Inside the College Gates Jenny M. Stuber,2011-07-16 To date scholars in higher

education have examined the ways in which students experiences in the classroom and the human capital they attain impact social class inequalities In this book Jenny Stuber argues that the experiential core of college life the social and extra curricular worlds of higher education operates as a setting in which social class inequalities manifest and get reproduced As college students form friendships and get involved in activities like Greek life study abroad and student government they acquire the social and cultural resources that give them access to valuable social and occupational opportunities beyond the college gates Yet students social class backgrounds also impact how they experience the experiential core of college life structuring their abilities to navigate their campus s social and extra curricular worlds Stuber shows that upper middle class students typically arrive on campus with sophisticated maps and navigational devices to guide their journeys while working class students are typically less well equipped for the journey She demonstrates as well that students social interactions friendships and extra curricular involvements also shape and are shaped by their social class worldviews the ideas they have about their own and others class identities and their beliefs about where they and others fit within the class system By focusing on student social class worldviews this book provides insight into how identities and consciousness are shaped within educational settings Ultimately this examination of what happens inside the college gates shows how which higher education serves as an avenue for social reproduction while also providing opportunities for the contestation of class inequalities The Intersection of High-Impact Practices Shauna Reilly, Samantha Langley-Turnbaugh, 2021-05-03 The Intersection of High Impact Practices provides a unique approach to the study of high impact practices by examining the effects on student success The authors demonstrate that high impact practices do not occur in a vacuum and their effects can be multiplied or muted when taken in concert with one another **Resources in Education** ,1995 Student Services Susan R. Komives, Dudley B. Woodard, Jr., 2003-06-17 Since it was first published in 1980 Student Services A Handbook for the Profession has become a classic reference in the field In the fourth edition of this important resource the contributors a stellar panel of student affairs scholars examine the changing context of the student experience in higher education the evolution of the role of student affairs professionals and the philosophies ethics and theories that guide the practice of student affairs work Comprehensive in scope this book covers a broad range of relevant topics including the development of student affairs legal and ethical foundations of student affairs practice student development learning and retention theories organizational theory dynamics of campus environments strategic planning and finance information technology in student affairs managing human resources multiculturalism teaching counseling and helping skills assessment and evaluation and new lessons from research on student outcomes Completing College Vincent Tinto, 2012-04-15 Even as the number of students attending college has more than doubled in the past forty years it is still the case that nearly half of all college students in the United States will not complete their degree within six years It is clear that much remains to be done toward improving student success For more than twenty years Vincent Tinto's pathbreaking book Leaving College has been

recognized as the definitive resource on student retention in higher education Now with Completing College Tinto offers administrators a coherent framework with which to develop and implement programs to promote completion Deftly distilling an enormous amount of research Tinto identifies the essential conditions enabling students to succeed and continue on within institutions Especially during the early years he shows that students thrive in settings that pair high expectations for success with structured academic social and financial support provide frequent feedback and assessments of their performance and promote their active involvement with other students and faculty And while these conditions may be worked on and met at different institutional levels Tinto points to the classroom as the center of student education and life and therefore the primary target for institutional action Improving retention rates continues to be among the most widely studied fields in higher education and Completing College carefully synthesizes the latest research and most importantly translates it into practical steps that administrators can take to enhance student success **Teaching History at** University Alan Booth, 2013-10-28 Drawing on a wide range of international research reflections and experiences of univeristy historians this book links theory and practice and examines how high quality history teaching and learning can be acheived today in universities world wide Creating Successful Multicultural Initiatives in Higher Education and Student Affairs Sherry K.
