Reading in the Wild Donalyn Miller, 2013-11-04 In *Reading in the Wild* reading expert Donalyn Miller continues the conversation that began in her bestselling book *The Book Whisperer*. While *The Book Whisperer* revealed the secrets of getting students to love reading, *Reading in the Wild* written with reading teacher Susan Kelley describes how to truly instill lifelong wild reading habits in our students. Based in part on survey responses from adult readers as well as students, *Reading in the Wild* offers solid advice and strategies on how to develop, encourage, and assess five key reading habits that cultivate a lifelong love of reading. Also included are strategies, lesson plans, management tools, and comprehensive lists of recommended books. Copublished with Editorial Projects in Education, publisher of *Education Week* and *Teacher* magazine, *Reading in the Wild* is packed with ideas for helping students build capacity for a lifetime of wild reading. When the thrill of choice reading starts to fade, it's time to grab *Reading in the Wild*. This treasure trove of resources and management techniques will enhance and improve existing classroom systems and structures. Cris Tovani, secondary teacher, Cherry Creek School District, Colorado, consultant and author of *Do I Really Have to Teach Reading?* With *Reading in the Wild*, Donalyn Miller gives educators another important book. She reminds us that creating lifelong readers goes far beyond the first step of putting good books into kids' hands. Franki Sibberson, third grade teacher, Dublin City Schools, Dublin, Ohio, and author of *Beyond Leveled Books*, *Reading in the Wild* along with the now legendary *The Book Whisperer* constitutes the complete guide to creating a stimulating literature program that also gets students excited about pleasure reading, the kind of reading that best prepares students for understanding demanding academic texts. In other words, Donalyn Miller has solved one of the central problems in language education. Stephen Krashen, professor emeritus, University of Southern California. *The FastDiet Cookbook* Mimi Spencer, Sarah Schenker, 2013-07-02 The indispensable companion to the #1 New York Times bestselling diet book, *the FastDiet* became an instant international bestseller with a powerful life-changing message: it's possible to lose weight and reduce your risk of diabetes, cardiovascular disease, and cancer all while eating what you would normally eat five days a week. You simply cut your caloric intake two days a week to 500 calories for women, 600 for men. But as *FastDiet* author Dr. Michael Mosley says, "It's not really fasting. It's just a break from your normal routine." This fabulous new cookbook offers 150 carefully crafted nutritious low-calorie recipes to enable you to incorporate the *FastDiet* into your daily life. Ranging from simple breakfasts to leisurely suppers, the recipes are all expertly balanced and calorie counted by *FastDiet* coauthor Mimi Spencer, a devotee of the diet herself, and nutritionist Dr. Sarah Schenker. From soups to meat dishes to delicious fish-based meals, the recipes are designed to fill you up and stave off hunger even though none is over 500 calories. There are also detailed menu plans and plenty of encouraging tips, including kitchen cupboard essentials, the latest nutritional advice, and a whole section

of speedy meals for busy days With an introduction to the diet itself detailing its many scientifically backed health benefits and the transformative results achieved by hundreds of thousands of readers this book is an essential follow up companion guide to the FastDiet With the FastDiet Cookbook you will never have to worry about planning your fast days again
