Reason Not The Need Eyewitness Chronicles Of Israels War In Lebanon:

Reason Not the Need Franklin P. Lamb, John E. Dockham, 1984 **Pity the Nation** Robert Fisk, 2001 Pity the Nation will rank among the classic accounts of war in our time both as a historical document and as an eyewitness testament to human savagery Written by one of Britain's foremost journalists this remarkable book combines political analysis and war reporting in an unprecedented way This is an epic account of the Lebanon conflict by an author who has personally witnessed the carnage of Beirut for over a decade **The Dark Side of Zionism** Baylis Thomas, 2011-01-01 The thesis of The Dark Side of Zionism arising from new histories neglected by the media is that both the early Zionists and the Israelis sought their security through military domination of the indigenous Arab population of Palestine This strategy required avoiding negotiations with the Palestinians as well as demonstrating Israeli military might through wars initiated against Arab states opposed to an Israeli takeover of Palestine **Under Siege** Rashid Khalidi, 2014-01-04 Under Siege is Rashid Khalidi's firsthand account of the 1982 Lebanon War and the complex negotiations for the evacuation of the P L O from Beirut Utilizing unconventional sources and interviews with key officials and diplomats Khalidi paints a detailed portrait of the siege and ensuing massacres providing insight into the military pressure experienced by the P L O the war's impact on Palestinian and Lebanese civilians and diplomatic efforts by the United States A new preface by Khalidi considers developments across the Middle East in the thirty years since the conflict The preface also cites recently declassified Israeli documents to offer surprising new revelations about the roles and responsibilities of both Israeli leaders and American diplomats in the tragic coda to the war the Sabra and Shatila massacres **Facts and Fables (RLE Israel and Palestine)** Clifford A. Wright, 2015-05-22 The Arab Israeli conflict is one of the greatest threats to world peace today Yet for all the importance and passion of this conflict very little is actually known about the story behind the headlines Behind each confrontation and each act of terrorism is a long and deep story This primer on the Arab Israeli conflict first published in 1989 examines the real stories behind the conflict and separates fact from fable By carefully documenting each claim and counter claim many widely held beliefs are unmasked as myths *War over Peace* Uri Ben-Eliezer, 2019-06-04 Violence and war have raged between Zionists and Palestinians for over a century ever since Zionists trying to establish a nation state in Palestine were forced to confront the fact that the country was already populated Covering every conflict in Israel's history War over Peace reveals that Israeli nationalism was born ethnic and militaristic and has embraced these characteristics to this day In his sweeping and original synthesis Uri Ben Eliezer shows that this militaristic nationalism systematically drives Israel to solve its national problems by military means based on the idea that the homeland is sacred and the territory is indivisible When Israelis opposed to this ideology brought about change during a period that led to the Oslo Accords in the 1990s cultural and political forces reinforced by religious and messianic elements prevented the implementation of the agreements which brought violence back in the form of new wars War over Peace is essential reading for anyone who wants to understand the role of

ethnic nationalism and militarism in Israel as well as throughout the world **Sexuality and War** Evelyne Accad,1992-05 In this text the author explores what she argues is an indissoluble link between war and sexuality She explores the connections among sexuality war nationalism pacifism violence love and power as they relate to the body the partner the family political ideologies and religion **A History of the Israeli-Palestinian Conflict** Mark Tessler,2009-03-24 Mark Tessler s highly praised comprehensive and balanced history of the Israeli Palestinian conflict from the earliest times to the present updated through the first years of the 21st century provides a constructive framework for understanding recent developments and assessing the prospects for future peace Drawing upon a wide array of documents and on research by Palestinians Israelis and others Tessler assesses the conflict on both the Israelis and the Palestinians terms New chapters in this expanded edition elucidate the Oslo peace process including the reasons for its failure and the political dynamics in Israel the West Bank and Gaza at a critical time of transition *How Israel was Won* Baylis Thomas,1999-01-01 This is the only book you need in order to comprehend the complexities of the modern Middle East Unlike most writing on the Arab Israeli conflict *How Israel Was Won* is a balanced well researched and insightful chronicle of Israel in the twentieth century Baylis Thomas s concise history synthesizes for the general reader the vast number of historical studies and recently declassified documents from the United States and Israel to create a sophisticated and completely original interpretation of this conflict The narrative reveals the complex story behind Israel s founding its early struggle for survival and its movements toward reconciliation with its Arab neighbors Thomas also investigates the critical roles played by Great Britain France the Soviet Union and the United States and he explores the political and psychological attitudes of the protagonists and of the international community *How Israel Was Won* is the most current and most accessible account of the Arab Israeli conflict written to date To understand the events behind tonight s breaking news in the Middle East read this book Block by Block William Glenn Robertson, Lawrence A. Yates,2003 First published by the Combat Studies Institute Press The resulting anthology begins with a general overview of urban operations from ancient times to the midpoint of the twentieth century It then details ten specific case studies of U S German and Japanese operations in cities during World War II and ends with more recent Russian attempts to subdue Chechen fighters in Grozny and the Serbian siege of Sarajevo Operations range across the spectrum from combat to humanitarian and disaster relief Each chapter contains a narrative account of a designated operation identifying and analyzing the lessons that remain relevant today Democracies and Small Wars Efraim Inbar,2003-08-30 By their nature democracies clearly have greater constraints than autocratic regimes on their freedom of action as they have to meet constitutional legal and moral criteria in their use of force This collection analyses a number of case studies showing how democracies have won small wars *Lebanon* C. H. Bleaney,1991 **Politics of the Modern Arab World** Laleh Khalili,2009 This four volume collection of cutting edge and canonical scholarship counters the oft cited opinion that studies of Middle Eastern politics are devoid of social scientific theory and method by providing an overview of the state of the

scholarship in the field innovations therein and the debates that have advanced knowledge in the field The collection covers the Arab world from Morocco to the borders of Iran with the focus primarily on the twentieth century and especially the post Second World War era By choosing a wide array of authors many of whom are from the region or from the non Anglophone world the full breadth of worldwide scholarship on the modern Arab world is on display The collection defines politics broadly in line with the most innovative current works in the field of political studies to include not only politics at the state level but also the public social and popular domains that define and shape and are in turn defined and shaped by politics *End Papers* ,1985 **Frontier and Ghetto** James Ron,1999 **Encyclopedia of the Palestine Problem** Issa Nakhleh,1991 This book presents a well researched account of the Palestinian Israeli conflict from the Palestinian perspective This book is a solid account of the dispossession and exodus of the Palestinians what is ultimately a sad and depressing story The book primarily relies upon first hand accounts from Palestinian refugees and from examinations of surviving primary documentation in addition to an analysis of other research works This encyclopedia is a valuable resource for those seeking to understand why the Palestinians and many Arabs perceive the Palestinian Israeli conflict so differently from that of Israelis Europeans and Americans *South* ,1987 Subject Guide to Books in Print ,1996 **Israel and the West Bank and Gaza Strip** C. H.
