to protect the rights of the people or violates the social contract citizens have the right and duty to revolt and establish a new government His ideas about government by consent the right to private property and the right to revolution have profoundly influenced modern democratic thought and the development of liberal political theory laying the groundwork for later political movements advocating for democracy and human rights This book is part of the Standard Ebooks project which produces free public domain ebooks *Boundaries* Henry Cloud,John Townsend,John Sims Townsend,1999-02-09 Provides a series of learning programs that encourage knowing the biblical basis for setting boundaries **The Varieties of Religious Experience** William James,1920 **The Story of Sault Ste.
