## Reasons Disciples:

Spectacular Sins John Piper, 2008-09-12 John Piper delivers powerful biblical reassurances to bolster readers trust in the sovereignty of God and the supremacy of Christ when evil and tragedy come. If God governs the sinful acts of men then does the devastation caused by those terrorists dictators murderers cheats and abusers discredit Jesus words. All authority in heaven and earth belongs to me. When heart rending news comes of the latest accident illness or natural disaster can we really believe that in Jesus all things hold together. Though God has not answered all of our questions about sin and suffering there are things he wants us to know things he declares in his Word such as what is at stake in the spectacular sins of others and the horrible tragedies of this life their global purpose both historically and today and what these events say to us personally. As John Piper works through these biblical truths this book will bolster readers trust in the utter sovereignty of God such that they will be less timid in their witness and less afraid of whatever may come. It is also a joy infused declaration that because everything occurs through Christ and for Christ and his glory they are forever secure in him. **The Acts of the Apostles**, 2010-12-01 Acts is the sequel to Luke's gospel and tells the story of Jesus's followers during the 30 years after his death. It describes how the 12 apostles formerly Jesus's disciples spread the message of Christianity throughout the Mediterranean against a background of persecution. With an introduction by P D James. *Being Disciples* Rowan Williams, 2016-12-12 Basic instruction in Christian discipleship from one of the world's greatest living theologians. Discipleship says Rowan Williams in this companion to his best selling *Being Christian* is a state of being. Discipleship is about how we live not just the decisions we make not just the things we believe but a state of being. Having covered baptism Bible Eucharist and prayer in *Being Christian* Williams turns his attention in this book to what is required for us to continue following Jesus and growing in faith. The book has six succinct chapters: Being Disciples Faith Hope and Love Forgiveness Holiness Faith in Society Life in the Spirit. In his typically gentle inviting pastoral writing style Williams offers biblically grounded wisdom for Christians at all stages of their journeys as disciples of Jesus. Making Disciples CRIS. ROGERS, 2018-03-23 This course aims to unlock areas of participants lives using clear gospel teaching. It takes those following it past the stage of simply believing to following Jesus in all aspects of their lives. Rogers believes that if we are able to identify and address weaknesses in our personal lives as disciples of Christ the impact on the church will be profound. Rather than sitting back and waiting for eternity to begin he urges readers to partner with God to see his kingdom come. Using various diagrammatic tools Rogers focuses on how our minds need to be renewed with the word our hearts need to be aligned with the heart of Christ and our hands need to be ready to give and serve as God leads. This course is highly practical in the way that it promotes biblical discipleship spurring individuals small groups and churches on to fulfil the Great Commission laid down by Jesus himself. **Twelve Ordinary Men** John F. MacArthur, 2006-05-08 Discover how God used ordinary men Jesus's twelve chosen disciples to change the world and how He can accomplish the same thing through you.

You don't have to be perfect to do God's work. Look no further than the twelve disciples whose many weaknesses are forever preserved throughout the pages of the New Testament. Join bestselling author John MacArthur in *Twelve Ordinary Men* as he draws principles from Christ's careful hands on training of the original disciples for today's modern disciple. You see, Jesus chose ordinary men: fishermen, tax collectors, political zealots, and turned their weakness into strength, producing greatness from people who were otherwise unremarkable. The twelve disciples weren't the stained glass saints we imagine. On the contrary, they were truly human, all too prone to mistakes, misstatements, wrong attitudes, lapses of faith, and bitter failure. Simply put, they were flawed people just like us. But under Jesus' teaching and touch, they became a force that forever changed the world. MacArthur takes you into the inner circle of the disciples: their selection, their training, their personalities, and their incredible impact. As MacArthur took a closer look at the lives of the twelve disciples, he found himself asking difficult questions along the way, including: Why did Jesus pick each of the twelve disciples? How did Jesus teach them everything he could in just eighteen short months? Can the lessons that Jesus taught the disciples still influence our faith today? In *Twelve Ordinary Men*, you'll learn that disciples are living proof that God's strength is made perfect in weakness. As you get to know the men who walked with Jesus, you'll see that if he can accomplish his purposes through them, he can do the same through you.

**Power Thoughts** Joyce Meyer, 2010-09-14 Joyce Meyer has a knack for coining phrases; her fans call them Joyceisms, and one of her best-loved is "Where the mind goes, the man follows." This was the basis for *Battlefield of the Mind*, and in her latest book, Meyer provides power thoughts bringing the reader to a new level of ability to use the mind as a tool to achievement. In *Power Thoughts*, she outlines a flexible program to turn thoughts into habits and habits into success. Sections include "The Power of a Positive You," "5 Rules for Keeping Your Attitude at the Right Altitude," "More Power To You," bulleted keys to successful thinking in each chapter, "The Power of Perspective." Nobody has more of a "can-do" attitude than Joyce Meyer. Now you can too.

**Forming Intentional Disciples** Sherry Weddell, 2012-07-05 How can we transmit a living, personal Catholic faith to future generations? By coming to know Jesus Christ and following him as his disciples. These are times of immense challenge and immense opportunity for the Catholic Church. Consider these statistics for the United States: Only 30 percent of Americans who were raised Catholic are still practicing. Fully 10 percent of all adults in America are ex-Catholics. The number of marriages celebrated in the Church decreased dramatically by nearly 60 percent between 1972 and 2010. Only 60 percent of Catholics believe in a personal God. If the Church is to reverse these trends, the evangelizers must first be evangelized; in other words, Catholics in the pew must make a conscious choice to know and follow Jesus before they can draw others to him. This work of discipleship lies at the heart of *Forming Intentional Disciples*, a book designed to help Church leaders, parish staff, and all Catholics transform parish life from within. Drawing

upon her fifteen years of experience with the Catherine of Siena Institute Sherry Weddell leads readers through steps that will help Catholics enter more deeply into a relationship with God and the river of apostolic creativity charisms and vocation that flow from that relationship for the sake of the Church and the world Learn about the five thresholds of postmodern conversion how to open a conversation about faith and belief how to ask thought provoking questions and establish an atmosphere of trust when to tell the Great Story of Jesus how to help someone respond to God's call to intentional discipleship and much more And be prepared for conversion because when life at the parish level changes the life of the whole Church will change

Jesus and the Eyewitnesses Richard Bauckham,2008-09-22 Noted New Testament scholar Bauckham challenges the prevailing assumption the accounts of Jesus circulated as anonymous community traditions instead asserting that they were transmitted in the name of the original eyewitness

**Discipleship that Fits** Bobby Harrington,Alex Absalom,2016-02-09 For far too long the church has tried to make disciples using a one size fits all approach Some churches advocate 1 on 1 discipling others try getting everyone into a small group while still others training through mission trips or service projects Yet others focus all their efforts on attracting people to a large group gathering to hear biblical teaching and preaching But does one size really fit everyone Based on careful biblical study and years of experience making disciples in the local church Bobby Harrington and Alex Absalom have identified five key relationships where discipleship happens in our lives In each relational context we need to understand how discipleship occurs and we need to set appropriate expectations for each context Discipleship That Fits shows you the five key ways discipleship occurs It looks at how Jesus made disciples and how disciples were formed in the early church Each of the contexts is necessary at different times and in different ways as a person grows toward maturity

in Christ Public Relationships The church gathering corporately for worship Social Relationships Networks of smaller relationships where we engage in mission and live out our faith in community Personal Relationships Small groups of six to sixteen people where we challenge and encourage one another on a regular basis Transparent Relationships Close relationships of three to four where we share intimate details of our lives for accountability The Divine Relationship Our relationship with Jesus Christ where we grow through the empowering presence of the Holy Spirit Filled with examples and stories Alex and Bobby show you how to develop discipleship practices in each relational context by sharing how Jesus did it how the early church practiced it and how churches are discipling people today Quiet Talks on Service Samuel Dickey Gordon,1906 *The Fate of the Apostles* Sean McDowell,2016-03-09 The Book of Martyrs by John Foxe written in the 16th century has long been the go to source for studying the lives and martyrdom of the apostles Whilst other scholars have written individual treatments on the more prominent apostles such as Peter Paul John and James there is little published information on the other apostles In *The Fate of the Apostles* Sean McDowell offers a comprehensive reasoned historical analysis of the fate of the twelve disciples of Jesus along with the apostles Paul and James McDowell assesses the evidence for each apostle s martyrdom as well as determining its significance to the reliability of their testimony The question of the fate of the apostles also gets to the heart of the reliability of the kerygma did the apostles really believe Jesus appeared to them after his death or did they fabricate the entire story How reliable are the resurrection accounts The willingness of the apostles to die for their faith is a popular argument in resurrection studies and McDowell offers insightful scholarly analysis of this argument to break new ground within the spheres of New Testament studies Church History and apologetics

resurrection Have fresh arguments disqualified Jesus from being the Messiah Did Christianity steal its core ideas from earlier mythology Evaluate the arguments and evidence being advanced by prominent atheists liberal theologians Muslim scholars and others Sift through expert testimony Then reach your own verdict in The Case for the Real Jesus     **Holy Bible (NIV)**
