Finding Hope Within the Crisis Gary Texter, 2023-09-13 Have you gone through challenging times wondering where to

turn In those difficult times in life God has been my hope As a small boy I learned that God is always with us And I sensed God's presence not only in church but also in the family and later in friendships and marriage Meditating on the scripture The Healing of a Paralytic Luke 5:17-26 I saw myself in the different characters in that scripture during life a Pharisee judging others someone in the crowd observing and listening and many times being one of the men carrying the paralytic on the stretcher During the crises of life I was the paralytic on the stretcher including both figuratively and literally during the largest single crisis of my life my nine month ordeal with COVID 19 going to death's door and back It was others who carried me on that stretcher and I saw God's hope through those that were there to carry me Whether it was the woman I hadn't known before tapping me on the shoulder asking how my mother was doing and telling me she was praying for her to an entire church in Bloomingburg praying for her and many years later for me when I was in the grips of COVID 19 God's hope shines through people I will be eternally grateful to all the women and men in the medical field many of them are in this book and some who I may never know their names They were and continue to be God's vessels of hope for me As are the many who prayed locally around the country and the world With joy upon my return home Dr Gulati my local doctor declared it nothing short of a Christmas miracle

Mystical Activism John C. Robinson, 2020-02-28 In Mystical Activism we each hold the power to change the world right where we are To call these end times is not hyperbole We are in trouble and the signs are everywhere extreme political divisions xenophobic violence enormous wealth inequity poverty and homelessness racism sexism and ageism arms buildups and unending wars and most critical of all terrifying climate disruption associated with man made global warming We are the cause of these dark times Driven by left brain beliefs illusions and obsessions humanity races headlong toward the collapse of civilization Fortunately the solution to these mounting crises also lies in the human psyche arising from a most surprising source the right brain's natural mystical consciousness Our survival depends on whether we grasp and resolve this paradox in time

**Option B** Sheryl Sandberg, Adam Grant, 2017-04-24 In 2015 Sheryl Sandberg s husband Dave Goldberg died suddenly at the age of forty eight Sandberg and her two young children were devastated and she was certain that their lives would never have real joy or meaning again Just weeks later Sandberg was talking with a friend about the first father child activity without a father They came up with a plan for someone to fill in But I want Dave she cried Her friend put his arm around her and said Option A is not available So let s just kick the shit out of Option B Everyone experiences some form of Option B We all deal with loss jobs lost loves lost lives lost The question is not whether these things will happen but how we face them when they do Thoughtful honest revealing and warm OPTION B

weaves Sandberg's experiences coping with adversity with new findings from Adam Grant and other social scientists. The book features stories of people who recovered from personal and professional hardship including illness, injury, divorce, job loss, sexual assault, and imprisonment. These people did more than recover; many of them became stronger. OPTION B offers compelling insights for dealing with hardships in our own lives and helping others in crisis. It turns out that post-traumatic growth is common even after the most devastating experiences; many people don't just bounce back but actually bounce forward. And pre-traumatic growth is also possible: people can build resilience even if they have not experienced tragedy. Sandberg and Grant explore how we can raise strong children, create resilient communities and workplaces, and find meaning, love, and joy in our lives. Dave's death changed me in very profound ways, Sandberg writes. I learned about the depths of sadness and the brutality of loss. But I also learned that when life sucks you under you can kick against the bottom, break the surface, and breathe again. *Congressional Record* United States Congress, 1940
