Planting Churches That Reproduce Joel Comiskey, 2008-12 Small group resources tend to overlook the spiritual side of small group leadership And yet most would agree that spiritual preparation is the most important aspect of leading a small group Only Gods supernatural power can draw people to the truth and liberate them to be all that God wants them to be The key distinction of this book is the spiritual perspective it gives to small group ministry So much of the literature about small groups that is already published relates to small group technique and only touches briefly on the Spirits power This book is a practical reference guide to help small group leadership begin to move in the supernatural realm The books first priority is to help small group leaders and members trust the Holy Spirit to lead them empower them and work in their group Small group facilitators often sense a lack of guidance power and spiritual authority Jesus knew His disciples would be powerless without

a touch from the Holy Spirit and so He told them to wait in Jerusalem saying You will receive power when the Holy Spirit comes on you and you will be my witnesses in Jerusalem and in all Judea and Samaria and to the ends of the earth Acts 18 Small group leaders need a power boost to make small group ministry relevant and exciting The second priority of this book is to help the facilitator identify and mobilize each small group member to use his or her own spiritual gifts Spirit-Filled Small Group Joel Comiskey, 2009-11 Small group resources tend to overlook the spiritual side of small group leadership And yet most would agree that spiritual preparation is the most important aspect of leading a small group Only God's supernatural power can draw people to the truth and liberate them to be all that God wants them to be Only through the Spirit's power can we expect to see the miracles that Jesus talked about when He said that if we would abide in Him we would bear much fruit and even do greater works than He did while He was on earth The key distinction of this book is the spiritual perspective it gives to small group ministry. So much of the literature about small groups relates to small group technique and only touches briefly on the Spirit's power This book is a practical reference guide to help small group leadership begin to move in the supernatural realm The book s first priority is to help small group leaders and members trust the Holy Spirit to lead them empower them and work in their group Small group facilitators often sense a lack of guidance power and spiritual authority Jesus knew His disciples would be powerless without a touch from the Holy Spirit and so He told them to wait in Jerusalem saying You will receive power when the Holy Spirit comes on you and you will be my witnesses in Jerusalem and in all Judea and Samaria and to the ends of the earth Acts 1 8 Small group leaders need a power boost to make small group ministry relevant and exciting The second priority of this book is to help the facilitator identify and mobilize each small group member to use his or her own spiritual gifts Small group facilitators often feel ill prepared to identify spiritual gifts of the people in the group I firmly believe that the small group atmosphere is the perfect place to develop the gifts of the Spirit in each member s life and so it is essential that the facilitator know how to do this Whatever denominational or non denominational label a church wears the most important characteristic in my opinion is promoting individual sensitivity devotion and dependence on the Holy Spirit In a Holy Spirit charged atmosphere cell leaders are best raised up and members are encouraged to minister in their giftedness. This book has been written for those who are leading facilitating a small group participating in a small group or considering joining a small group Group members should read this book for two particular reasons First members make a significant contribution to the life of the cell Each member will be intimately involved in causing supernatural events to happen using the gifts intercession etc In the life of the group no one is to sit back and do nothing The best cell leaders in fact rarely lead the entire cell instead encouraging cell members to participate actively Second members are the next in line to actually lead the small group I am assuming that the readers of this book are believers who desire God and are seeking to walk in the Spirit I am also assuming that those reading this book are studying the Bible and growing in their relationships with the Lord There are many great books dedicated to defining

each spiritual gift in detail Many other authors cover gifts beyond the scope of this book such as voluntary poverty hospitality celibacy missions exorcism martyrdom artistic creativity craftsmanship and music Rather than cover every possible gift this book will focus on how the Spirit uses gifts in the small group context and guides the leader to facilitate a Spirit filled group Because this book is written to lay leadership rather than senior leaders of the Church I will not cover in detail the five fold offices that Paul mentioned in Ephesians 4.8 Instead the gifts I will cover in this book are explicitly listed in Scripture the one exception is intercessory prayer which I call a spiritual gift although some would disagree How to Lead a Great Small Group Meeting Joel Comiskey, 2021-11-02 Your leaders really can lead cell group meetings that cause the members to say WOW This book will show your leaders how to hear God during the meeting structure the meeting so that it flows spur the group members to participate and share openly create stimulating questions listen effectively and see the details that create a warm inviting atmosphere for unbelievers Do people expectantly return to your group meetings every week Do you have fun and experience joy during your meetings Is everyone participating in discussion and ministry You can lead a great cell group meeting one that is life changing and dynamic Most people don't realize that they can create a God filled atmosphere because they don't know how Now the secret is out This guide will show you how to Prepare yourself spiritually to hear God during the meeting Structure the meeting so it flows Spur people in the group to participate and share their lives openly Share your life with others in the group Create stimulating questions Listen effectively to discover what is transpiring in others lives Encourage and edify group members Open the group to non Christians See the details that create a warm atmosphere By implementing these time tested ideas your group meetings will become the hot item of your members week They will go home wanting more and return each week bringing new people with them 2000 Years of Small Groups Joel Comiskey, 2015-10-03 This book explores how God has used small groups throughout church history specifically focusing on the early church to the present time God not only established the early church as a house to house movement but he also has used small groups throughout church history This book chronicles the small group or cell movement from Jesus all the way to the modern day cell explosion Themes include Small Groups In Biblical History Small Groups In Early Christian History Small Groups and Monasticism Small Groups During the Pre Reformation Period Luther and Small Groups Martin Bucer and Small Groups The Anabaptist Movement Puritan Conventicles Pietism The Moravians The Methodists Modern House Churches Small Groups in North America The Modern Day Cell Church This book will both critique the strengths and weaknesses of these historical movements and apply principles to today s church You will grow in appreciation and understanding of key small group principles from those pioneers who have paved the way You will also learn to value those movers and shakers who faced far greater odds to implement small groups than the difficulties confronted today Many have struggled with the same things you re wrestling with now And just like they found solutions in the face of persecution and trial God will help you to persevere find solutions and ultimately bear abundant fruit for his kingdom and glory **Biblical**

Foundations for the Cell-Based Church Joel Comiskey, 2012-11-06 Why cell church Is it because David Cho's church the largest church in the history of Christianity is a cell church Is it because someone said the number twelve will bring blessings and growth Is it because cell church is the strategy that many great churches are using Ralph Neighbour repeatedly says Theology must breed methodology This book sets forth the biblical theology for cell based ministry Without biblical truth we don t have a firm under pinning upon which we can hang our ministry and philosophy On the other hand we can plod through most anything when we know that God is stirring us to behave biblically Cell church is not the latest greatest church growth strategy If it were it would simply be a passing fad until the next hotter more relevant strategy comes along In fact in many places around the world cell church transforms the church through a purification process Church growth is slow but cell church helps Christ's church go deeper Joel Comiskey has been studying the cell church movement since 1991 and has discovered that the cell church strategy doesn't produce rapid growth in itself God reserves growth for himself He wants to receive the glory for all church growth The first section of this book covers the Trinity the model for all small group community The good news is that the Trinity works within believers to mold and shape them into his image This section explores God's emphasis on the family starting from Genesis Christ's formation of a new family and then the early church s focus on family Comiskey believes that family is the principal image of the church in Scripture The last chapter in this section explains Jesus and his kingdom and more specifically how Jesus trained his disciples to evangelism through home based outreach Section two reveals how the early church met in homes It explores what they did in those home meetings the size of the house churches and how home evangelism took place through ancient oikos relationships Comiskey looks at how New Testament leadership developed naturally through the house church structure and how the early church connected the house churches into celebration gatherings large group meetings The last section applies all eight chapters to the church today This last section draws out the New Testament insights that are applicable to the 21st century church How to Be a Great Cell Group Coach Joel Comiskey, 2022-04-22 Research has proven that the greatest contributor to cell group success is the quality of coaching provided for cell group leaders Many are serving in the position of a coach but they don t fully understand what they are supposed to do in this position Joel Comiskey has identified seven habits of great cell group coaches These include Receiving from God Listening to the needs of the cell group leader Encouraging the cell group leader Caring for the multiple aspects of a leader's life Developing the cell leader in various aspects of leadership Strategizing with the cell leader to create a plan Challenging the cell leader to grow Practical insights on how to develop these seven habits are outlined in section one Section two addresses how to polish your skills as a coach with instructions on diagnosing problems in a cell group how to lead coaching meetings and what to do when visiting a cell group meeting This book will prepare you to be a great cell group coach one who mentors supports and guides cell group leaders into great ministry Making Cell Groups Work Navigation Guide Joel Comiskey, Scott Boren, Ralph Neighbour, Randall Neighbour, Bill Beckham, 2023-05-27 This is
