Really Bad Business Advice:

Ask a Manager Alison Green, 2018-05-01 I'm a HUGE fan of Alison Green's Ask a Manager column. This book is even better. Robert Sutton, author of *The No Asshole Rule* and *The Asshole Survival Guide*. Ask A Manager is the book I wish I'd had in my desk drawer when I was starting out or even let's be honest fifteen years in. Sarah Knight, New York Times bestselling author of *The Life Changing Magic of Not Giving a F ck*. A witty practical guide to navigating 200 difficult professional conversations. Ten years as a workplace advice columnist has taught Alison Green that people avoid awkward conversations in the office because they don't know what to say. Thankfully, Alison does. In this incredibly helpful book, she takes on the tough discussions you may need to have during your career. You'll learn what to say when colleagues push their work on you, then take credit for it, you accidentally trash talk someone in an email and hit reply, all you're being micromanaged or not being managed at all, your boss seems unhappy with your work, you got too drunk at the Christmas party. With sharp, sage advice and candid letters from real-life readers, *Ask a Manager* will help you successfully navigate the stormy seas of office life.

Why Startups Fail Tom Eisenmann, 2021-03-30 If you want your startup to succeed, you need to understand why startups fail. Whether you're a first-time founder or looking to bring innovation into a corporate environment, *Why Startups Fail* is essential reading. Eric Ries, founder and CEO of LTSE and New York Times bestselling author of *The Lean Startup* and *The Startup Way*. Why do startups fail? That question caught Harvard Business School professor Tom Eisenmann by surprise when he realized he couldn't answer it. So he launched a multi-year research project to find out. In *Why Startups Fail*, Eisenmann reveals his findings: six distinct patterns that account for the vast majority of startup failures. Bad Bedfellows: Startup success is thought to rest largely on the founder's talents and instincts. But the wrong team, investors, or partners can sink a venture just as quickly. False Starts: In following the oft-cited advice to fail fast and to launch before you're ready, founders risk wasting time and capital on the wrong solutions. False Promises: Success with early adopters can be misleading and give founders unwarranted confidence to expand. Speed Traps:

Despite the pressure to get big fast hypergrowth can spell disaster for even the most promising ventures Help Wanted Rapidly scaling startups need lots of capital and talent but they can make mistakes that leave them suddenly in short supply of both Cascading Miracles Silicon Valley exhorts entrepreneurs to dream big But the bigger the vision the more things that can go wrong Drawing on fascinating stories of ventures that failed to fulfill their early promise from a home furnishings retailer to a concierge dog walking service from a dating app to the inventor of a sophisticated social robot from a fashion brand to a startup deploying a vast network of charging stations for electric vehicles Eisenmann offers frameworks for detecting when a venture is vulnerable to these patterns along with a wealth of strategies and tactics for avoiding them A must read for founders at any stage of their entrepreneurial journey Why Startups Fail is not merely a guide to preventing failure but also a roadmap charting the path to startup success *UNSCRIPTED* MJ DeMarco,2017-05-23 What if Life Wasn't About 50 Years of Wage Slavery Paying Bills and then Dying Tired of sleepwalking through a mediocre life bribed by mindless video gaming redemptive weekends and a scant paycheck from a soul suffocating job Welcome to the SCRIPTED club where membership is neither perceived or consented The fact is ever since you've been old enough to sit obediently in a classroom you have been culturally engineered for servitude unwittingly enslaved into a Machiavellian system where illusionary rules go unchallenged sanctified traditions go unquestioned and lifelong dreams go unfulfilled As a result your life is hijacked and marginalised into debt despair and dependence Life's death sentence becomes the daily curse of the trivial and mundane Fun fades Dreams die Don't let life's consolation prize become a car and a weekend Recapture what is yours and make a revolutionary repossession of life and liberty through the pursuit of entrepreneurship A paradigm shift isn't needed the damn paradigm needs to be thrown out altogether The truth is if you blindly follow conventional wisdom pushed by conventional people living conventional lives can you expect to be anything but conventional Rewrite life's script ditch the job give Wall Street the bird and escape the insanity of trading your life away for a paycheck and an elderly promise called retirement UNSCRIPT today and start leading life instead of life leading you Never Get a "Real" Job Scott Gerber,2010-12-07 Young serial entrepreneur Scott Gerber is not the product of a wealthy family or storied entrepreneurial heritage Nor is he the outcome of a traditional business school education or a corporate executive turned entrepreneur Rather he is a hard working self taught 26 year old hustler rainmaker and bootstrapper who has survived and thrived despite never having held the proverbial real job In *Never Get a Real Job How to Dump Your Boss Build a Business and Not Go Broke* Gerber challenges the social conventions behind the real job and empowers young people to take control of their lives and dump their nine to fives or their quest to attain them Drawing upon case studies experiences and observations Scott dissects failures shares hard learned lessons and presents practical affordable and systematic action steps to building managing and marketing a successful business on a shoestring budget The proven no b s methodology presented in *Never Get a Real Job* teaches unemployed and underemployed Gen Yers aspiring small business owners students and recent college graduates how
