The Five Princes Deidrea DeWitt,2020-02-10 I never asked to become a princess My plan was to graduate college and take over my uncle s karate dojo Instead my parents dropped me off in a castle full of strangers to learn how to take over a kingdom I m bored I can t kick anyone and there s one major problem I think one of my new teachers is trying to kill me In this Choose the Ending Novel follow the story of Marina reluctant princess and heir to the throne as she meets the warm hearted King Cyrus the snarky Prince Julian the cunning Prince Nikos the wise Evann and the mysterious Tai five handsome strangers who are undetermined as friend or foe Choose one of five endings or write your own *Edward IV, England's Forgotten Warrior King* Dr. Anthony Corbet,2015-01-21 As the 100 Years War ground to its dismal end England groaned under the misrule of Henry VI and his Lancastrian favorites The House of York rose in rebellion and Parliament restored York in the line of inheritance to the throne Edward Earl of March triumphed at the Battle of Mortimer s Cross Parliament asked him to be King and the people proclaimed him Edward IV His life and legacy are chronicled in *Edward IV England s Forgotten Warrior King* For ten years Edward struggled against repeated Lancastrian rebellions He was driven from his kingdom by Richard Earl of Warwick but then he won decisive victories at the Battles of Barnet and Tewkesbury in 1471 For another twelve years he reigned wisely with peace and prosperity as a beloved King but then he died at age forty one and his twelve year old son was proclaimed Edward V Richard Duke of Gloucester seized the throne and put young Edward and his brother in the Tower of London from where they never emerged alive Richard III was a good King and wanted to be respected but the people believed he had murdered the Princes in the Tower and would not forgive him Queen Elizabeth and Margaret Beaufort plotted with Henry Tudor who invaded England in 1485 Henry Tudor then defeated and killed Richard III at the Battle of Bosworth Field Henry Tudor Henry VII was crowned King and married Edward IV s daughter Elizabeth the resultant Tudor dynasty would rule England for another 118 years *The Rebellion of the Princess Mary* Imlay Taylor, FROM my post at the window I could look down upon the court yard of the palace of the Boyar Kurakin Although it was early in May it was a cold day in Moscow and the sun shone obliquely into the yard cut off as it was by the walls of two houses The black mud of winter had not dried off the centre of the court and there was ice in the corner by the water butts and ice hung too on the north side of the roof under the eaves like the ragged beard of the old man of the north Moroz Treskun or the Crackling Frost as the moujik names him while above around the great chimney a group of ravens were huddled together in

the sun preening their plumage and croaking now and then in a solemn fashion The boyar s house was large and shaped like a Greek cross the kitchen and the servants quarters opening on the court which was crowded now with the serfs for the steward of the household was giving one of the varlets a taste of the whip The doors and windows of the kitchen gaped wide filled with curious spectators some I fancied half in sympathy with the poor rogue who squealed under the lash and others applauding the major domo whether from fear or love I knew not He was a burly fellow with a red head and a short red bearded fierce eyed countenance and had the serf by the waistband with one giant hand and with the other he laid the whip on his bare back leaving a long welt across the brown flesh with every cut The slave howled and writhed the whip cracked the spectators applauded or jeered as fancy seized them and then quite suddenly there was a diversion The water butts were in the corner at the steward s back and a dwarf darted out from behind them quick as a wasp and cut at the major domo s calves with a leather thong and was back under cover before the big man could wheel around And he thinking that he had cut his own legs with the long end of his lash and furious at the titter of the servants laid it on the poor serf with redoubled venom until the blood ran Meanwhile the dwarf executed a weird dance of triumph on the ice by the water butts mocking the steward in dumb show and beating an imaginary victim his thin cheeks blown out and his brows knotted to the delight of his audience thus furnished with a double entertainment He was one of those wretched little creatures that haunted Moscow the playthings and spies of the courtiers and he was unusually small even for a dwarf with a strange pointed face white and three cornered like a patch of paper and with great ears shaped like the leaves of a linden standing out from his head as if upon stems it was by these ears that I always knew him afterwards even in the crowd of court midgets Encouraged by the success and the private applause the little wretch darted out again and repeated the performance of whipping the steward s legs while the men and women held their sides with laughter because the fat beast danced and swore and lashed like one beside himself But it was an ill jest for the rogue in his clutches and minded to end their sport I shouted to him in Russ to look behind the water butts for the wasp The fat fool gaped at me in amazement and the dwarf darting from his covert was running full speed for the kitchen before he spied him and made after him But one of the men willing to save the little beast no doubt for the sake of the laugh tripped the major domo as if by accident and down he went in the mud of the court yard bellowing and splashing like a whale
