climate change and the environmental crisis It is therefore our duty today to rethink political emancipation bearing in mind that this can no longer draw on the prospect of infinite growth promised by industrial capitalism Ecology must draw on the power harnessed by nineteenth century socialism to respond to the massive impact of industrialization but it must also rethink the imperative to offer protection to society by taking account of the solidarity of social groups and their conditions in a world transformed by climate change This timely and original work of social and political theory will be of interest to a wide readership in politics sociology environmental studies and the social sciences and humanities generally

Recent History Introduction

In the digital age, access to information has become easier than ever before. The ability to download Recent History has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Recent History has opened up a world of possibilities. Downloading Recent History provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Recent History has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Recent History. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Recent History. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Recent History, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Recent History has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Recent History Books

What is a Recent History PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Recent History PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Recent History PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Recent History PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Recent History PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
