

KEVIN TOOLIS

REBEL HEARTS

"The rebel heart is as romantic as it is violent, and Toolis has captured its pulse in prose that often approaches poetry."

—*The San Francisco Chronicle*

Journeys Within the
IRA's Soul

Rebel Hearts Journeys Within The Iras Soul

Stephanie J. Smith

Rebel Hearts Journeys Within The Iras Soul:

Rebel Hearts Kevin Toolis, 1997-04-15 A detailed and revealing portrait of the world of the IRA *Rebel Hearts* explains and uncovers the roots of the conflict in Northern Ireland through a series of profiles of IRA men As romantic as it is violent Toolis has captured its pulse in prose that often approached poetry *San Francisco Chronicle* *Rebel Hearts* Kevin Toolis, 1995-06-01 *Rebel Hearts* is a detailed and revealing account of the psychological underworld of Irish Republicanism Stunning It brings the dehumanizing horror of the Troubles into a painful dazzling light *Simon Hoggart Sunday Tribune* Kevin Toolis investigated the lives of men and women who for the twenty five years of the IRA s war with Britain formed the backbone of its effort Each chapter explores a world in which history and the republican and loyalist interpretation of it dominate lives and deaths *Rebel Hearts* does not seek to explain the roots of the conflict in Northern Ireland in a direct historical narrative form but constructs and reconstructs its history through a series of connected and highly detailed individual portraits The book is now updated with two long new chapters on all the latest developments One of the strengths of Kevin Toolis s compelling chilling coldly brilliant book is that it reawakens the mind to the reality of why they took place easily the best book I have read on the Troubles *John Sweeney Literary Review* An honest and important book essential for anyone who wants to assess what has been happening for the past twenty five years in Northern Ireland and what is likely to happen next *Robert Kee Irish Times* *My Father's Wake* Kevin Toolis, 2018-02-27 An intimate lyrical look at the ancient rite of the Irish wake and the Irish way of overcoming our fear of death Death is a whisper for most of us Instinctively we feel we should dim the lights pull the curtains and speak softly But on a remote island off the coast of Ireland s County Mayo death has a louder voice Each day along with reports of incoming Atlantic storms the local radio runs a daily roll call of the recently departed The islanders go in great numbers young and old alike to be with their dead They keep vigil with the corpse and the bereaved company through the long hours of the night They dig the grave with their own hands and carry the coffin on their own shoulders The islanders cherish the dead and amid the sorrow they celebrate life too In *My Father s Wake* acclaimed author and award winning filmmaker Kevin Toolis unforgettably describes his own father s wake and explores the wider history and significance of this ancient and eternal Irish ritual Perhaps we too can all find a better way to deal with our mortality by living and loving as the Irish do **IRA, The Bombs and the Bullets** A. R. Oppenheimer, 2008-10-16 In this groundbreaking title A R Oppenheimer tells how the Irish Republican Army became the most adept and experienced insurgency group the world has ever seen through their bombing expertise and how after generations of conflict it all came to an end The book is a comprehensive account of more than 150 years of Irish republican strategic tactical and operational details and an analysis of the IRA s mission doctrine targeting and acquisition of weapons and explosives As a leading expert on non conventional weapons and explosives Oppenheimer vividly presents the story behind the bombs those who built and deployed them those who had to deal with and dismantle them and those who suffered or died from them He analyses where

how and why the IRA's 19,000 bombs were built, targeted and deployed and explores what the IRA was hoping to accomplish in its unrivaled campaign of violence and insurgency through covert acquisition, training, intelligence and counter intelligence. Beginning with the Fenian Dynamiters in the second half of the nineteenth century, Oppenheimer fully describes and assesses the impact of the pre-1970s bombing campaigns in Northern Ireland and England and the evolution of strategies and tactics during the Troubles. He concludes with the decommissioning of an arsenal big enough to arm several battalions which included an entire home-crafted missile system, an unsurpassed range of improvised explosive devices (IEDs) and enough explosives to blow up several urban centres. The author scrutinises the level of deadly improvisation that became the hallmark of the Provisional IRA's expertise and the ingenuity in its pioneering IED timing, delay and disguise technologies and follows the arms race it carried on with the British Army and security services in a long war of mutual assured disruption. He also provides an insight into the bombing equipment and guns in the vast IRA inventory held at Irish Police HQ in Dublin.

Brits Peter Taylor, 2014-05-29 The third part of the trilogy documenting modern-day Northern Ireland by the author of *Provos* and *Loyalists*. In the final part of his trilogy exploring The Troubles in Northern Ireland, Peter Taylor talks to undercover agents of the British state and reveals for the first time the hidden secrets of the war they waged against the IRA for thirty years. *PROVOS* and *LOYALISTS* told the story of the conflict from the point of view of the Republicans and Loyalists; now the story with all its tragic twists and turns is told from the British perspective. For the first time, undercover soldiers, Special Branch officers and a top MI6 agent step out of the shadows and, along with the Whitehall mandarins who helped shape policy from Westminster, tell their stories. **PRAISE FOR PETER TAYLOR** Only a journalist of Peter Taylor's standing could have persuaded people from all sides in the conflict to cooperate in such a manner. The result was a first-rate piece of journalism. It was also first-rate history. *Guardian*

Black and Green Brian Dooley, 1998 An excellent book. *Irish Voice* New York Ties between political activists in Black America and Ireland span several centuries from the days of the slave trade to the close links between Frederick Douglass and Daniel O'Connell and between Marcus Garvey and Eamon de Valera. This timely book traces those historic links and examines how the struggle for black civil rights in America in the 1960s helped shape the campaign against discrimination in Northern Ireland. The author includes interviews with key figures such as Angela Davis, Bernadette McAliskey and Eamonn McCann.

Times of Troubles Andrew Sanders, 2012-05-02 How The Troubles in Ulster defined the Scottish and British military experience post WW2

Agents of Influence Aaron Edwards, 2021-04-09 Recruited by British Intelligence to infiltrate the IRA and Sinn Féin during the height of the Northern Ireland Troubles, they were agents of influence. With codenames like INFLICTION, STAKEKNIFE 3007 and CAROL, these spies played a pivotal role in the fight against Irish republicanism. Now for the first time, some of these agents have emerged from the shadows to tell their compelling stories. *Agents of Influence* takes you behind the scenes of the secret intelligence war which helped bring the IRA's armed struggle to an end. Historian Aaron Edwards, the critically acclaimed author of *UVF*

Behind the Mask explains how the IRA was penetrated by British agents with explosive new revelations about the hidden agendas of prominent republicans like Martin McGuinness and Freddie Scappaticci and lesser known ones like Joe Haughey and John Joe Magee Bringing to light recently declassified TOP SECRET documents and the firsthand testimonies of agents and their handlers Edwards reveals how British Intelligence gained extraordinary access to the IRA's inner circle and manipulated them into engaging with the peace process With new insights into the spy masters behind the scenes their strategies and tactics and Britain's international intelligence network in Northern Ireland Europe and beyond Agents of Influence offers a rare and shocking glimpse into the clandestine world of secret agents British intelligence strategy and the betrayal at the heart of militant Irish republicanism during the vicious decades of the Troubles Palgrave Dictionary of Public Order Policing, Protest and Political Violence P. Joyce, Neil Wain, 2014-11-04 Protest and political violence are concerns of global importance in the twenty first century This dictionary brings together in one comprehensive volume a number of key issues relating to the conduct of protest and political violence and the response of the state and police to such activities **Armed Struggle** Richard English, 2008-09-04 A timely work of major historical importance examining the whole spectrum of events from the 1916 Easter Rising to the current and ongoing peace process fully updated with a new afterword for the paperback edition An essential book closely reasoned formidably intelligent and utterly compelling required reading across the political spectrum important and riveting Roy Foster The Times An outstanding new book on the IRA a calm rational but in the end devastating deconstruction of the IRA Henry McDonald Observer Superb the first full history of the IRA and the best overall account of the organization English writes to the highest scholarly standards Moreover he writes with the common reader in mind he has crafted a fine balance of detail and analysis and his prose is clear fresh and jargon free sets a new standard for debate on republicanism Peter Hart Irish Times The one book I recommend for anyone trying to understand the craziness and complexity of the Northern Ireland tragedy Frank McCourt author of Angela's Ashes **'The Age-Old Struggle'** Jack Hepworth, 2021-09-15 This is a wide ranging analysis of the internal dynamics of Irish republicanism between the outbreak of the Troubles in 1969 and the Good Friday Agreement of 1998 Engaging a vast array of hitherto unused primary sources alongside original and re used oral history interviews The Age Old Struggle draws upon the words and writings of more than 250 Irish republicans This book scrutinises the movement's historical and contemporary complexity the variety of influences within Irish republicanism and divergent republican responses at pivotal moments in the conflict Yet it also assesses the centripetal forces which connected republican organisations through decades of struggle Across five thematic chapters The Age Old Struggle offers new insights into republicanism's multi layered interactions with the global 68 tactical and strategic change revolutionary socialism feminism and religion Drawing on political periodicals ephemera and interviews with activists throughout the ranks of several republican groups the book roots its analysis in republicanism's temporal and spatial complexity It contends that the cultural significance of place interactions with class and

revolutionary politics and shifting intra movement networks are essential to understanding the movement s dynamics since 1969 Terrorist Informers in Northern Ireland Samantha Newbery,2024-10-21 By using informers to provide intelligence on terrorism the security and intelligence agencies who handle them gain knowledge of their offences Charges may then be brought against them provided evidence supports this course of action But if imprisoned an informer no longer has access to the time sensitive potentially life saving intelligence they once had There is therefore a tension between continuing to use an informer to provide intelligence on terrorism and upholding the law This tension is at the heart of this book Terrorist Informers in Northern Ireland analyses prominent terrorist informers such as Agent Stakeknife and lesser known examples who collectively were active throughout Northern Ireland from the 1970s to the present It looks at both those involved with republican groups and with loyalist groups and also those working for the police the armed forces and MI5 Valuable pieces of the puzzle are unearthed in sources such as court judgments official reports and in interviews conducted by the author The book also analyses the way successive governments the police the armed forces and MI5 have addressed the regulation of terrorist informers involvement in criminality as well as allegations of collusion between informers on one hand and the security and intelligence agencies on the other Accordingly the book also assesses the varied retrospective investigations into the use of terrorist informers and therefore the competing needs for secrecy and transparency As Samantha Newbery s research here shows although there is a tension between intelligence and the law this can be successfully navigated

Rules for Rebels Max Abrahms,2018-09-04 Ever wonder why militant groups behave as they do For instance why did Al Qaeda attack the World Trade Center whereas the African National Congress tried to avoid civilian bloodshed Why does Islamic State brag over social media about its gory attacks while Hezbollah denies responsibility or even apologizes for its carnage This book shows that militant group behaviour depends on the tactical intelligence of the leaders The author has extensively studied the political plights of hundreds of militant groups throughout world history and reveals that successful militant leaders have followed three rules These rules are based on original insights from the fields of political science psychology criminology economics management marketing communication and sociology It turns out there s a science to victory in militant history But even rebels must follow rules *Violence and Police Culture* Tony Coody,2000 Violence and policing are inevitably associated Criminals use violence not only against innocent members of the public but also against the police themselves For our own protection and theirs we have given police a licence to use force sometimes with lethal consequences But the exercise of this licence is fraught with risk to the community The disturbing record of police shootings in Victoria and irresponsible police violence elsewhere in recent years vividly illustrate this risk The public outcry against such events is understandable To find a solution we need to analyse the contexts and the cultural background of the use of police violence and to think hard about its causes and proper limits In *Violence and Police Culture* eminent contributors offer valuable insights and experience to the growing debate While Australian in origin and emphasis the book addresses a public

issue that resonates as far afield as London New York Tokyo and Belfast Violence and Police Culture argues that there are features of police culture which foster abuse of the right to use violence The book makes positive suggestions about institutional changes that might alleviate the problems bedevilling what the philosopher Thomas Hobbes called the right of the sword

A Treatise on Northern Ireland, Volume I Brendan O'Leary, 2019-04-04 This first volume in A Treatise on Northern Ireland illuminates how British colonialism shaped the formation and political cultures of what became Northern Ireland and the Irish Free State Contrasting colonial and sectarianized accounts of modern Irish history Brendan O Leary shows that a judicious meld of these perspectives provides a properly political account of direct and indirect rule and of administrative and settler colonialism The British state incorporated Ulster and Ireland into a deeply unequal Union after four re conquests over two centuries had successively defeated the Ulster Gaels the Catholic Confederates the Jacobites and the United Irishmen and their respective European allies Founded as a union of Protestants in Great Britain and Ireland rather than of the British and the Irish nations the colonial and sectarian Union was infamously punctured in the catastrophe of the Great Famine The subsequent mobilization of Irish nationalists and Ulster unionists and two republican insurrections amid the cataclysm and aftermath of World War I brought the now partly democratized Union to an unexpected end aside from a shrunken rump of British authority baptized as Northern Ireland Home rule would be granted to those who had claimed not to want it after having been refused to those who had ardently sought it The failure of possible federal reconstructions of the Union and the fateful partition of the island are explained and systematically compared with other British colonial partitions Northern Ireland was invented in accordance with British interests to resolve the hereditary animosities between the descendants of Irish natives and British settlers in Ireland In the long run the invention proved unfit for purpose Indispensable for explaining contemporary institutions and mentalities this volume clears the path for the intelligent reader determined to understand contemporary Northern Ireland

Bloody Sunday Ian Hearn, 2021-12-15 Fifty years on a compelling new perspective on one of the most violent and controversial events of The Troubles in Northern Ireland

Joyce, Derrida, Lacan and the Trauma of History Christine van Boheemen, 1999-09-18 In Joyce Derrida Lacan and the Trauma of History Christine van Boheemen Saaf examines the relationship between Joyce's postmodern textuality and the traumatic history of colonialism in Ireland Joyce's influence on Lacanian psychoanalysis and Derrida's philosophy Van Boheemen Saaf suggests ought to be viewed from a postcolonial perspective She situates Joyce's writing as a practice of indirect witnessing to a history that remains unspeakable The loss of a natural relationship to language in Joyce calls for a new ethical dimension in the process of reading The practice of reading becomes an act of empathy to what the text cannot express in words In this way she argues Joyce's work functions as a material location for the inner voice of Irish cultural memory This book engages with a wide range of contemporary critical theory and brings Joyce's work into dialogue with thinkers such as Žižek Adorno Lyotard as well as feminism and postcolonial theory

Special Category Ruán

O'Donnell, 2015-08-25 This pioneering three part work is the definitive history of Irish Republican prisoners detained in England's maximum security prison dispersal system during the entire period of the Troubles. A resurgence of IRA violence in Britain resulted in a steady stream of prisoners that ensured the organisation maintained a significant jail population. Based on private correspondence, British state archives, declassified government documents, international media reports and memoirs of key protagonists, account is taken of all major riots, roof top protests, sabotage attacks and escape attempts undertaken by the IRA as well as the little known blanket protest undertaken in several locations in England. Special Category Volume 2 tells the full story of the Wormwood Scrubs riot of August 1979, Brixton breakout of December 1980 and the pivotal Albany mutiny of May 1983, told for the first time using fresh eye witness accounts as well as official and public sources. The perspectives of the Irish and British governments, various judiciaries, international legal forums, ordinary decent criminals and prisoner solidarity groups are outlined in detail. This ground breaking book establishes that the prison war in England was a far more important IRA theatre of action than hitherto realised. *Gender and the Mexican Revolution* Stephanie J. Smith, 2009 The state of Yucatan is commonly considered to have been a hotbed of radical feminism during the Mexican Revolution. Challenging this romanticized view, Stephanie Smith examines the revolutionary reforms designed to break women's ties to tradition and religion. *To Serve the Enemy* Shane Darcy, 2019-09-26 A constant yet oftentimes concealed practice in war has been the use of informers and collaborators by parties to an armed conflict. Despite the prevalence of such activity and the serious and at times fatal consequences that befall those who collaborate with an enemy, international law applicable in times of armed conflict does not squarely address the phenomenon. The recruitment, use and treatment of informers and other collaborators is addressed only partially and at times indirectly by international humanitarian law. In this book, Shane Darcy examines the development and application of the relevant rules and principles of the laws of armed conflict in relation to collaboration. With a primary focus on international humanitarian law as may be applicable to various forms of collaboration, the book also offers an assessment of the relevance of international human rights law.

The Top Books of the Year Rebel Hearts Journeys Within The Iras Soul The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous captivating novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the captivating narratives that have enthralled audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Rebel Hearts Journeys Within The Iras Soul : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Pape, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and gripping novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
