Reality And Mysticism

R. Curtis Arthur

Reality And Mysticism:

Religion and Reality James Henry Tuckwell, 2013-05-02 This discussion of the search for religious truth addresses a universal view of religion that can be termed philosophical mysticism from a rational basis of experience Originally published in 1915 this is a classic of theological thinking that investigates the fundamental nature of religion and perfect experience

A New Vision of Reality Bede Griffiths, 1989 **Philosophy of Mysticism** Richard H. Jones, 2016-03-23 A comprehensive exploration of the philosophical issues raised by mysticism This work is a comprehensive study of the philosophical issues raised by mysticism Mystics claim to experience reality in a way not available in normal life a claim which makes this phenomenon interesting from a philosophical perspective Richard H Jones s inquiry focuses on the skeleton of beliefs and values of mysticism knowledge claims made about the nature of reality and of human beings value claims about what is significant and what is ethical and mystical goals and ways of life Jones engages language epistemology metaphysics science and the philosophy of mind Methodological issues in the study of mysticism are also addressed Examples of mystical experience are drawn chiefly from Buddhism and Advaita Vedanta but also from Christianity Judaism Islam and Daoism This is a significant extension of the seminal work by Walter Stace *Mysticism and Philosophy* That work has stimulated much literature all of which Jones manages to review here He critically extends Stace s universal core and embeds it in a sophisticated discussion of the extent range and metaphysical implications of mysticism Ralph W Hood Jr coauthor of *The Psychology of Religion An Empirical Approach* **Reality vs Quantum Mysticism** R. Curtis Arthur, 2021-05-26 Science has made tremendous advances in overcoming superstition and replacing revealed truth with proven factual truth Quantum mechanics and the Theories of Relativity have contributed immensely to these advances But in spite of this certain absurdities referred to as the quantum enigma have emerged from the standard interpretation of quantum mechanics This has been recognized by some physicists but the absurdities have been largely ignored by most to the detriment of our understanding of the creation evolution and nature of the universe Albert Einstein himself felt quantum mechanics was incomplete and spent the last 3 or 4 decades of his life fighting the proponents of the absurdities It has been claimed that Einstein lost this battle but the author disagrees and provides proof of the opposite Einstein may have made slight mistakes in developing his Theories of Relativity however that may have unintentionally contributed to the absurdities and the author s work supports the statement that Einstein may have been wrong just where most thought he was right and right just where most thought he was wrong The author provides a new analysis of space and time and corrections to aspects of quantum mechanics and the Theories of Relativity that may eliminate the absurdities This could provide a new understanding of the birth evolution and nature of the universe and possible explanations for dark energy and dark matter This is presented in a manner that can be understood and appreciated by all curious folks not just physicists and will help them understand their universe and the amazing things physicists have accomplished **The Essence of Reality** 'Ayn al-Qudāt, 2023-11-07 An

exposition of Islamic mysticism by a Sufi scholar Reality and Mystical Experience F. Samuel Brainard,2008-03-05

Responding to our modern disillusionment with any claims to absolute truth regarding morality or reality this book offers a conceptual approach for discussing absolutes without denying either the relevance of divergent religious and philosophical teachings or the evidence supporting postmodern and poststructuralist critiques Case studies of mysticism within Advaita Vedanta Hinduism M_dhyamika Buddhism and Nicene Christianity demonstrate the value of this approach and offer many fresh insights into the metaphysical presuppositions of these religions as well as into the nature and value of mystical experience Like Douglas Hofstadter's *Gödel Escher Bach* this book finds ultimate reality to be rationally graspable only as an eternal fugue of pattern and paradox Yet it does not so much counter other philosophical views as provide a conceptual tool for understanding and classifying incommensurable views **TechGnosis** Erik Davis,2015-03-17 TechGnosis is a cult classic of media studies that straddles the line between academic discourse and popular culture it appeals to both those secular and spiritual to fans of cyberpunk and hacker literature and culture as much as new thought adherents and spiritual seekers How does our fascination with technology intersect with the religious imagination In TechGnosis a cult classic now updated and reissued with a new afterword Erik Davis argues that while the realms of the digital and the spiritual may seem worlds apart esoteric and religious impulses have in fact always permeated and sometimes inspired technological communication Davis uncovers startling connections between such seemingly disparate topics as electricity and alchemy online roleplaying games and religious and occult practices virtual reality and gnostic mythology programming languages and Kabbalah The final chapters address the apocalyptic dreams that haunt technology providing vital historical context as well as new ways to think about a future defined by the mutant intermingling of mind and machine nightmare and fantasy

Religion and Reality James Henry Tuckwell,1977 *Mysticism* Bruno Borchert,1994-01-01 Mystical experience is not really understood in our modern Western culture but we have a rich history and tradition that can be traced from remote ages to the present day It is a phenomenon common to all religions and races differing in manifestation but sharing a similar foundation 8212the realization from personal experience that all things are interdependent that the source is One The mystical experience is often brief immediate maybe mysterious 8212a last experience that brings all embracing emotion love into the bounds of concrete reality Bruno Borchert brings mysticism into sharp focus by exploring ideas and concepts from world religions and explaining Christian mystics in history in perspective and through art He takes us from Zoroaster to European alchemists explores the Hellenistic world the feminine world view and the experience of God shared by saints and well known mystics such as St Theresa and St Francis Modern approaches explored by psychologists like Jung and Maslow and the contemporary search for mystical love make this a necessary book for people who want to understand the spiritual path **Religion and Reality** James Henry Tuckwell,2019 **Mysticism, Mind, Consciousness** Robert K. C. Forman,1999-06-03 In an exploration of mystical texts from ancient India and China to medieval Europe and modern day

America Robert K C Forman one of the leading voices in the study of mystical experiences argues that the various levels of mysticism may not be shaped by culture language and background knowledge but rather are a direct encounter with our very conscious core itself Mysticism Mind Consciousness focuses on first hand accounts of two distinct types of mystical experiences Through examination of texts recorded interviews and courageous autobiographical experiences the author describes not only the well known pure consciousness event but also a new hitherto uncharted dualistic mystical state He provides a thorough and readable depiction of just what mysticism feels like These accounts and the experiences to which they give voice arise from the heart of living practices and have substance and detail far beyond virtually any others in the literature The book also reexamines the philosophical issues that swirl around mysticism In addition to examining modern day constructivist views Forman argues that the doctrines of Kant Husserl and Brentano cannot be applied to mysticism Instead he offers new philosophical insights based on the work of Chinese philosopher of mind Paramartha The book concludes with an examination of mind and consciousness which shows that mysticism has a great deal to tell us about human experience and the nature of human knowledge far beyond mysticism itself *Mysticism and Meaning:*

Multidisciplinary Perspectives Alex S. Kohav, 2019 The volume investigates the question of meaning of mystical phenomena and conversely queries the concept of meaning itself via insights afforded by mystical experiences The collection brings together researchers from such disparate fields as philosophy psychology history of religion cognitive poetics and semiotics in an effort to ascertain the question of mysticism s meaning through pertinent up to date multidisciplinary The discussion commences with Editor s Introduction that probes persistent questions of complexity as well as perplexity of mysticism and the reasons why problematizing mysticism leads to even greater enigmas One thread within the volume provides the contextual framework for continuing fascination of mysticism that includes a consideration of several historical traditions as well as personal accounts of mystical experiences Two contributions showcase ancient Egyptian and ancient Israelite involvements with mystical alterations of consciousness and Christianity s origins being steeped in mystical praxis and four essays highlight mysticism s formative presence in Chinese traditions and Tibetan Buddhism as well as medieval Judaism and Kabbalah mysticism A second more overarching strand within the volume is concerned with multidisciplinary investigations of the phenomenon of mysticism including philosophical psychological cognitive and semiotic analyses To this effect the volume explores the question of philosophy s relation to mysticism and vice versa together with a Wittgensteinian nexus between mysticism facticity and truth language mysticism and supernormal meaning engendered by certain mystical states cognitive poetic analysis of mystical poetry and a semiotic scrutiny of some mystical experiences and their ineffability Finally the volume includes an assessment of the so called New Age authors contention of the convergence of scientific and mystical claims about reality The above two tracks are appended with personal contemporary accounts of mystical experiences in the Prologue and a futuristic envisioning as a fictitious chronicle from the time to come of life without things mystical in the

Postscript The volume contains fourteen chapters its international contributors are based in Canada Israel United Kingdom and the United States

Philosophical Mysticism in Plato, Hegel, and the Present Robert M. Wallace, 2019-12-26 Few twenty first century academics take seriously mysticism s claim that we have direct knowledge of a higher or more inner reality or God But Philosophical Mysticism argues that such leading philosophers of earlier epochs as Plato G W F Hegel Ludwig Wittgenstein and Alfred North Whitehead were in fact all philosophical mystics This book discusses major versions of philosophical mysticism beginning with Plato It shows how the framework of mysticism s higher or more inner reality allows nature freedom science ethics the arts and a rational religion in the making to work together rather than conflicting with one another This is how philosophical mysticism understands the relationships of fact to value rationality to ethics and the rest And this is why Plato s notion of ascent or turning inward to a higher or more inner reality has strongly attracted such major figures in philosophy religion and literature as Aristotle Plotinus St Augustine Dante Alighieri Immanuel Kant Hegel William Wordsworth Ralph Waldo Emerson Emily Dickinson Whitehead and Wittgenstein Wallace s Philosophical Mysticism brings this central strand of western philosophy and culture into focus in a way unique in recent scholarship

Mysticism Examined Richard H. Jones, 1993-01-01 Mysticism presents a challenge to anyone who is interested in fundamental questions about the nature of reality knowledge and how we should live In this book the author examines questions posed by mysticism He clarifies the nature of the claims advanced by Western and Asian mystics and explores the beliefs and values of classical mystical ways of life for their interconnections and reasonableness Jones discusses whether all mystical experiences and all mystical claims of knowledge are similar and examines the relation of concepts and experiences in mystics claims Also presented are standards for evaluating competing mystical claims and mystics problems with language Whether mystics arguments are rational is investigated along with the relation of moral and non moral values and the role of beliefs and values in enlightened mystics ways of life Mysticism s relation to the enterprises of science theology psychology and ethics is also examined

Mystical Experience of Reality - Volume II Keith Michael Hancock, 2024-05-05 Is MER The Mystical Experience of Reality What Humans Are All About The Mystical Experience of

Reality book and blog series by Keith Michael Hancock is a uniquely serious case history of newly emerging facts about the mystical experience of Reality MER It is presented here to add to the growing scientific and academic literature being produced around the world today what human existence is really all about Does God exist or is much more revealing itself in our evolutionary progress Many scientists and scholars are experiencing the answer Yes Mystical Experience of Reality Volume I and now Volume II are compiled of posts from Keith s Blog Mystic Experiences Volume II was thought necessary because Keith s latest revelations have brought these historically important messages to a concluding realisation of what the human condition is all about See Summing Up at the end of the book Scholars scientists and spiritual Seekers around the world who visit and follow his blog will appreciate Summing Up as a uniquely new complete understanding of why we re here In this book Keith has aimed to keep each topic shorter and on point always leaving you with a new thought to ponder always encouraging you to dig deeper and recall your own experiences thus far WHY KEITH He doesn t know He says he is not aware of any qualification he had or has for receiving the mystical experiences of Reality MER the truth of Reality s existence He says he wasn t religious or spiritual and didn t even know the word mystic when they started The Mystical Experience of Reality as Keith calls it is a well known historical non biological non human historical phenomena that engulfed him as a 14 year old several times every year until his late thirties filling him with the experience of a Reality in which all things known and unknown exist at Its behest guarding guiding accepting everything that exists separately personally individually It is benign and uninterested in human wants or constructs such as religions politics ideologies It only deals with individuals The experiences bring profound joy and love with a knowledge beyond all human experience Keith insists the experience of Reality is caught not taught The books are filled with posts from Keith s blog mysticexperiences net for the author to examine himself and his existence in accordance with the way of Reality Accordingly he says he found by comparison that there is nothing in humanity worth studying The first book Mystic Experiences of Reality Volume I and this one Volume II are summations of years of using writing to explore the awareness given Keith by his mystical experiences in the hope it will add to the literature on the subject which is now being more seriously studied around the world than it has ever been Keith s writing also seeks to pass on Reality s personal message to him All Is Well Religion and Reality, a Study in the Philosophy of Mysticism James Henry Tuckwell,1915 **Spiritual Titanism** Nicholas F. Gier,2012-03-27 This work in comparative philosophy uses the concept of Titanism to critique certain trends in both Eastern and Western philosophy Titanism is an extreme form of humanism in which human beings take on divine attributes and prerogatives The author finds the most explicit forms of spiritual Titanism in the Jaina Samkhya and Yoga traditions where yogis claim powers and knowledge that in the West are only attributed to God These philosophies are also radically dualistic and liberation involves a complete transcendence of the body society and nature Five types of spiritual Titanism are identified and in addition to this typology a heuristic based on Nietzsche s three metamorphoses of camel lion and child is offered The book determines that answers to

spiritual Titanism begin not only with the Hindu Goddess religion but also are found in Buddhism Confucianism and Daoism especially Zen Buddhism and Confucianism **Mysticism and Morality** Richard H. Jones, 2004-01-01 In *Mysticism and Morality* author Richard Jones explores an often neglected question of religious ethics Is mysticism moral Through a discussion of several religious traditions including Hinduism Jainism Buddhism Tantrism Daoism and Christianity Jones fills a major void in the scholarly literature by considering all relevant points pertaining to mysticism Rather than looking at mysticism abstractly the book focuses on such topics as ritual practice and the processes of mystical becoming This work provides new perspectives for those interested in ethics and will prove essential to anyone interested in comparative philosophy and cross cultural studies of religion **The Mysticism of Saint Augustine** John Peter Kenney, 2005-09-19 Augustine's vision at Ostia is one of the most influential accounts of mystical experience in the Western tradition and a subject of persistent interest to Christians philosophers and historians This book explores Augustine's account of his experience as set down in the *Confessions* and considers his mysticism in relation to his classical Platonist philosophy John Peter Kenney argues that while the Christian contemplative mysticism created by Augustine is in many ways founded on Platonic thought Platonism ultimately fails Augustine in that it cannot retain the truths that it anticipates The *Confessions* offer a response to this impasse by generating two critical ideas in medieval and modern religious thought firstly the conception of contemplation as a purely epistemic event in contrast to classical Platonism secondly the tenet that salvation is absolutely distinct from enlightenment

When somebody should go to the books stores, search foundation by shop, shelf by shelf, it is truly problematic. This is why we present the book compilations in this website. It will completely ease you to look guide **Reality And Mysticism** as you such as.

By searching the title, publisher, or authors of guide you essentially want, you can discover them rapidly. While this might not be the Reality And Mysticism full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Reality And Mysticism eBooks, including some popular

titles.

FAQs About Reality And Mysticism Books

What is a Reality And Mysticism PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Reality And Mysticism PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Reality And Mysticism PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Reality And Mysticism PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Reality And Mysticism PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
