Rebel The Life And Legend Of James Dean:

Rebel Donald Spoto, 2000 This authoritative biography of film icon James Dean offers a clear eyed look at the actor who crossed America's cinematic landscape with the brilliance and brevity of a meteor *Rebel* Donald Spoto, 2000-08-22 This authoritative biography of film icon James Dean offers a clear eyed look at the actor who crossed America's cinematic landscape with the brilliance and brevity of a meteor **The Death of James Dean** Warren Newton Beath, 2007-12-01 With extensive research this account of the Hollywood star and his legion of fans offers the best narrative yet of Dean's final ten hours San Francisco Examiner Just before sunset on September 20 1955 James Byron Dean's Porsche 550 Spyder collided with Donald Gene Turnupseed's Ford Tudor on California Highway 46 At age twenty four America's newest screen idol was dead But what really happened Drawing on original documents including the coroner's inquest and other previously unpublished material author Warren Newton Beath provides a painstakingly accurate reconstruction of Dean's final hours and tragic death In addition Beath explores Dean's life and his enduring status as a cultural icon including Elvis Presley's worship of him Hitchcock's use of Highway 46 in the famous crop dusting scene in *North by Northwest* death threats against Giant director George Stevens if he dared excise a single frame of Dean's final performance and many more fascinating facts about the enigmatic screen legend Beath's definitive account concludes with a memorable portrait of the James Dean cult a strangely moving record of his posthumous life in the hearts of his adoring fans **The Real James Dean** Peter L. Winkler, George Stevens, 2016-08-01 In the decades following his death many of those who knew James Dean best actors directors friends lovers both men and women photographers and Hollywood columnists shared stories of their first person experiences with him in interviews and in the articles and autobiographies they wrote Their recollections of Dean became lost in fragile back issues of movie magazines and newspapers and in out of print books that are extremely hard to find Until now *The Real James Dean* is the first book of its kind a rich collection spanning six decades of writing in which many of the people whose lives were touched by Dean recall their indelible experiences with him in their own words Here are the memorable personal accounts of Dean from his high school and college drama teachers the girl he almost married costars like Rock Hudson Natalie Wood Jim Backus and Raymond Massey directors Elia Kazan Nicholas Ray and George Stevens entertainer Eartha Kitt gossip queen Hedda Hopper the passenger who accompanied Dean on his final fatal road trip and a host of his other friends and colleagues Boulevard of Broken Dreams Paul Alexander, 1994 This is the first biography of James Dean to look beyond the Hollywood manufactured cliché to the volatile polarities conflicted sexuality and childhood trauma of the person himself James Dean's legendary status as a Hollywood icon is reconsidered in *Boulevard of Broken Dreams* which explores the process by which he became the electric and exciting actor who came to stand for a whole generation's feelings of rebellion What no one knew at the highlight of his career was that Dean had suffered agonies of torment over his own sexual ambivalence and the concealment that Hollywood studio mores made necessary Author Paul

Alexander talks to Dean's contemporaries unearths all available source material and re-creates not only the closed and closeted world of Hollywood in the 50s but the bucolic serenity of Dean's hometown in Indiana as well. This revisionist passionate portrait based on many new and documented sources and featuring shocking photographs argues that Dean's angst-ridden compliance in public with rigid sexual expectations helped fuel the fury and electricity of his acting. Its conclusions will be a revelation to film buffs, gay readers, pop culture aficionados and everyone concerned with the ethics of image versus reality.

James Dean: Rebel Life John Howlett, 2016-11-01 James Dean died in 1955. The star of three movies he was aged just 24. Six decades later the charismatic screen idol has lost none of his power to captivate. Revered by fresh generations of fans born years after his untimely death, the glamor of his limited but incandescent legacy of cinematic classics *East of Eden*, *Rebel Without a Cause* and *Giant* will never fade. Drawn from extensive research and original interviews, *James Dean: Rebel Life* strips back the hype to reveal the man behind the myth. Filled with the testimonies of the actors, directors and ex-lovers who knew Dean best and lavishly illustrated with candid photos from boyhood up to Dean's untimely death and sumptuous film stills, the book provides a uniquely personal insight into the life and times of Hollywood's tragic leading man, essential reading for fans of every generation.

James Dean in Death Warren Newton Beath, Paula Wheeldon, 2005 James Dean's short life and three film career inspired countless actors and rebellious teenagers, but his untimely death in a 1955 car crash has been an inspiration of a different kind. The ensuing decades have seen a continuing fascination with Dean's life and have also fostered legions of devotees fascinated by his death. With the expected death-site pilgrims, alternative theorists' reports of Dean's ghost hitchhiking along that fated highway, there are the odd, the unbelievable and the downright wacky, lingering love affairs with Dean's ghost, visions of his disembodied head and, of course, reports that he's alive and well, raising chickens and drinking rum with buddies in South America. The ongoing, growing fascination, folklore and legend surrounding the life and death of James Dean is testament that the cult of celebrity death is alive and well. This encyclopedia of James Dean-related subjects includes entries on such topics as associates, locales, books and ephemera associated with his life. It focuses intensely on the events and people linked to his fatal crash and on the body of myth, mystery and folklore surrounding Dean's tragic death.

James Dean Lee Raskin, Tom Morgan, 2005 James Dean is famous for his acting performances. Less well known is that James Dean had a lifelong passion for speed and high performance machines. Dozens of photos combine with interviews with people who really knew Dean and his motorsports dreams to reveal an unseen side of this American icon.

James Dean Joe Hyams, Jay Hyams, 1994-01-01 A portrait of the legendary movie star who tragically died at age twenty-four features interviews with those who knew him best, details about his boyhood and the truth about his bisexuality. Reprint.

Surviving James Dean William Bast, 2006 A beautifully written memoir, candid and definitive, that tells the story of Bast's five-year relationship with the charismatic actor and American legend James Dean.

The Immoralist Andre Gide, 1962-10 THE STORY An unusually honest and perceptive treatment of a difficult theme.

homosexuality The NY Times wrote THE IMMORALIST is an admirable piece of work It is the story of a scrupulous and pleasant young man who marries a neighborhood girl against hi

Motorcycle Steven E. Alford, Suzanne Ferriss, 2008-01-03 Easy Rider Motocross Grand Prix James Dean in Rebel Without a Cause The motorcycle is a global icon of untamed freedom symbolizing a daring and reckless lifestyle of adventure Yet there are few books that chronicle how and when this legendary vehicle roared down the open road Motorcycle explores the roots of the rebel s ultimate ride After early incarnations as a nineteenth century steam powered bicycle and multi wheeled vehicles the modern motorcycle came into its own as a cheap mobile military asset during World War I From there it rapidly spread through modern culture as a symbol of rebellion and subversive power and Motorcycle tracks the symbolic role that the bike has played in literature art and film The authors also investigate the international subcultures that revolve around the motorcycle and scooter They chart the emergence of American biker culture in the 1950s when decommissioned fighter pilots sought new ways to satiate their desire for thrill and danger and explore how the motorcycle came to represent the untamed nonconformity of the American West In contrast smaller scooters such as the Vespa and moped became the utilitarian vehicle of choice in space starved metropolises across Europe and Asia Ultimately the authors argue the motorbike is the exemplary Modernist object dependent on the perfect balance of man and machine An unprecedented and wholly engrossing account Motorcycle is an essential reading for the Harley Davidson roadhog bike collector or anyone who s felt the power of the unmistakable king of the road

Stanley Kramer, Film Maker Donald Spoto, 1978 **Live Fast, Die Young** Lawrence Frascella, Al Weisel, 2006-11-07 The complete story behind the groundbreaking film Rebel Without a Cause is vividly revealed in this fascinating book as provocative as the film itself The revolutionary film Rebel Without a Cause has had a profound impact on both moviemaking and youth culture since its 1955 release virtually giving birth to our concept of the American teenager And the making of the movie was just as explosive for those involved Against a backdrop of the Atomic Age and an old Hollywood studio system on the verge of collapse four of Hollywood s most passionate artists had a cataclysmic and immensely influential meeting James Dean Natalie Wood Sal Mineo and director Nicholas Ray were each at a crucial point in their careers The young actors were grappling with their fame burgeoning sexuality and increasingly reckless behavior and their on and off set relationships ignited as they engaged in Ray s vision of physical melees and psychosexual seductions of startling intensity Through interviews with the surviving members of the cast and crew and firsthand access to both personal and studio archives the authors reveal Rebel s true drama the director s affair with sixteen year old Wood his tempestuous spiritual marriage with Dean and his role in awakening the latent sexuality of Mineo who would become the first gay teenager to appear on film This searing account of the upheaval the four artists experienced in the wake of Rebel is complete with thirty photographs including ten never before seen photos by famed Dean photographer Dennis Stock
