Rebeccas World:

Rebecca's World Terry Nation, 1994-06-27 It was the eleventh day of the school holidays and Rebecca was bored But events take a dramatic turn for the better or worse when she finds herself transported to a distant planet whose people are terrorized by jelly like monsters called Ghosts Suggested level primary intermediate **Rebecca's Revival** Jon F Sensbach, 2009-06-30 Rebecca's Revival is the remarkable story of a Caribbean woman a slave turned evangelist who helped inspire the rise of black Christianity in the Atlantic world All but unknown today Rebecca Protten left an enduring influence on African American religion and society Born in 1718 Protten had a childhood conversion experience gained her freedom from bondage and joined a group of German proselytizers from the Moravian Church She embarked on an itinerant mission preaching to hundreds of the enslaved Africans of St Thomas a Danish sugar colony in the West Indies Laboring in obscurity and weathering persecution from hostile planters Protten and other black preachers created the earliest African Protestant congregation in the Americas Protten's eventful life the recruiting of converts an interracial marriage a trial on charges of blasphemy and inciting of slaves travels to Germany and West Africa placed her on the cusp of an emerging international Afro Atlantic evangelicalism Her career provides a unique lens on this prophetic movement that would soon sweep through the slave quarters of the Caribbean and North America radically transforming African American culture Jon Sensbach has pieced together this forgotten life of a black visionary from German Danish and Dutch records including letters in Protten's own hand to create an astounding tale of one woman's freedom amidst the slave trade Protten's life with its evangelical efforts on three continents reveals the dynamic relations of the Atlantic world and affords great insight into the ways black Christianity developed in the New World **Rebecca's Children** Alan F. Segal, 1989-03-15 Segal offers new insights into the origins of rabbinic Judaism and Christianity These twin descendants of Hebrew heritage shared the same social cultural and ideological context and the same minority status in the first century CE The separation between them fractured what remained of the shared symbolic life of Judea The Herds Shot Round the World Rebecca J. H. Woods, 2017-10-10 As Britain industrialized in the early nineteenth century animal breeders faced the need to convert livestock into products while maintaining the distinctive character of their breeds Thus they transformed cattle and sheep adapted to regional environments into bulky quick fattening beasts Exploring the environmental and economic ramifications of imperial expansion on colonial environments and production practices Rebecca J H Woods traces how global physiological and ecological diversity eroded under the technological economic and cultural system that grew up around the production of livestock by the British Empire Attending to the relationship between type and place and what it means to call a particular breed of livestock native Woods highlights the inherent tension between consumer expectations in the metropole and the ecological reality at the periphery Based on extensive archival work in the United Kingdom New Zealand and Australia this study illuminates the connections between the biological consequences and the politics of imperialism In tracing both the

national origins and imperial expansion of British breeds Woods uncovers the processes that laid the foundation for our livestock industry today *If We Could Change the World* Rebecca De Schweinitz,2009 Rebecca de Schweinitz offers a new perspective on the civil rights movement by bringing children and youth to the fore In the first book to connect young people and shifting ideas about children and youth with the black freedom struggle de Schweinitz explains how popular ideas about youth and young people themselves both black and white influenced the long history of the movement If We Could Change the World brings out the voices and experiences of participants who are rarely heard Here familiar events from the black freedom struggle are examined in new ways and the explanations and motivations for getting involved and taking action are told often in the words of young people themselves Taking an interdisciplinary approach de Schweinitz argues that examining historical constructions of childhood and the roles children have played in history changes the way one understands the past With de Schweinitz s analysis young people elementary age adolescent and young adult take their place as significant historical and political actors in the black freedom struggle *Down World* Rachel Phelps,2021-03-30 Would you destroy another world to save your own As the site of a former military base there have always been rumors that East Township High School was the site of experiments with space and time For years students have whispered in the hallways of a doorway created within the school one that can access multiple timelines and realities a place known as the Down World As the new kid in school and still reeling from the unexplained death of her brother Robbie Marina O Connell is only interested in one thing leaving the past behind But a chance encounter with handsome Brady Picelli changes everything He will lead Marina to a startling discovery The Down World is real and the past present and future are falling out of balance Brady is determined to help Marina discover what really happened to her brother However what is taken from one world must be repaid by another And Marina is about to discover that even a realm of infinite possibilities has rules that must be obeyed

Wanderlust Rebecca Solnit, 2001-06-01 A passionate thought provoking exploration of walking as a political and cultural activity from the author of Orwell's Roses Drawing together many histories of anatomical evolution and city design of treadmills and labyrinths of walking clubs and sexual mores Rebecca Solnit creates a fascinating portrait of the range of possibilities presented by walking Arguing that the history of walking includes walking for pleasure as well as for political aesthetic and social meaning Solnit focuses on the walkers whose everyday and extreme acts have shaped our culture from

philosophers to poets to mountaineers She profiles some of the most significant walkers in history and fiction from Wordsworth to Gary Snyder from Jane Austen's Elizabeth Bennet to Andre Breton's Nadja finding a profound relationship between walking and thinking and walking and culture Solnit argues for the necessity of preserving the time and space in which to walk in our ever more car dependent and accelerated world *The Things We Leave Unfinished* Rebecca Yarros, 2021-02-23 Told in alternating timelines THE THINGS WE LEAVE UNFINISHED examines the risks we take for love the scars too deep to heal and the endings we can't bring ourselves to see coming Twenty eight year old Georgia Stanton has to start over after she gave up almost everything in a brutal divorce the New York house the friends and her pride Now back home at her late great grandmother's estate in Colorado she finds herself face to face with Noah Harrison the bestselling author of a million books where the cover is always people nearly kissing He's just as arrogant in person as in interviews and she'll be damned if the good looking writer of love stories thinks he's the one to finish her grandmother's final novel even if the publisher swears he's the perfect fit Noah is at the pinnacle of his career With book and movie deals galore there isn't much the golden boy of modern fiction hasn't accomplished But he can't walk away from what might be the best book of the century the one his idol Scarlett Stanton left unfinished Coming up with a fitting ending for the legendary author is one thing but dealing with her beautiful stubborn cynical great granddaughter Georgia is quite another But as they read Scarlett's words in both the manuscript and her box of letters they start to realize why Scarlett never finished the book it's based on her real life romance with a World War II pilot and the ending isn't a happy one Georgia knows all too well that love never works out and while the chemistry and connection between her and Noah is undeniable she's as determined as ever to learn from her great grandmother's mistakes even if it means destroying Noah's career *Storm of Locusts* Rebecca Roanhorse, 2019-04-23 Kai and Caleb Goodacre have been kidnapped just as rumors of a cult sweeping across the reservation leads Maggie and Hastiin to investigate an outpost and what they find there will challenge everything they've come to know in this badass The New York Times action packed sequel to Trail of Lightning It's been four weeks since the bloody showdown at Black Mesa and Maggie Hoskie Din monster hunter is trying to make the best of things Only her latest bounty hunt has gone sideways she's lost her only friend Kai Arviso and she's somehow found herself responsible for a girl with a strange clan power Then the Goodacre twins show up at Maggie's door with the news that Kai and the youngest Goodacre Caleb have fallen in with a mysterious cult led by a figure out of Navajo legend called the White Locust The Goodacres are convinced that Kai's a true believer but Maggie suspects there's more to Kai's new faith than meets the eye She vows to track down the White Locust then rescue Kai and make things right between them Her search leads her beyond the Walls of Din'tah and straight into the horrors of the Big Water world outside With the aid of a motley collection of allies Maggie must battle body harvesters newborn casino gods and ultimately the White Locust himself But the cult leader is nothing like she suspected and Kai might not need rescuing after all When the full scope of the White Locust's plans are revealed Maggie's

burgeoning trust in her friends and herself will be pushed to the breaking point and not everyone will survive **Blessing the World** Rebecca Ann Parker, Robert Hardies, 2006
