Rebels Informers:

The House on the River Shoeb Hamid, 2018-07-23 *The House On The River* Insurrection tries to shed light on the path of deviation in the backdrop of roles played by different state and nonstate actors in a conflict zone It offers an insight of the conflict situation from an insurgents point of view Samir who has had a rebellious childhood is provoked to join a group of insurgents to avenge his best friends murder After initial failures he devises a plan to kill a renegade who works for armed forces and is responsible for his friends death He makes his own gun but his resolve to kill the renegade cedes after he shoots and injures him Despite strong forces that tend to influence the characters inherent and elemental traits in them keep resisting the coercion against all odds

Army of Shadows Hillel Cohen, 2008-01-03 Inspired by stories he heard in the West Bank as a child Hillel Cohen uncovers a hidden history in this extraordinary and beautifully written book a history central to the narrative of the Israel Palestine conflict but for the most part willfully ignored until now In *Army of Shadows* initially published in Israel to high acclaim and intense controversy he tells the story of Arabs who from the very beginning of the Arab Israeli encounter sided with the Zionists and aided them politically economically and in security matters Based on newly declassified documents and research in Zionist Arab and British sources *Army of Shadows* follows Bedouins who hosted Jewish neighbors weapons dealers pro Zionist propagandists and informers and local leaders who cooperated with the Zionists and others to reveal an alternate history of the mandate period with repercussions extending to this day The book illuminates the Palestinian nationalist movement which branded these collaborators as traitors and persecuted them the Zionist movement which used them to undermine Palestinian society from within and betrayed them and the collaborators themselves who held an alternate view of Palestinian nationalism *Army of Shadows* offers a crucial new view of history from below and raises profound questions about the roots of the Israel Palestine conflict

Hitler's Children Gerhard Rempel, 2015-07-15 Eighty two percent of German boys and girls between the ages of ten and eighteen belonged to Hitlerjugend Hitler Youth or one of its affiliates by the time membership became fully compulsory in 1939 These adolescents were recognized by the SS an exclusive cadre of Nazi zealots as a source of future

recruits to its own elite ranks which were made up largely of men under the age of thirty In this book Gerhard Rempel examines the special relationship that developed between these two most youthful and dynamic branches of the National Socialist movement and concludes that the coalition gave nazism much of its passionate energy and contributed greatly to its initial political and military success Rempel center his analysis of the HJ SS relationship on two branches of the Hitler Youth The first of these the Patrol Service was established as a juvenile police force to pursue ideological and social deviants political opponents and non conformists within the HJ and among German youth at large Under SS influence however membership in the organization became a preliminary apprenticeship for boys who would go on to be agents and soldiers in such SS controlled units as the Gestapo and Death s Head Formations The second the Land Service was created by HJ to encourage a return to farm living But this battle to reverse the flight from the land took on military significance as the SS sought to use the Land Service to create defense peasants who would provide a reliable food supply while defending the Fatherland The transformation of the Patrol and Land services like that of the HJ generally served SS ends at the same time that it secured for the Nazi regime the practical and ideological support of Germany s youth By fostering in the Hitler Youth as national community of the young the SS believed it could convert the popular movement of nazism into a protomilitary program to produce ideologically pure and committed soldiers and leaders who would keep the movement young and vital
