An Educational Calamity Uche Amaechi, Alysha Banerji, Margaret Wang, 2021-03-27 The Covid 19 pandemic caused major disruptions to education around the world Since the World Health Organization declared a pandemic on March 11 2020 most students on the planet were affected by the interruption of in person schooling To mitigate the educational loss such interruption would cause education authorities the world over created a variety of alternative mechanisms of education delivery They did so quickly and with insufficient knowledge about what would work well for which children and for what aspects of the schooling experience Having to create such alternative arrangements in short order was the ultimate adaptive leadership challenge one for which no playbook existed one for which solutions would have to be invented rather than drawn from existing technical knowledge The nature of the challenge differed across the world and regions and it differed also within countries as a function of the differential public health and economic impact of the pandemic on communities and of variations in institutional and financial resources available to redress such impact including availability of digital infrastructure and previous knowledge and experience of teachers and students with digital pedagogies and other resources to create alternative education delivery systems Sustaining educational opportunities amidst these challenges created by the pandemic was an example of adaptive education response not to a unique unexpected challenge but to one in a larger class of problems just one of the many adaptive conundrums facing communities and societies Beyond the challenges resulting from the pandemic other complications of that sort predating the pandemic included those resulting from poverty inequality social inclusion governance climate change among others In some ways the pandemic served as an accelerant for some of those augmenting their impact or underscoring the urgency of addressing them Adaptive puzzles of this sort including pandemics are likely to continue to impact education systems in the foreseeable future This makes it necessary to strengthen the capacity of education systems to respond to them Reimagining education systems so they are resilient in the face of adaptive challenges is an opportunity to mobilize new talent and institutional resources Partnerships between school systems and universities can contribute to those reimagined and more resilient systems they can enhance the institutional capacity of education systems to devise solutions and to implement them Such partnerships are also an opportunity for universities to be more deliberate in integrating their three core functions of research teaching and outreach in service of addressing significant social challenges in a context in rapid flux In this book we present the results of one approach to produce the integration between research teaching and outreach just described resulting from engaging graduate students in collaborations with school systems for the purpose of helping identify ways to sustain educational opportunity during the disruption caused by the pandemic This activity engaged our students in research and analysis contributing to their education and it engaged them in service to society The book examines what happened to educational opportunity during the Covid 19 pandemic in Bangladesh Belize the municipality of Santa Ana in Costa Rica Guatemala Kenya in the States of

Sinaloa and Quintana Roo in Mexico South Africa United Arab Emirates and in the United States in Richardson Independent School District in Texas It offers an systematic analysis of policy options to sustain educational opportunity during the pandemic

Halvorsen: Sharing Knowledge, Transforming Societi ,2023-01-10 In June 2016 the Norwegian Programme for Capacity Development in Higher Education and Research for Development Norhed hosted a conference on the theme of knowledge for development in an attempt to shift the focus of the programme towards its academic content This book follows up on that event The conference highlighted the usefulness of presenting the value of Norhed s different projects to the world showing how they improve knowledge and expand access to it through co operation A wish for more meta knowledge was also expressed and this gives rise to the following questions Is this way of co operating contributing to the growth of independent post colonial knowledge production in the South based on analyses of local data and experiences in ways that are relevant to our shared future Does the growth of academic independence as well as greater equality and the ability to develop theories different to those imposed by the better off parts of the world give rise to deeper understandings and better explanations Does it at least spread the ability to translate existing methodologies in ways that add meaning to observations of local context and data and thus enhance the relevance and influence of the academic profession locally and internationally This book in its varied contributions does not provide definite answers to these questions but it does show that Norhed is a step in the right direction Norhed is an attempt to fund collaboration within and between higher education institutions We know that both the uniqueness of this programme and ideas of how to better utilise the learning and experience emerging from it call for more elaboration and broader dissemination before we can offer further guidance on how to do things better This book is a first attempt

Renewing Destruction Alexander Dunlap,2019

Renewing Destruction examines how wind energy projects impact people and their environments Wind energy development in Mexico and most countries fall into a roll out neoliberal strategy that is justified by climate change mitigation programs that are continuing a process of land and wind resources grabbing for profit The result has been an exaggeration of pre existing problems in communities around land income inequality local politics and contrary to public relations stories is devastating traditional livelihoods and socio ecological relationships Exacerbating pre existing social and material problems in surrounding towns wind energy development is placing greater stress on semi subsistence communities marginalizing Indigenous traditions and indirectly resulting in the displacement and migration of people into urban centers Based on

intensive fieldwork with local groups in Oaxaca Mexico this book provides an in depth study demonstrating the complications and problems that emerge with the current regime of sustainable development and wind energy projects in Mexico which has wider lessons to be drawn for other regions and countries Put simply the book reveals a tragic reality that calls into question the marketed hopes of the green economy and the current method of climate change mitigation It shows the variegated impacts and issues associated with building wind energy parks which extends to recognizing the destructive effects on Indigenous cultures and practices in the region The book however highlights what to consider or more importantly what to avoid if one is working with industrial scale wind energy systems **Postcolonial Spaces** A. Teverson,S.

Upstone,2011-10-03 With essays from a range of geographies and bringing together influential scholars across a range of disciplines this book focuses on the role of space in the study of the politics of contemporary postcolonial experience engaging with the spectrum of postcolonial spatialities which play a significant role in defining global postcolonial culture

Women and Democracy Jane S. Jaquette,Sharon L. Wolchik,1998-10-07 A unique look at the political experiences of women in two regions of the world Latin American and Eastern and Central Europe which have moved from authoritarian to democratic regimes By examining various political attitudes and efforts of women as they learn to participate in the political process contributors offer important new insights into democratic consolidation Expansion Arts ,1994 **Myths and Facts** Mitchell Geoffrey Bard,2016-12-12 In the last sixty years Israel has faced seven different wars During that time the country has been under immense scrutiny and been the recipient of false accusations This leaves the public with many questions Does Israel want peace with the Arab nations How do Islamic views affect Israel Using a number of sources Mitchell G Bard uncovers Israel s true history His book includes the following A discussion of various wars involving Israel including the war of 1948 Multiple maps that help the reader visualize the wars An analysis of terrorism directed at Israel An alphabetical index A discussion of the media s role in how it portrays Israel A review of successful and unsuccessful peace efforts An overview of US Israel relations Bard also offers a synopsis of Israel s roots beginning with the great myth that the Jews have no claim to their own land Bard focuses on Israel s relationships with neighboring countries but he also includes suggested readings for those interested in further research You ll learn about the Jewish Virtual Library an online source that s constantly updated and offers reliable options for study Dive into this versatile read as Bard investigates common myths about Israel and reveals the truth CLIL in Action María Luisa Pérez Cañado,David Marsh,Juan Ráez Padilla,2015-10-05 This volume explores the current position of CLIL on the three main fronts where it is attracting particular attention in specialized literature namely implementation research and teacher training To this end it presents evidence from national and international research projects governmentally financed pedagogical initiatives grassroots experiences and investigations and inter institutional training programs which offer insights into how CLIL is working in action on the aforementioned three levels The opening section of the book CLIL in action Practical considerations provides a window into how

CLIL implementation is unravelling at the grassroots level vis vis key aspects for CLIL development such as the design of materials the use of ICT and the importance of extramural exposure The second part The effects of CLIL on language learning Research based evidence explores some key areas for future research showcasing how engaging in research as a device that drives reflection is the best possible way to continue moving the CLIL agenda forward Finally in the third part Preparing teachers for CLIL Practical proposals the interface of research and pedagogy is discussed as the former informs the latter in a clear instantiation of what Coyle 2011 terms evidence based practice in setting necessary teacher training actions in place As such the volume addresses three burning issues in the CLIL scenario through practical and research based proposals of tried and true CLIL development If all three strands implementation research and training dovetail and progress in harmony a solid template will be built for the future and the CLIL agenda will be pushed forward By pooling together the insights of a set of researchers teacher trainers policy makers and grassroots practitioners this volume will contribute to this much needed endeavour **Teacher Professional Development** Eleonora Villegas-Reimers,2003

Improving the Quality of Primary Education in Latin America and the Caribbean Laurence Wolff,Ernesto Schiefelbein,Jorge Valenzuela,1994 World Bank Discussion Paper No 257 Countries in the Latin America and the Caribbean region LAC have invested heavily in primary education over the past 10 years International studies of achievement however show that LAC countries still perfo **Catholic Resistance in Elizabethan England** Victor Houlston,2007-01-01 During his lifetime the Jesuit priest Robert Persons 1546 1610 was arguably the leading figure fighting for the re establishment of Catholicism in England Whilst his colleague Edmund Campion may now be better known it was Persons s tireless efforts that kept the Jesuit mission alive during the difficult days of Elizabeth s reign In this new study Persons s life and phenomenal literary output are analysed and put into the broader context of recent Catholic scholarship The book bridges the gap between historical studies on the one hand and literary studies on the other by concentrating on Persons s contribution as a writer to the polemical culture of the late sixteenth and early seventeenth centuries As well as discussing his wider achievements as leader of the English Jesuits founding three seminaries for English priests corresponding regularly with Catholic activists in England writing over thirty books holding the post of rector of the English College in Rome and being a trusted consultant to the papacy on English affairs this study looks in detail at what is arguably his greatest legacy The First Booke of the Christian Exercise more commonly known as the Book of Resolution That book first published in 1582 was to prove the cornerstone of Persons s missionary effort and a popular work of Catholic devotion running to several editions over the coming years Although Persons was ultimately unsuccessful in his ambition to return England to the Catholic fold the story of his life and works reveals much about the ecclesiastical struggle that gripped early modern Europe By providing a thorough and up to date reassessment of Persons this study not only makes a significant contribution to our understanding of the polemical context of post Reformation Catholicism but also of the Jesuit notion of the apostolate of writing Creative

Spaces Niall Geraghty, Adriana Laura Massidda, 2019 Creative Spaces Urban Culture and Marginality is an interdisciplinary exploration of the different ways in which marginal urban spaces have become privileged locations for creativity in Latin America The essays within the collection reassess dominant theoretical notions of marginality in the region and argue that in contemporary society it invariably allows for if not leads to the production of the new While Latin American cities have since their foundation always included marginal spaces due for example to the segregation of indigenous groups the massive expansion of informal housing constructed on occupied land in the second half of the twentieth century have brought them into the collective imaginary like never before Originally viewed as spaces of deprivation violence and dangerous alterity the urban margins were later romanticized as spaces of opportunity and popular empowerment Instead this volume analyses the production of new art forms political organizations and subjectivities emerging from the urban margins in Latin America neither condemning nor idealizing the effects they produce To account for the complex nature of contemporary urban marginality the volume draws on research from a wide spectrum of disciplines ranging from cultural and urban studies to architecture and sociology Thus the collection analyzes how these different conceptions of marginal spaces work together and contribute to the imagined and material reality of the wider city
