Glimpses of Realization : the Three Bodies of Enlightenment Chögyam Trungpa,2003 Living the Paradox of Enlightenment Thomas Razzeto,2023-03-31 This is one of the most beautiful and easy to understand books about enlightenment personal peace and conscious creation Thomas Razzeto s tremendous clarity brings many significant new insights while also dispelling some important commonly held false beliefs This is all done in simple clear English with great fun kindness and compassion Even if you have read many of the books by the biggest names in this field you will still find plenty of precious treasure in this work Thomas Razzeto writes so passionately and clearly that you will easily develop a deeper wisdom This can be life changing The core of what he talks about is truly ancient and yet what he offers feels fresh in many ways with significant differences from most of what is now commonly found elsewhere This is why he says that his teachings are unique Perhaps this work will help you understand this ancient wisdom in the deepest way possible and inspire us all to respect one another treat each other kindly and work together for both personal and world peace *Awaken* Sundar Kadayam,2020-01-28 Experience Enlightenment Life is a constant struggle between happiness and suffering Nothing gained in the world remains forever whether that be happiness peace love possessions or fame Fear worries stress anger resentment greed jealousy lack and grief are never far Are you doomed to this life of limitation Are you destined to struggle

with the ups and downs of life The Masters say that the reason for your suffering in life is because you've never examined who you are the one who experiences life in this way is not the real you The Masters point out that your real nature is unbounded and unchanging Its experience feels like peace love and happiness without their opposites Throughout human history many people have had this experiential recognition of their real nature We've labeled this as Enlightenment Awakening or Self Realization This heart offering helps you with the experiential exploration of who you really are and what the unchanging Reality is Dear One it is time to awaken to your real nature      Beyond Self-Realization Paul Breer, 2018-06-21 Beyond Self Realization In his previous book on philosophy The Spontaneous Self the author argued that the concept of free will is an illusion while detailing what it might imply for our thoughts feelings and behavior to dispel that belief The present volume takes the argument further With equal emphasis on theory and practice it illustrates how giving up one's identity as a free willing inner I can serve as a stepping stone to the state of enlightenment To experience enlightenment we have to go beyond self realization and that can happen only if we change the way we define ourselves Given the ubiquitous value placed on the self in our Western culture that is not an easy task If the path to enlightenment can be envisioned as a trail leading to the top of a mountain the self can be seen as a large rock blocking the way To get to the top we have to either blast our way through the rock or go around it Most spiritual traditions opt for the latter In Beyond Self Realization the author lays out a plan for blasting our way through The plan consists of two steps first a gradual shrinking of the self illusion and second a total uprooting of the self tree The techniques used include meditation contemplation linguistic exercises and group work in which members look for signs that the self illusion is present in their behavior Once a sign is detected the other techniques are brought to bear on removing the rock When applied with persistence the practice is designed to release one from the cage of quiet desperation in which most of us are trapped Once released we are free to discover who we really are      **Radical Happiness** Gina Lake, 2014-02-28 Radical Happiness provides the keys to experiencing the happiness that is always present and not dependent on circumstances This happiness doesn't come from getting what we want but from wanting what is here now It comes from realizing that who we think we are that is who our thoughts tell us that we are is not who we really are This is a radical perspective True happiness comes from experiencing our true nature by being present in each moment You will discover The truth about who you are The cause of suffering How to be in the moment How to disidentify from the ego and become free of conditioning How to meditate How to be with emotions in a way that heals and releases them What awakening is like and how an awake life is lived How the Self guides you      *What is Enlightenment?* Osho, 2018-09-10 You are both and neither and that is transcendence The ultimate destination on a spiritual journey is enlightenment But there's a reason why countless people embark on this journey yet only a handful reach the destination Enlightenment is as much about the journey as it is about achieving the goal at the end It is understanding and accepting different truths some easy and some nearly impossible to handle It is about singular focus and

accepting the bigger picture at the same time In other words it is anything but straightforward However if there s anyone who can explain a difficult concept in the most straightforward manner it is Osho and in What is Enlightenment he does exactly that Read on
