

REBEL PITY

The Life of Eddie Roux

Eddie & Win Roux

His speech is a burning fire,
With his lips he travaileth;
In his heart is a blind desire,
In his eyes foreknowledge of death;
He weaves and is clothed with derision,
Sows and he shall not reap;
His life is a watch or a vision
Between a sleep and a sleep.

Rebel Pity The Life Of Eddie Roux:

Rebel Pity Edward Roux, Winifred M. Roux, 1970 **Rebel Pity** Eddie Roux, Edward Roux, Win Roux, 1970 **The Return of Nature** John Bellamy Foster, 2020-06-16 Winner 2020 Isaac and Tamara Deutscher Memorial Prize A fascinating reinterpretation of the radical and socialist origins of ecology Twenty years ago John Bellamy Foster's Marx's Ecology Materialism and Nature introduced a new understanding of Karl Marx's revolutionary ecological materialism More than simply a study of Marx it commenced an intellectual and social history encompassing thinkers from Epicurus to Darwin who developed materialist and ecological ideas Now with The Return of Nature Socialism and Ecology Foster continues this narrative In so doing he uncovers a long history of the efforts to unite questions of social justice and environmental sustainability and helps us comprehend and counter today's unprecedented planetary emergencies The Return of Nature begins with the deaths of Darwin 1882 and Marx 1883 and moves on until the rise of the ecological age in the 1960s and 1970s Foster explores how socialist analysts and materialist scientists of various stamps first in Britain then the United States from William Morris and Frederick Engels to Joseph Needham Rachel Carson and Stephen J Gould sought to develop a dialectical naturalism rooted in a critique of capitalism In the process he delivers a far reaching and fascinating reinterpretation of the radical and socialist origins of ecology Ultimately what this book asks for is nothing short of revolution a long ecological revolution aimed at making peace with the planet while meeting collective human needs **The Making of an African Communist: Edwin Thabo Mofutsanyana** Robert Edgar, 2024-12-02 This book is a short biography of the life of Edwin Thabo Mofutsanyana the General Secretary of the Communist Party of South Africa Set against the backdrop of political crisis in South Africa the subject matter in this book discusses Mofutsanyana's political endeavors and his service and contribution to the freedom struggle Print editions not for sale in Sub Saharan Africa This book is part of Routledge's co published series 30 Years of Democracy in South Africa in collaboration with UNISA Press which reflects on the past years of a democratic South Africa and assesses the future opportunities and challenges Anarchism and Syndicalism in the Colonial and Postcolonial World, 1870-1940 Steven Hirsch, Lucien van der Walt, 2010-11-11 Before communism anarchism and syndicalism were central to labour and the Left in the colonial and postcolonial world Using studies from Africa Asia Eastern Europe and Latin America this groundbreaking volume examines the revolutionary libertarian Left's class politics and anti colonialism in the first globalization and imperialism 1870 1930 *Discordant Comrades* Allison Drew, 2019-07-12 This title was first published in 2000 This book considers the fortunes of socialism in South Africa from the doctrine's arrival around 1900 to its legal suppression in 1950 Socialism's universal claims had to come to terms with South Africa's singular national experience in which a racial ideology and a racial division of the working class played a far greater role than in any other country The left in South Africa had to deal with all the complexities of ideology and strategy that faced their counterparts in Europe and North America but in South Africa it was further vexed by challenges of profound racial and

national inequalities and a white labour movement which sought protection through racial segregation Communism rather than Social Democracy prevailed hence the reverberations of the splits in the Communist International were far more debilitating in South Africa than anywhere else In the years after World War II African nationalism became the dominant influence on the South African left chiefly through the relationship between the ANC and the Communist Party

Discordant Comrades draws on a wide range of primary sources from inside and outside South Africa including the archives of the Communist International in Moscow The result is a scholarly and challenging analysis of the South African left **White, Poor and Angry** Lis Lange, 2018-02-06 This title was first published in 2003 A fascinating insight into the economic social and political processes that shaped the lives of white workers in Johannesburg between the beginning of deep level mining c 1890 and the 1922 Rand Revolt miners strike The book examines four related topics the formation of working class families working class accommodation the constitution of social networks in the working class neighbourhoods and the political and ideological aspects of white workers unemployment The main argument presented here is that the class experience of white workers in Johannesburg had a very important role in fostering a sense of community between English and Afrikaner workers and their families It is this sense of community that plays an important part in understanding the solidarity that emerged between English and Afrikaner workers during the 1922 Rand Revolt **Community and Conscience** Gideon Shimoni, 2003 The first thorough account of South African Jewish religious political and educational institutions in relation to the apartheid regime **The Communist International, Anti-Imperialism and Racial Equality in British Dominions** Oleksa Drachewych, 2018-12-07 This book analyzes the stance of international communism towards nationality anti colonialism and racial equality as defined by the Communist International Comintern during the interwar period Central to the volume is a comparative analysis of the communist parties of three British dominions South Africa Canada and Australia demonstrating how each party attempted to follow Moscow s lead and how each party produced its own attempts to deal with these issues locally while considering the limits of their own agency within the movement at large **Revolutionary lives of the Red and Black Atlantic since 1917** David Featherstone, Christian Høgsbjerg, Alan Rice, 2022-04-05 Revolutionary lives of the Red and Black Atlantic brings to light the life histories of a wide range of radical figures whose political activity in relation to the black liberation struggle was profoundly shaped by the global impact and legacy of the Russian Revolution of October 1917 The volume introduces new perspectives on the intellectual trajectories of well known figures and critical activists including C L R James Paul Robeson Walter Rodney and Grace P Campbell This biographical approach brings a vivid and distinctive lens to bear on how racialised social and political worlds were negotiated and experienced by these revolutionary figures and on historic black radical engagements with left political movements in the wake of the Russian Revolution **African Intellectuals** Thandika Mkandawire, 2005-05 This title provides a study of the African intelligentsia in Africa and the diaspora **The Communist Party in South Africa** Mia Roth, 2016-01-20 Why is the history of communism in a country at the

bottom of the African continent still important enough to warrant this book South Africa is one of the few countries in the world that still has a strong communist party whose views are not only taken into account by the government but whose members hold important positions in both the cabinet and in government offices This is the first account of the history of the Communist Party of South Africa based on archival sources The initial accounts were written by party members and had very little to do with reality The months that Mia Roth spent in the newly opened Russian and South African Archives in 1998 and the number of years she spent in writing it revealed to her not only the racism in the South African party but also the role it played in destroying the ICU the only genuine African mass movement of that time Its depiction of the part played by African communists was only a facade

The ANC's Early Years Peter Limb, 2024-12-02 The African National Congress ANC is the oldest and most durable of African nationalist movements not only in South Africa but also across the continent Since 1994 it has governed the country as leader of the Tripartite Alliance with the Congress of South African Trade Unions Cosatu and South African Communist Party SACP The early decades of the twentieth century saw the establishment survival and growth of ANC and black labour organisations This book focuses on the formative period of engagement of these political and socioeconomic forces before permanent alliances emerged It analyses the ANC's attitudes and relationships with the nascent formations of the black working class with particular attention to the most conscious and active workers The subject matter in this book also discusses migrant rural domestic and women workers not always then clearly defined as part of a formal working class Print editions not for sale in Sub Saharan Africa This book is part of Routledge's co published series 30 Years of Democracy in South Africa in collaboration with UNISA Press which reflects on the past years of a democratic South Africa and assesses the future opportunities and challenges
