Rebellion In Nineteenthcentury China:

Rebellion in Nineteenth-century China Albert Feuerwerker,1975 An examination of nei luan domestic disorder in late Ching China What Remains Tobie Meyer-Fong,2013-12-10 The Taiping Rebellion was one of the costliest civil wars in human history Many millions of people lost their lives Yet while the Rebellion has been intensely studied by scholars in China and elsewhere we still know little of how individuals coped with these cataclysmic events Drawing upon a rich array of primary sources *What Remains* explores the issues that preoccupied Chinese and Western survivors Individuals families and communities grappled with fundamental questions of loyalty and loss as they struggled to rebuild shattered cities bury the dead and make sense of the horrors that they had witnessed Driven by compelling accounts of raw emotion and deep injury *What Remains* opens a window to a world described by survivors themselves This book transforms our understanding of China s 19th century and recontextualizes suffering and loss in China during the 20th century Holy War in China Hodong Kim,2004-02-25 In July 2009 violence erupted among Uyghurs Chinese state police and Han residents of r mqj the capital city of Xinjiang in northwest China making international headlines and introducing many to tensions in the area But conflict in the region has deep roots Now available in paperback *Holy War in China* remains the first comprehensive and balanced history of a late nineteenth century Muslim rebellion in Xinjiang which led to the establishment of an independent Islamic state under Ya qub Beg That independence was lost in 1877 when the Qing army recaptured the region and incorporated it into the Chinese state known today as the Xinjiang Uyghur Autonomous Region Hodong Kim offers readers the first English language history of the rebellion since 1878 to be based on primary sources in Islamic languages as well as Chinese complemented by British and Ottoman archival documents and secondary sources in Russian English Japanese Chinese French German and Turkish His pioneering account of past events offers much insight into current relations **Rebellion in Nineteenth-century China** Albert Feuerwerker,1975 **The Chinese Sultanate** David G. Atwill,2022 The Muslim led Panthay Rebellion was one of five mid nineteenth century rebellions to threaten the Chinese imperial court *The Chinese Sultanate* begins by contrasting the views of Yunnan held by the imperial center with local and indigenous perspectives in particular looking at the strong ties the Muslim Yunnanese had with Southeast Asia and Tibet Traditional interpretations of the rebellion there have emphasized the political threat posed by the Muslim Yunnanese but no prior study has sought to understand the insurrection in its broader multi ethnic borderland context At its core the book delineates the escalating government support of premeditated massacres of the Hui by Han Chinese and offers the first in depth examination of the seventeen year long rule of the Dali Sultanate **The Taiping Heavenly Kingdom** Thomas H. Reilly,2011-07-01 Occupying much of imperial China s Yangzi River heartland and costing more than twenty million lives the Taiping Rebellion 1851 64 was no ordinary peasant revolt What most distinguished this dramatic upheaval from earlier rebellions were the spiritual beliefs of the rebels The core of the Taiping faith focused on the belief that Shangdi the high God of classical China had

chosen the Taiping leader Hong Xiuquan to establish his Heavenly Kingdom on Earth How were the Taiping rebels professing this new creed able to mount their rebellion and recruit multitudes of followers in their sweep through the empire Thomas Reilly argues that the Taiping faith although kindled by Protestant sources developed into a dynamic new Chinese religion whose conception of its sovereign deity challenged the legitimacy of the Chinese empire The Taiping rebels denounced the divine pretensions of the imperial title and the sacred character of the imperial office as blasphemous usurpations of Shangdi's title and position In place of the imperial institution the rebels called for restoration of the classical system of kingship Previous rebellions had declared their contemporary dynasties corrupt and therefore in need of revival the Taiping by contrast branded the entire imperial order blasphemous and in need of replacement In this study Reilly emphasizes the Christian elements of the Taiping faith showing how Protestant missionaries built on earlier Catholic efforts to translate Christianity into a Chinese idiom Prior studies of the rebellion have failed to appreciate how Hong Xiuquan's interpretation of Christianity connected the Taiping faith to an imperial Chinese cultural and religious context The Taiping Heavenly Kingdom shows how the Bible in particular a Chinese translation of the Old Testament profoundly influenced Hong and his followers leading them to understand the first three of the Ten Commandments as an indictment of the imperial order The rebels thus sought to destroy imperial culture along with its institutions and Confucian underpinnings all of which they regarded as blasphemous Strongly iconoclastic the Taiping followers smashed religious statues and imperially approved icons throughout the lands they conquered By such actions the Taiping Rebellion transformed at least for its followers but to some extent for all Chinese how Chinese people thought about religion the imperial title and office and the entire traditional imperial and Confucian order This book makes a major contribution to the study of the Taiping Rebellion and to our understanding of the ideology of both the rebels and the traditional imperial order they opposed It will appeal to scholars in the fields of Chinese history religion and culture and of Christian theology and church history

The Boxer Rebellion and the Great Game in China David J. Silbey, 2013-04-09 A concise history of an uprising that took down a three hundred year old dynasty and united the great powers The year is 1900 and Western empires are locked in entanglements across the globe The British are losing a bitter war against the Boers while the German kaiser is busy building a vast new navy The United States is struggling to put down an insurgency in the South Pacific while the upstart imperialist Japan begins to make clear to neighboring Russia its territorial ambition In China a perennial pawn in the Great Game a mysterious group of superstitious peasants is launching attacks on the Western powers they fear are corrupting their country These ordinary Chinese called Boxers by the West because of their martial arts showmanship rise up seemingly out of nowhere Foreshadowing the insurgencies of our recent past they lack a centralized leadership and instead tap into latent nationalism and deep economic frustration to build their army Many scholars brush off the Boxer Rebellion as an ill conceived and easily defeated revolt but in *The Boxer Rebellion and the Great Game in China* the military historian David J Silbey shows just how close the Boxers came to beating

back the combined might of the imperial powers Drawing on the diaries and letters of allied soldiers and diplomats he paints a vivid portrait of the war Although their cause ended just as quickly as it began the Boxers would inspire Chinese nationalists including a young Mao Zedong for decades to come [Provincial Patriots](#) Stephen R. Platt,2007-10-31 From the Taiping Rebellion to the Chinese Communist movement no province in China gave rise to as many reformers military officers and revolutionaries as did Hunan Platt offers the first comprehensive study of why this province wielded such disproportionate influence [Armies of the Nineteenth Century: China](#) Ian Heath,1998 Ian Heath has assembled 183 line drawings and 39 photographs to illustrate the huge array of costumes and uniforms worn during this period Coverage includes the Taipeng and Boxer rebellions Formosa the Mongols and Gordon s Ever Victorious Army Ian Heath s accompanying text is one of the most coherent accounts available of Chinese history during this turbulent period Includes extensive bibliography All the volumes in this series have a high quality traditional gold embossed cloth cover and no dust jacket [Millenarian Rebellion in China](#) Susan Naquin,1976 [Speaking of Profit](#) William T. Rowe,2020-10-26 In the first half of the nineteenth century the Qing Empire faced a crisis It was broadly perceived both inside and outside of government that the prosperous age of the eighteenth century was over Bureaucratic corruption and malaise population pressure and food shortages ecological and infrastructural decay domestic and frontier rebellion adverse balances of trade and eventually a previously inconceivable foreign threat from the West seemed to present hopelessly daunting challenges This study uses the literati reformer Bao Shichen as a prism to understand contemporary perceptions of and proposed solutions to this general crisis Though Bao only briefly and inconsequentially served in office himself he was widely recognized as an expert on each of these matters and his advice was regularly sought by reform minded administrators From examination of his thought on bureaucratic and fiscal restructuring agricultural improvement the grain tribute administration the salt monopoly monetary policy and foreign relations Bao emerges as a consistent advocate of the hard nosed pursuit of material profit in the interests not only of the rural populace but also of the Chinese state and nation anticipating the arguments of self strengthening reformers later in the century [The Scramble for China](#) Robert Bickers,2016-02-25 In the early nineteenth century China remained almost untouched by British and European powers but as new technology started to change this balance foreigners gathered like wolves around the weakening Qing Empire Would the Chinese suffer the fate of much of the rest of the world carved into pieces by Europeans Or could they adapt rapidly enough to maintain their independence This important and compelling book explains the roots of China s complex relationship with the West by illuminating a dramatic colourful and sometimes shocking period of the country s history **God's Chinese Son: The Taiping Heavenly Kingdom of Hong Xiuquan** Jonathan D. Spence,1996-12-17 A magnificent tapestry a story that reaches beyond China into our world and time a story of faith hope passion and a fatal grandiosity Washington Post Book World Whether read for its powerful account of the largest uprising in human history or for its foreshadowing of the terrible convulsions suffered by twentieth

century China or for the narrative power of a great historian at his best God's Chinese Son must be read At the center of this history of China's Taiping rebellion 1845-64 stands Hong Xiuquan a failed student of Confucian doctrine who ascends to heaven in a dream and meets his heavenly family God Mary and his older brother Jesus He returns to earth charged to eradicate the demon devils the alien Manchu rulers of China His success carries him and his followers to the heavenly capital at Nanjing where they rule a large part of south China for more than a decade Their decline and fall wrought by internal division and the unrelenting military pressures of the Manchus and the Western powers carry them to a hell on earth Twenty million Chinese are left dead

Autumn in the Heavenly Kingdom Stephen R. Platt, 2012-07-01 In the early 1850s during the waning years of the Qing dynasty word spread of a major revolution brewing in the provinces The leader of the this movement who called themselves the Taiping was Hong Xiuquan a failed civil servant who claimed to be the son of God and the brother of Jesus Christ As the revolt grew and battles raged across the empire all signs pointed to a Taiping victory and to the inauguration of a modern industrialized and pro Western china Soon however Britain and the United States threw their support behind the Qing soon quashing the Taiping and rendering ineffective the years of bloodshed the revolution had endured In *Autumn in the Heavenly Kingdom* Stephen Platt recounts the events of the rebellion and its suppression in spellbinding detail It is an essential and enthralling history of the rise and fall of a movement that a century and a half ago might have launched China into the modern world

The Boxer Rebellion Lynn Bodin, 1979-11-08 In the year 1900 an unprecedented co operation occurred between the eight major military powers of the world For more than a year military and naval personnel from Austria Hungary France Germany Great Britain Italy Japan Russia and the United States fought together against a common enemy That enemy was a society whose goal was the extermination of all foreign devils in China the I Ho Ch uan or Righteous Harmonious Fists better known to the West as the Boxers This engaging account packed with original photographs and full colour artwork tells the story of this unique occurrence in military history

[Imperial Twilight](#) Stephen R. Platt, 2018-05-15 As China reclaims its position as a world power *Imperial Twilight* looks back to tell the story of the country's last age of ascendance and how it came to an end in the nineteenth century Opium War As one of the most potent turning points in the country's modern history the Opium War has since come to stand for everything that today's China seeks to put behind it In this dramatic epic story award winning historian Stephen Platt sheds new light on the early attempts by Western traders and missionaries to open China even as China's imperial rulers were struggling to manage their country's decline and Confucian scholars grappled with how to use foreign trade to China's advantage The book paints an enduring portrait of an immensely profitable and mostly peaceful meeting of civilizations that was destined to be shattered by one of the most shockingly unjust wars in the annals of imperial history Brimming with a fascinating cast of British Chinese and American characters this riveting narrative of relations between China and the West has important implications for today's uncertain and ever changing political climate

History in Three Keys Paul A. Cohen, 1997 Part Two explores the

thought feelings and behavior of the direct participants in the Boxer experience individuals who without a preconceived idea of the entire event understood what was happening to them in a manner fundamentally different from historians
