**Rebuilding the House of Israel** Cynthia M. Baker, 2002 This book investigates the mappings of ideas about sexual and ethnic difference in Galilee during the centuries following the last Jewish revolt against the Roman Empire centuries that saw major socioeconomic changes in the region as well as the development of that small community of Jewish authors authorities known as the rabbis It examines aspects of Jewish identity as these were constructed both in the earliest rabbinic texts and on the ground through practices that created or contested topographies of self vs other male vs female and insider vs outsider Three sociospatial sites which the author explores through texts and archaeology ground this study house marketplace and courtyard alleyway The book questions long standing historical narratives that have cast ancient Jewish women as private housebound creatures and Jewish men as public social mobile agents Offering useful strategies for working with and combining literary and nonliterary material remains it fleshes out a richer narrative of Jewish antiquity

**The Hidden White House** Robert Klara, 2013-10-22 The little known story of the White House's gutting and renovation during the Truman presidency Delightful and informative plenty of entertaining drama Publishers Weekly In 1948 President Harry Truman enjoying a bath on the White House's second floor almost plunged through the ceiling of the Blue Room into a tea party for the Daughters of the American Revolution A handpicked team of the country's top architects conducted a secret inspection of the troubled mansion and after discovering it was in imminent danger of collapse insisted that the First Family be evicted immediately What followed would be the most historically significant and politically complex home improvement job in American history While the Trumans camped across the street at Blair House Congress debated whether to bulldoze the White House completely and the Soviets exploded their first atomic bomb starting the Cold War Robert Klara reveals

what has until now been little understood about this episode America's most famous historic home was basically demolished giving birth to today's White House Leaving only the mansion's facade untouched workmen gutted everything within replacing it with a steel frame and a complex labyrinth deep below ground that soon came to include a top secret nuclear fallout shelter The story of Truman's rebuilding of the White House is a snapshot of postwar America and its first Cold War leader undertaking a job that changed the centerpiece of the country's national heritage The job was by no means perfect but it was remarkable and until now all but forgotten Includes photographs Captivating From bathtubs to bomb shelters Klara leaves no piece of crumbling sandstone unturned and is as astute a storyteller as he is a dogged researcher Denise Kiernan New York Times bestselling author of *The Last Castle* [Rebuilding the Altar](#) Pat Schatzline, Karen Schatzline, 2017-08-01

**Official Residences Around the World** Abby Clouse-Radigan,2018-10 **Teardown** Dave Meslin,2019-05-14 As seen on TVOs adaptation Unrigged A handbook of democratic solutions in troubled times from the activist the media call a wizard a mastermind the ultimate ideas guy a mad scientist a start up genius Our democracy is a trainwreck Our elections feel hollow and our legislatures have become toxic Fierce partisanship centralized power distorted election results and rigged systems all contribute to our growing cynicism Voters are increasingly turning towards the angriest candidates or simply tuning out completely and staying at home But as Dave Meslin s career has shown we can fix things We can turn elite power structures upside down We can give a voice to ordinary people But it means fixing things from the bottom up and starting locally It s hard to change the world if you can t change a municipal by law Teardown shows readers how to do both And it

will show us that these two challenges are not fundamentally different From environmental activism to public space advocacy to the ongoing campaign for electoral reform Dave Meslin has been both out on the street in marches and in the back rooms drawing up policy With Teardown he reminds us that the future of our species doesn't need to look like a trainwreck That we're capable of so much more It's time to raise our expectations of the system of each other and of ourselves Only then can we imagine a new democracy unrecognizable from today's political mess This book is a recipe for change A cure for cynicism A war on apathy **We Shall Not Be Moved** Tom Wooten, 2012-08-07

It was heartbreaking but we couldn't give up I just said Well I've got to get in and do it Phil Harris eight decade long resident of Hollygrove As floodwaters drained in the weeks following Hurricane Katrina New Orleans residents came to a difficult realization Their city was about to undertake the largest disaster recovery in American history yet they faced a profound leadership vacuum members of every tier of government from the municipal to the federal level had fallen down on the job We Shall Not Be Moved tells the absorbing story of the community leaders who stepped into this void to rebuild the city they loved From a Vietnamese Catholic priest who immediately knows when two of his six thousand parishioners go missing to a single mother from the Lower Ninth Ward who instructs the likes of Jimmy Carter and Brad Pitt these intrepid local organizers show that a city's fate rests on the backs of its citizens On their watch New Orleans neighborhoods become small governments These leaders organize their neighbors to ward off demolition threats write comprehensive recovery plans found community schools open volunteer centers raise funds to rebuild fire stations and libraries and convince tens of thousands of skeptical residents to return home Focusing on recovery efforts in five New Orleans neighborhoods Broadmoor Hollygrove Lakeview the Lower Ninth Ward and Village de l'Est Tom Wooten presents vivid narratives through the eyes and voices of residents rebuilding their homes telling a story of resilience as entertaining as it is instructive The unprecedented community mobilization underway in New Orleans is a silver lining of Hurricane Katrina's legacy By shedding light on this rebirth We Shall Not Be Moved shows how residents remarkably turned a profound national failure into a story of hope **House of Stone** Anthony Shadid, 2012-02-28

Wonderful One of the finest memoirs I've read Philip Caputo Washington Post In the summer of 2006 racing through Lebanon to report on the Israeli invasion Anthony Shadid found himself in his family's ancestral hometown of Marjayoun There he discovered his great grandfather's once magnificent estate in near ruins devastated by war One year later Shadid returned to Marjayoun not to chronicle the violence but to rebuild in its wake So begins the story of a battle scarred home and a journalist's wounded spirit and of how reconstructing the one came to fortify the other In this bittersweet and resonant memoir Shadid creates a mosaic of past and present tracing the house's renewal alongside the history of his family's flight from Lebanon and resettlement in America around the turn of the twentieth century In the process he memorializes a lost world and provides profound insights into a shifting Middle East This paperback edition includes an afterword by the journalist Nada Bakri Anthony Shadid's wife reflecting on his legacy A poignant dedication to family to home and to history

Breathtaking San Francisco Chronicle Entertaining informative and deeply moving House of Stone will stand a long time for those fortunate enough to read it Telegraph London      **Renovating Old Houses** George Nash, 1996 Plain talk for restorers from soup to nuts and bolts Here s thorough practical advice that s sensitive to both history and budget The Old House Journal      *Building the Bronze Age* Corien Wiersma, 2014-06-27 This book analyses Early Helladic III Middle Helladic and Late Helladic I domestic architecture with reference to social organization and social change The study covers domestic architecture from the southern and central Greek mainland up to southern Thessaly
