The Metric System, Considered with Reference to Its Introduction Into the United States Charles Davies,1871

Anatomy of the Soul Rabbi Yitzchak Ginsburgh,2008 One of the most important contributions of Chasidut to Judaism has been in the realm of psychology Chasidic teachings interpret and apply the myriad Kabbalistic metaphors to the realm of the human psyche and soul Yet for all the expansive analyses and discussion of the human psyche produced by the Chasidic masters specifically the Rebbes of Chabad Lubavitch there has been a pronounced lack of an ordered and modern review of the psyche In the early years of the 20th century Dr Fischel Schneersohn a colleague of Sigmund Freud and a relative of the then Lubavitcher Rebbe Rabbi Shalom Dov Ber Schneersohn took it upon himself to translate the Chasidic nomenclature and discourse on the psyche into scientific language that would be useful to the modern psychologist

Unfortunately for whatever the reasons may be his yearning to share the Torah's wisdom on the psyche was not to be fulfilled. Since then the need for introducing these teachings to the public in general and to the professional field of psychologists has only grown. This book is an important contribution to the creation of psychology and therapeutic techniques based purely on the Divine wisdom of the Torah and specifically its inner dimensions of Kabbalah and Chassidut. By offering a structured review and explanation of the psyche and its place in the larger and more complex super structure of the soul, this volume provides a foundational guide for mental and spiritual health practitioners as well as for those wishing to deepen their understanding of Kabbalah and Chassidut.

Seekers of the Wild Realm Alexandra Ott, 2020-07-07 Fablehaven meets *How to Train Your Dragon* in this action-packed fantasy about a young boy and girl who become reluctant allies when caring for a baby dragon, the first in a brand new duology. Twelve-year-old Bryn has always dreamed of becoming a Seeker just like her dad. Only the Seekers are allowed to journey from their small village into the fantastical untamed wilderness of their island known as the Wild Realm. Once there they obtain magical items for the village and use magic to protect and heal the incredible creatures native to the Realm. When one of the elderly Seekers retires, leaving a vacant position, Bryn knows this may be her chance. There's just one problem: Only boys have ever been Seekers. And the training master makes it clear he will not be training a girl. But then Bryn's biggest rival for the Seeker position, a boy named Ari, shows up at her door. He reveals the baby dragon he's been hiding, and the two strike a deal: if Bryn helps care for the dragon, Ari will share all his training with her. Even as the two bond over their love of magical animals and their secret trips into the Wild Realm, Bryn doesn't completely trust Ari's motives. Especially as she suspects Ari may know more than he's letting on about the enemy clan stirring up unrest in their village. When all these secrets come to a head and the stakes are at their highest, Bryn realizes it's up to her to save her family and the Realm.
