Toward More Family-Centered Family Sciences Howard M. Bahr, Kathleen S. Bahr, 2009-03-16 Much academic writing on families reflects the ideal of non involvement and distanced subject matter Toward More Family Centered Family Sciences suggests that the family sciences in their effort to be scientific have perpetuated this distance between researcher and subject to the detriment of both The authors argue that family and kinship ties are transcendent ties boundary crossing in numerous ways They place an emphasis on family love in contrast and in addition to romantic love and criticize current approaches for neglecting the importance of transcendent concepts such as love commitment respect and sacrifice in the development and well being of family structures Drawing from insights both inside and outside of academia the authors seek to reincorporate transcendent concepts into the study of the family as a unit of society They argue for a more collaborative family centered family science and offer recommendations for how family researchers might work to change the scientific monologue about families to a systemic dialogue with families

Diversity and Its Discontents Neil J. Smelser, Jeffrey C. Alexander, 2021-04-13 Never before has the legitimacy of a dominant American culture been so hotly contested as over the past two decades Familiar terms such as culture wars multiculturalism moral

majority and family values all suggest a society fragmented by the issue of cultural diversity So does any social solidarity exist among Americans In *Diversity and Its Discontents* a group of leading sociologists political theorists and social historians seek to answer this question empirically by exploring ideological differences theoretical disputes social processes and institutional change Together they present a broad yet penetrating look at American life in which cultural conflict has always played a part Many of the findings reveal that this conflict is no more or less rampant now than in the past and that the terms of social solidarity in the United States have changed as the society itself has changed The volume begins with reflections on the sources of the current culture wars and goes on to show a number of parallel situations throughout American history some more profound than today's conflicts The contributors identify political vicissitudes and social changes in the late twentieth century that have formed the backdrop to the wars including changes in immigration marriage family structure urban and residential life and expression of sexuality Points of agreement are revealed between the left and the right in their diagnoses of American culture and society but the essays also show how the claims of both sides have been overdrawn and polarized The volume concludes that above all the antagonists of the culture wars have failed to appreciate the powerful cohesive forces in Americans' outlooks and institutions forces that have in fact institutionalized many of the radical changes proposed in the 1960s *Diversity and Its Discontents* brings sound empirical evidence theoretical sophistication and tempered judgment to a cultural episode in American history that has for too long been clouded by ideological rhetoric In addition to the editors the contributors are Seyla Benhabib Jean L Cohen Reynolds Farley Claude S Fischer Frank F Furstenberg Jr John Higham David A Hollinger Steven Seidman Marta Tienda David Tyack R Stephen Warner Robert Wuthnow and Viviana A Zelizer

From Culture Wars to Common Ground, 2000-01-01 What is the status of the American family How is it changing Are these changes making anything better What is the future of the family Does religion offer a positive answer Not since *Habits of the Heart* has one book confronted these important issues with such personal and societal impact This groundbreaking study argues for the creation of a new family ethic that must be central to the agendas of both contemporary society and the church The *Family Culture and Religion* series offers informed and responsible analyses of the state of the American family from a religious perspective and provides practical assistance for the family's revitalization
