Reason And Sexuality In Western Thought

David West

Reason And Sexuality In Western Thought:

Reason and Sexuality in Western Thought David West, 2005-05-06 This book traces the genealogy of ideas of reason self and sexuality in the West opening the way to a richer and more diverse understanding of sexual experience Western philosophy and religion have distorted and continue to distort our experience of sex and love through three far reaching constellations of reason self and sexuality Thinkers like Plato Aquinas and Kant helped to fashion an ascetic ideal of reason hostile to bodily pleasures and sexual diversity By contrast philosophical hedonism advocates a less demanding conception of rationality and defends sexual pleasure But this approach of thinkers like Hume Bentham La Mettrie and de Sade is still one sided and limiting A third constellation Romanticism avoids the limitations of both forms of rationalism but in the name of a religion of love and passion that ultimately threatens the integrity of the self In Reason and Sexuality in Western Thought a richer understanding of sexual experience is traced to a dissident philosophical tradition In their different ways Montaigne Spinoza Hegel and Kierkegaard Marcuse and Foucault contribute to a more holistic multi layered and open conception of reason sexuality and the self This book will be essential reading for all students of philosophy and gender studies **The**

History of Sexuality Michel Foucault, 1990-04-14 Why we are so fascinated with sex and sexuality from the preeminent philosopher of the 20th century Michel Foucault offers an iconoclastic exploration of why we feel compelled to continually analyze and discuss sex and of the social and mental mechanisms of power that cause us to direct the questions of what we are to what our sexuality is Feminist Interpretations of Benedict Spinoza Moira Gatens, 2009 A collection of essays on the metaphysical political theological ethical and psychological writings of Spinoza Examines the ways in which his philosophy presents a resource for the re conceptualization of friendship sexuality politics and ethics in contemporary life Provided by publisher *Kierkegaard and the Philosophy of Love* Michael Strawser, 2015-10-08 Ironically the philosophy of love has long been neglected by philosophers so called lovers of wisdom who would seemingly need to understand how one best becomes a lover In Kierkegaard and the Philosophy of Love Michael Strawser shows that the philosophy of love lies at the heart of Kierkegaard's writings as he argues that the central issue of Kierkegaard's authorship can and should be understood more broadly as the task of becoming a lover Strawser starts by identifying the questions How should I love the other Is self love possible How can I love God and themes love's immediacy intentionality unity and eternity that are central to the philosophy of love and he develops a rich context that includes analyses of the conceptions of love found in Plato Spinoza and Hegel as well as prominent contemporary thinkers Strawser provides an original and wide ranging analysis of Kierkegaard's writings from the early The Concept of Irony and Edifying Discourses to the late The Moment while maintaining the prominence of Works of Love to demonstrate how Kierkegaard's writings on love are relevant to the emerging study of the philosophy of love today The most unique perspective of this work however is Strawser's argument that Kierkegaard's writings on love are most fruitfully understood within the context of a phenomenology of love In interpreting Kierkegaard as a phenomenologist

of love Strawser claims that it is not Husserl and Heidegger that we should look to for a connection in the first instance but rather Max Scheler Dietrich von Hildebrand Emmanuel Levinas and most importantly Jean Luc Marion who for the most part center their thinking on the phenomenological nature of love Based on an analysis of the works of these thinkers together with Kierkegaard's writings Strawser argues that Kierkegaard presents readers with a first phenomenology of love a point of view that serves as a unifying perspective throughout this work while also pointing to areas for future scholarship Overall this work brings seemingly divergent perspectives into a unity brought about through a focus on love which is after all a unifying force

Nietzsche on Gender Frances Nesbitt Oppel, 2005 Although Nietzsche has been considered by some critics to be a misogynist for his treatment of woman women and the feminine Frances Nesbitt Oppel offers a radical reinterpretation of the philosopher's ideas on sex gender and sexuality In *Nietzsche on Gender Beyond Man and Woman* she argues that a closer reading of Nietzsche's texts and rhetorical style especially his use of metaphor and irony as well as his letters and notes shows that he was strategically and deliberately dismantling dualistic thinking in general not only the logical hierarchies of western thought God human heaven earth mind body reason emotion ethos pathos but also the assumed gender opposition of man woman In the process she pulls the rug out from under the accusation of his alleged misogyny Oppel's is the first study to combine recent speculations in gender study and queer theory with an in depth analysis of Nietzsche's texts This approach enables her to break through the impasse in feminist studies that has stalled for so long on the question of his misogyny to redirect attention to the importance he gives to human creativity and self fashioning rather than convention and to gesture toward a future human sexuality beyond rivalry and resentment in favor of a sensual materialism in relationship with others and the earth Oppel concludes that for Nietzsche breaking the gender barrier liberates human beings as individuals and as a species to love themselves each other and their earthly home as they choose By emphasizing the physical and material stuff of human existence bodies and the earth she says Nietzsche reclaims for all humanity concepts that have been traditionally associated with woman and the feminine No longer seen as a strong masculine hero Nietzsche's superman becomes a supreme human achievement the complete acceptance of time change and mortality in which human beings will possess the best characteristics of each gender in themselves *Nietzsche on Gender* should be equally engaging for readers interested in Nietzsche in particular and in sexual politics and in philosophy and literature more generally

Sex and Reason Richard A. Posner, 2009-07-01 Sexual drives are rooted in biology but we don't act on them blindly Indeed as the eminently readable judge and legal scholar Richard Posner shows we make quite rational choices about sex based on the costs and benefits perceived Drawing on the fields of biology law history religion and economics this sweeping study examines societies from ancient Greece to today's Sweden and issues from masturbation incest taboos date rape and gay marriage to Baby M The first comprehensive approach to sexuality and its social controls Posner's rational choice theory surprises explains predicts and totally absorbs

A History of Western Thought Nils

Gilje, Gunnar Skirbekk, 2017-12-04 This is a comprehensive introduction to the history of Western Philosophy from the Pre Socratics to Twentieth Century thought In addition to all the key figures the book covers figures whose contributions have so far been overlooked such as Vico Montesquieu Durkheim and Weber Along with in depth discussion of the philosophical movements Skirbekk and Gilje also discuss the natural sciences the establishment of the Humanities Socialism and Fascism Psychoanalysis and the rise of the social sciences History of Western Thought is an ideal introduction to philosophy and the sociological and scientific structures that have shaped modern day philosophy **Facing the Other** Nigel

Zimmermann, 2015-07-24 What is the significance of the body What might phenomenology contribute to a theological account of the body And what is gained by prolonging the overlooked dialogue between St John Paul II and Emmanuel Levinas Nigel Zimmermann answers these questions through the agreements and the tensions between two of the most important thinkers of the twentieth century John Paul II the Polish pope philosopher and theologian and Emmanuel Levinas the French Jewish philosopher of Lithuanian heritage were provocative thinkers who courageously faced and challenged the assumptions of their age Both held the human person in high regard and did their thinking with constant reference to God and to theological language Zimmermann does not shirk from the challenges of each thinker and does not hide their differences However he shows how they bequeath a legacy regarding the body that we would overlook at significant ethical peril We are called Zimmermann argues to face the other In this moment God refuses a banal marginalization and our call to responsibility for the other person is issued in their disarming vulnerability In the body philosophy theology and ethics converge to call us to glory even in the paradox of lowly suffering **Sexual Violence in Western Thought and Writing** V. Vitanza, 2011-09-26

This book focuses on rape narratives as grounding for western thinking about community from the polis to nation states specifically in cultures of thinking reading and writing The author rethinks rape or sexual violence through a close examination of how rape is a pedagogy that has become canonized in the form of rape stories **Transformative Change**

in Western Thought Ingo Gildenhard, 2017-07-05 This groundbreaking volume maps the shifting place and function of marvelous transformations from antiquity to the present day Shape shifting taking animal bodies miracles transubstantiation alchemy and mutation recur and echo throughout ancient and modern writing and thinking and continue in science fiction today as tales of gene splicing and hybridisation The idea of metamorphosis lies in uneasy coexistence with orderly world views and it is often cast out or attributed to enemies Augustine and the church fathers consider shape shifting ungodly Enlightenment thinkers suppress alchemy as unscientific genetically modified wheat and stem cell research are stigmatised as unnatural Yet the very possibility of radical transformation inspires hope just as it frightens A provocative theorising trans historical history this book ranges across classics literature history philosophy theology and anthropology From Homer and Ovid to Proust and H P Lovecraft and through figures from Proteus to Kafka s Fly and to Spiderman four historical surveys are combined with nine case studies to show the malleable yet persistent presence of transformation throughout Western

cultural history Christianity and Western Thought Alan G. Padgett, Steve Wilkens, 2009-08-28 Colin Brown's Christianity and Western Thought Volume 1 From the Ancient World to the Age of Enlightenment was widely embraced as a text in philosophy and theology courses around the world His project was continued with the same spirit energy and design by Steve Wilkens and Alan Padgett in volume 2 which explores the main intellectual streams of the nineteenth century This the third and final volume also by Wilkens and Padgett examines philosophers ideas and movements in the twentieth century and how they have influenced Christian thought **The Rhetoric of Western Thought** James L. Golden, 2003 **Women in Western**

Political Thought Susan Moller Okin, 2013-04-21 In this pathbreaking study of the works of Plato Aristotle Rousseau and Mill Susan Moller Okin turns to the tradition of political philosophy that pervades Western culture and its institutions to understand why the gap between formal and real gender equality persists Our philosophical heritage Okin argues largely rests on the assumption of the natural inequality of the sexes Women cannot be included as equals within political theory unless its deep rooted assumptions about the traditional family its sex roles and its relation to the wider world of political society are challenged So long as this attitude pervades our institutions and behavior the formal equality women have won has no chance of becoming substantive **Gay, Straight, and the Reason Why** Simon LeVay, 2010-09-30 What causes a child to grow up gay or straight In this book neuroscientist Simon LeVay summarizes a wealth of scientific evidence that points to one inescapable conclusion Sexual orientation results primarily from an interaction between genes sex hormones and the cells of the developing body and brain LeVay helped create this field in 1991 with a much publicized study in Science where he reported on a difference in the brain structure between gay and straight men Since then an entire scientific discipline has sprung up around the quest for a biological explanation of sexual orientation In this book LeVay provides a clear explanation of where the science stands today taking the reader on a whirlwind tour of laboratories that specialize in genetics endocrinology neuroscience cognitive psychology evolutionary psychology and family demographics He describes for instance how researchers have manipulated the sex hormone levels of animals during development causing them to mate preferentially with animals of their own gender LeVay also reports on the prevalence of homosexual behavior among wild animals ranging from Graylag geese to the Bonobo chimpanzee Although many details remain unresolved the general conclusion is quite clear A person's sexual orientation arises in large part from biological processes that are already underway before birth LeVay also makes it clear that these lines of research have a lot of potential because far from seeking to discover what went wrong in the lives of gay people attempting to develop cures for homosexuality or returning to traditional explanations that center on parent child relationships various forms of training or early sexual experiences our modern scientists are increasingly seeing sexual variety as something to be valued celebrated and welcomed into society

Italian Reactionary Thought and Critical Theory A. Righi, 2016-04-30 Contemporary critical theory has customarily been dominated by French and German thought However a new wave of Italian thinkers has broken ground for new

theoretical inquiries This book seeks to explain and defend the new wave of Italian critical thought providing context and substance behind the praxis of this emerging school **Can Man Live Without God** Ravi Zacharias,2004-08-30 In this brilliant and compelling defense of the Christian faith Ravi Zacharias shows how affirming the reality of God's existence matters urgently in our everyday lives According to Zacharias how you answer the questions of God's existence will impact your relationship with others your commitment to integrity your attitude toward morality and your perception of truth **A Companion to Continental Philosophy** Simon Critchley,William R. Schroeder,1998-06-08 Covering the complete development of post Kantian Continental philosophy this volume serves as an essential reference work for philosophers and those engaged in the many disciplines that are integrally related to Continental and European Philosophy *America's Sexual Transformation* Gary F. Kelly,2011-11-15 This book explains how the short lived sexual revolution 50 years ago has led to the current evolution of our sexual values and behaviors and social standards among youth culture examining topics such as communication technologies and sex teen pregnancy and divorce rates in the Bible Belt Is an increase in sexual activity during adolescence a normal part of the transition to adulthood or evidence of a societal problem Why would conservative religious youth become sexually active earlier than their peers and be more likely to have an unintended pregnancy or sexually transmitted disease How are women continuing to lead our society's sexual transformation Written by an author whose 40 year career in sexology and university administration provides a uniquely qualified perspective upon both sex research and the changing sexual perceptions of American youth this comprehensive book is must read for both parents and policy makers *America's Sexual Transformation* traces the philosophical cultural and scientific developments responsible for the beginning and end of America's sexual revolution that have now spawned a more substantive sexual transformation It examines traditional theories and attitudes regarding sex and demonstrates how the findings of sex research provide entirely new paradigms that should replace outmoded and harmful theories This groundbreaking book also explains who we are as sexual individuals and how we got to be that way **Judaic Sources and Western Thought** Jonathan Jacobs,2011-06-16 This volume focuses on the distinct character of Judaic thought concerning moral value the individual human being the nature of political order relations between human beings and between human beings and God The work of ten scholars it draws on moral philosophy philosophy of religion ethics Jewish intellectual history and theology **Curriculum Development in the Postmodern Era** Patrick Slattery,2012-12-06 First Published in 2006 Routledge is an imprint of Taylor Francis an informa company

Reason And Sexuality In Western Thought Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Reason And Sexuality In Western Thought PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Reason And Sexuality In Western Thought PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while

supporting the authors and publishers who make these resources available. In conclusion, the availability of Reason And Sexuality In Western Thought free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.
