Sideras, 2018-01-04 This book presents a strong case for the Christian faith by using scientific evidence and philosophical reasoning Although an abundance of Christian apologetic textbooks exist most are not easily accessible because they offer long and scholarly treatments of subject matter that may not appeal to lay readers This book differs in two ways First it presents the case for Christianity in a friendly scholarly prose which enables readers to plainly understand each reason to believe Second these reasons are concisely structured so that within minutes readers can quickly examine each argument in light of the evidence presented 101 Good Reasons to Believe is essential reading for theists who wish to strengthen their faith in God and for nontheists who desire to critically investigate the truth claims of the Bible This book includes topics such as astronomical evidence for the existence of God evidence for creation and intelligent design refutation of Darwinian evolution the historicity of Jesus why there is human suffering if God exists the accuracy of the Bible and evidence for heaven and hell The 101 reasons presented make thought provoking and compelling

reading for scholars and non scholars alike How to Be an Atheist (Foreword by J. P. Moreland) Mitch Stokes,2016-02-12
Atheists love to challenge the beliefs of Christians emphasizing the importance of skepticism for all truly free thinking people
However more often than not atheists actually aren't skeptical enough In this book philosopher Mitch Stokes demonstrates
that atheists confidence in the supposed God killing facts of science math and their own reason all too often lulls them into a
mind set that leaves their own worldview largely unquestioned Making the case for a more complete skepticism that
questions the assumptions of Christians and non Christians this book winsomely shows how Christianity offers the best
explanation for the world humanity and morality *A Faith for Skeptics* John H. Heidt,2005 Setting Yourself Free to Believe
We do not live in an age of disbelief but in an age of doubt After many years in the parish ministry John H Heidt has found
that few people do not have some kind of belief in God But a great many people inside and outside the church are uneasy
about believing too much or too strongly They take all sorts of other things in life for granted but when it comes to religion
they are skeptics This book is written for all those who would like to believe in something definite but are afraid to do so It
does not try to argue anyone into belief but sets out to convince the reader that it is all right to believe and specifically to
believe in the traditional teachings of Christianity **Reasons for Faith (Foreword by Lee Strobel)** Norman L.
Geisler,Chad V. Meister,2007-10-26 Many Christians want to witness for their faith but they are afraid they will not be able to
answer questions that others may ask of them First Peter 3:15 reminds believers to always be prepared to make a defense to
anyone who asks you for a reason for the hope that is in you Norman Geisler and Chad Meister realize the fear of facing
questions about the Christian faith Their book *Reasons for Faith* gives believers grounded biblical apologetics to help them
defend their faith By covering the importance of apologetics and then applying apologetics to popular culture and theological
issues these authors give all Christians the tools they need to stand firm in their faith and to be able to share that faith in
today's society Seven Reasons to (Re)Consider Christianity Ben Shaw,2021-05-01 Examine the evidence for Christianity
and why it is worth considering Lots of people assume that Christianity is simply a nice story for kids or a niche hobby for
weirdos or worse unattractively restrictive In this book Ben Shaw invites sceptical readers to think again He outlines seven
reasons why Christianity is worth considering or reconsidering not least because it offers some thought provoking and
rational answers to our deepest questions This warm honest book shows that the Christian message is both more credible
and more wonderful than we might have otherwise thought and calls readers to investigate the person of Jesus for
themselves *Every Reason to Be a Christian* Byron Bledsoe,2006-06 Bledsoe offers a comprehensive and compelling case
for Christianity Extensive intense and scholarly the text contains more than 1 400 Bible and 235 other references Social
Issues **The Reason I Believe** Allen Quist,2017 This book introduces its readers to the essentials of Christian apologetics
The author offers biblical examples for topics such as the existence of God the reliability of the Old Testament and scientific
problems with Darwinism This book will certainly help any Christian learn to defend their faith in a secular culture Liquid

The Wisdom to Doubt J. L. Schellenberg, 2012-05-15 The Wisdom to Doubt is a major contribution to the contemporary literature on the epistemology of religious belief Continuing the inquiry begun in his previous book Prolegomena to a Philosophy of Religion J. L. Schellenberg here argues that given our limitations and especially our immaturity as a species there is no reasonable choice but to withhold judgment about the existence of an ultimate salvific reality Schellenberg defends this conclusion against arguments from religious experience and naturalistic arguments that might seem to make either religious belief or religious disbelief preferable to his skeptical stance In so doing he canvasses virtually all of the important recent work on the epistemology of religion Of particular interest is his call for at least skepticism about theism the most common religious claim among philosophers The Wisdom to Doubt expands the author's well known hiddenness argument against theism and situates it within a larger atheistic argument itself made to serve the purposes of his broader skeptical case That case need not on Schellenberg's view lead to a dead end but rather functions as a gateway to important new insights about intellectual tasks and religious possibilities

Unbelievable? Justin Brierley, 2017-06-15 Conversations matter Yet recently good conversations about faith have been increasingly squeezed out of the public sphere Seeking to reopen the debate Justin Brierley began to invite atheists and sceptics on to Premier Christian Radio to air arguments for and against the Christian faith But how has ten years of discussion with atheists affected the presenter's faith Reflecting on conversations with Richard Dawkins Derren Brown and many more Justin explains why he still finds Christianity the most compelling explanation for life the universe and everything And why regardless of belief or
