Manager Alison Green,2018-05-01 I m a HUGE fan of Alison Green s Ask a Manager column This book is even better Robert Sutton author of The No Asshole Rule and The Asshole Survival Guide Ask A Manager is the book I wish I d had in my desk drawer when I was starting out or even let s be honest fifteen years in Sarah Knight New York Times bestselling author of The Life Changing Magic of Not Giving a F ck A witty practical guide to navigating 200 difficult professional conversations Ten years as a workplace advice columnist has taught Alison Green that people avoid awkward conversations in the office because they don t know what to say Thankfully Alison does In this incredibly helpful book she takes on the tough discussions you may need to have during your career You ll learn what to say when colleagues push their work on you then take credit for it you accidentally trash talk someone in an email and hit reply all you re being micromanaged or not being managed at all your boss seems unhappy with your work you got too drunk at the Christmas party With sharp sage advice and candid letters from real life readers Ask a Manager will help you successfully navigate the stormy seas of office life People Buy

You Jeb Blount,2010-06-21 The ultimate guide to relationships influence and persuasion in 21st century business What is most important to your success as a sales or business professional Is it education experience product knowledge job title territory or business dress Is it your company s reputation product price marketing collateral delivery lead times in stock ratios service guarantees management strength or warehouse location Is it testimonials the latest Forbes write up or brand awareness Is it the investment in the latest CRM software business 2 0 tools or social media strategy You could hire a fancy consulting firm make the list longer add some bullet points put it into a PowerPoint presentation and go through the whole dog and pony show But at the end of the day there will be only one conclusion None of the above You see the most important competitive edge for today s business professionals cannot be found on this list your resume or in any of your company s marketing brochures If you want to know the real secret to what matters most in business just look in the mirror That s right it s YOU Do these other things matter Of course they do but when all things are equal and in the competitive world we live in today things almost always are People Buy You Your ability to build lasting business relationships that allow you to close more deals retain clients increase your income and advance your career to rise the top of your company or industry depends on your skills for getting other people to like you trust you and BUY YOU This break through book pushes past the typical focus on mechanics and stale processes found in so many of today s sales and business books and goes right to the heart of what matters most in 21st century business Offering a straight forward actionable formula for creating instant connections

with prospects and customers People Buy You will enable you to achieve a whole new level of success in your sales and business career You ll discover Three relationship myths that are holding you back Five levers that open the door to stronger relationships that quickly increase sales improve retention increase profits and advance your career The real secret to making instant emotional connections that eliminate objections and move buyers to reveal their real problems and needs How to anchor your business relationships and create loyal customers who will never leave you for a competitor How to build your personal brand to improve your professional presence and stand out in the market place People Buy You is the new standard in the art of influence and persuasion Few books have tackled the subject of interpersonal relationships in the business world in such a practical and down to earth manner breaking what many perceive as a complex and frustrating process into easy actionable steps that anyone can follow

Good to Great Jim Collins, 2001-10-16 The Challenge Built to Last the defining management study of the nineties showed how great companies triumph over time and how long term sustained performance can be engineered into the DNA of an enterprise from the very beginning But what about the company that is not born with great DNA How can good companies mediocre companies even bad companies achieve enduring greatness The Study For years this question preyed on the mind of Jim Collins Are there companies that defy gravity and convert long term mediocrity or worse into long term superiority And if so what are the universal distinguishing characteristics that cause a company to go from good to great The Standards Using tough benchmarks Collins and his research team identified a set of elite companies that made the leap to great results and sustained those results for at least fifteen years How great After the leap the good to great companies generated cumulative stock returns that beat the general stock market by an average of seven times in fifteen years better than twice the results delivered by a composite index of the world s greatest companies including Coca Cola Intel General Electric and Merck The Comparisons The research team contrasted the good to great companies with a carefully selected set of comparison companies that failed to make the leap from good to great What was different Why did one set of companies become truly great performers while the other set remained only good Over five years the team analyzed the histories of all twenty eight companies in the study After sifting through mountains of data and thousands of pages of interviews Collins and his crew discovered the key determinants of greatness why some companies make the leap and others don t The Findings The findings of the Good to Great study will surprise many readers and shed light on virtually every area of management strategy and practice The findings include Level 5 Leaders The research team was shocked to discover the type of leadership required to achieve greatness The Hedgehog Concept Simplicity within the Three Circles To go from good to great requires transcending the curse of competence A Culture of Discipline When you combine a culture of discipline with an ethic of entrepreneurship you get the magical alchemy of great results Technology Accelerators Good to great companies think differently about the role of technology The Flywheel and the Doom Loop Those who launch radical change programs and wrenching restructurings will almost certainly fail to

make the leap Some of the key concepts discerned in the study comments Jim Collins fly in the face of our modern business culture and will quite frankly upset some people Perhaps but who can afford to ignore these findings **Real People, Real Faith** Cindy Halvorson,2022-02-15 The characters in Scripture are often portrayed as one dimensional as caricatures instead of human beings with real needs authentic pain and compelling fears When their problems are viewed as one dimensional so is their faith Approaching biblical characters in this way can inhibit listeners ability to hear the biblical witness as relevant to their own lives and can minimize the impact of Scripture on their faith journey Real People Real Faith provides practical tools to portray biblical characters as multidimensional human beings who encountered and journeyed with God Placing high value on historical cultural and scriptural contexts Cindy Halvorson demonstrates techniques for generating holistic characters particularly by exploring archetypical human reactions and spiritual longings She shows how the preacher can use this method to reimagine the biblical characters present figures with whom listeners relate and empathize and draw portraits of real people whose relationship with God is in many ways like listeners own people with whom they may sojourn and grow When listeners are touched by a biblical character s story and shown how their relationship with God was transformed they too may experience the Divine s love and care for them Business in Blue Jeans Susan Baroncini-Moe,2013-06-04 The world no longer defines successful businesspeople by their suit and ties Today we live in a world where any entrepreneur can create a successful profitable enjoyable business in whatever style suits him or her the best And hey if putting on a suit and heading for your corporate office is what works best for you that s great But if throwing on your favorite pair of blue jeans and heading for the beach works better that s cool too In Business in Blue Jeans How to Have a Successful Business on Your Own Terms in Your Own Style you ll learn how to create and grow a business that works for you More than just a how to guide Business in Blue Jeans contains actionable practical that show you how to Break through the brain junk that s been getting in your way to starting a business Develop a business idea or hone the one you already have with real potential for success Package your idea to attract the people who want what you have to offer and will pay for it Become visible to your potential customers and clients so that they think of you first Stand head and shoulders above your competitors without spending an extra dime Build a community and network that includes the support and the connections you need drawing people in instead of pushing them away Hire train and manage a team as your business grows so that it s never out of control and so you can hit the beach We live in an ever changing economy and that can make starting and growing a business seem daunting But with the right guidance you too can have successful business that makes everything else that you want in life possible *Small Giants* Bo Burlingham,2007-06-07 It s widely accepted in business that great companies grow their revenues and profits year after year but bigger is not necessarily better In Small Giants journalist Bo Burlingham takes us deep inside fourteen remarkable privately held companies from a brewery to a record label that chose a different path to success These organizations quietly rejected the pressure of endless growth deciding to focus more on satisfying business

goals being the best at what they do creating a stimulating place to work providing perfect customer service and making important contributions to their communities But what are the magic ingredients that make these companies unique Why and how does their approach work in such widely varying industries And what lessons can we learn from them A fresh inspirational guide to business strategy Small Giants will help any entrepreneur consider new directions to make their company great

Real World 101 Autumn McAlpin,2013-05-28 Congratulations graduate You did it You re finally out on your own But as you walk off the stage and into the Real World you re going to need more than a diploma to survive Suddenly for the first time you re facing questions like How do I get a job What do I do with all this laundry What s a major and how do I pick one How do I go grocery shopping And what s for dinner What s a budget anyway and do I need one How do I set up a bank account Where should I live Don t panic help is on the way Author Autumn McAlpin gives you the common sense advice and reassurance you ll need to tackle just about any challenge with style grace and enough humor to make the whole thing fun From cap and gown to total independence Real World 101 is the only graduate guide you ll ever need Autumn McAlpin is a humor and entertainment columnist for the Orange County Register A former high school teacher she knows how unprepared some high school graduates are for the real world and has taken matters into her own hands With her sharp wit and hilarious anecdotes she is a favorite speaker for youth audiences
