Fuller, 2012-02-14 This study identifies and explores texts of restoration in a wide selection of Early Jewish Literature in order to assess the variety of ways in which Jews envisioned Israel's future restoration Particular attention is given to the expression of restoration in what is identified in the present study as the exilic model of restoration In this model Israel's restoration is characterized by the features of a a future re gathering b the fate of the nations and c the

establishment of a new Temple The present work focuses primarily on the first two features Through this framework Jews in the Greco Roman period could draw on Israel s history and legacy but re appropriate exile and return in new and creative ways Finally the writing of Luke Acts is investigated for its ideas of restoration and its indebtedness to Early Jewish traditions

Rebuilding the Land of Israel (a Haven for Jewish Wanderer, a Homestead for the Jewish Pioneer). United Palestine Appeal,1926 **View of the Hebrews** Ethan Smith,2021-11-03 In the nineteenth century it was a common belief that Native Americans were the descendants of the Ten Lost Tribes of Israel Ethan Smith wrote on this topic and in so doing challenged the dismissal of the Indigenous Americans by European settlers Smith used biblical scripture similarities in the Hebrew and Native American languages and their name for God and other points of evidence to prove the connection between Israel and the First Nations From there he showed how the reunited Hebrew tribes would be restored to Zion before the end of the world Perhaps the most fascinating aspect of Smith s book is that it is said to have influenced the Book of Mormon which was published about seven years after later As a child Smith moved away from religion after his parents died but found his way back before he turned 20 and worked in the ministry until his death Smith wrote several books while serving in the ministry in which he explored prophecies and baptism among other subjects But this book remains one of the most controversial of all his publications **The Late Great Planet Earth** Hal Lindsey,Carole C. Restoration of Israel Stanley E. Porter,Alan E. Kurschner,2023-06-02 This volume is the most extensive of its kind as a major set of collected essays from a wide range of scholars on the question of the promises of God to Israel These essays put forward the position that unconditional promises were given to Israel which have not been fulfilled in the church or any other entity At the consummation there will be a continuing role for the Jews realized through their national and territorial hope of a restored redeemed Israel This volume contains an eclectic group of contributors who have reached this position from various approaches to interpretation The essays exhibit both positive argumentation and engagement with supersessionist literature A Land With a People Esther Farmer,Rosalind Pollack Petchesky,Sarah Sills,2021-10-23 A Land With A People began as a storytelling project of Jewish Voice for Peace New York City and subsequently transformed into a theater project performed throughout the New York City area A Land With A People elevates rarely heard Palestinian and Jewish voices and visions It brings us the narratives of secular Muslim Christian and LGBTQ Palestinians who endure the particular brand of

settler colonialism known as Zionism It relays the transformational journeys of Ashkenazi Mizrahi Palestinian and LGBTQ Jews who have come to reject the received Zionist narrative Unflinching in their confrontation of the power dynamics that underlie their transformation process these writers find the courage to face what has happened to historic Palestine and to their own families as a result Stories touch hearts open minds and transform our understanding of the other as well as comprehension of our own roles and responsibilities A Land With a People emerges from this reckoning Contextualized by a detailed historical introduction and timeline charting 150 years of Palestinian and Jewish resistance to Zionism this collection will stir emotions provoke fresh thinking and point to a more hopeful loving future one in which Palestine Israel is seen for what it is in its entirety as well as for what it can be *The Future of Israel* John MacArthur,1991 **All Things New** Gene L. Green,Stephen T. Pardue,K. K. Yeo,2019-09-30 The Christian faith presents a distinctive vision of last things that God in Christ aims to reconcile the world to himself and through his Spirit and a new people to set all things to right This good news is for all nations and peoples but for too long the Christian doctrine of eschatology has focused on debates and arguments rooted solely in the Western church In All Things New leading theologians and biblical scholars from Africa Asia Latin America and North America offer readers a glimpse of how Christians around the globe are perceiving and describing the Christian hope The result is a remarkably refreshing and distinctive vision of eschatology guaranteed to raise new questions and add new insights to the global church s vision of the eschaton *When a Jew Rules the World* Joel Richardson,2015 Throughout history the largely gentile Christian Church has utterly failed to heed Paul s warnings falling headlong into both ignorance and arrogance toward unbelieving Israel almost from the start The horrific results of this have been seen in the long and bloody history of anti Semitism against the Jewish people in the profound blindness of the Church concerning God s unfolding prophetic plans in a widespread identity crisis and in its an inability to faithfully proclaim the true and full Gospel message The Church must acknowledge and repent of its long bloody history and prepare for the days ahead Discusses the good fruit and growing number of salvations among Jews particularly in Israel An appeal to support evangelism among Jews in Israel as well as prayer and support for that nation in anticipation of the Lord s complete redemption of His people

Contemporary Catholic Approaches to the People, State, and Land of Israel Gavin D'Costa,Faydra Shapiro,H. B. Pierbattista Pizzaballa,2022-02-18 After Vatican II the Roman Catholic Church began a process of stripping away anti Jewish sentiments within its theological culture One question that has arisen and received very scant attention regards the theological significance of the founding of the state of Israel in 1948 and the attendant nakba the plight of the Palestinian people Some American evangelical Christians have developed a theology around the state of Israel associating themselves with Zionism Some Christian groups have developed a theology around the suffering of the Palestinian people and demand resistance to Zionism This unique collection of essays from leading Catholic theologians from the United States Germany France Italy Switzerland England and the Middle East reflect on the theological status of the land of Israel These essays

represent an exhaustive range of views. None avoid the new Catholic theology regarding the Jewish people. Some contributors see this as leading towards a positive theological affirmation of the state of Israel while distancing themselves from Christian Zionists. All contributors are committed to rights of the Palestinian people. Some affirm the need for strong diplomatic and political support for Israel along with equal support for Palestinians, arguing that this is as far as the Church can go. Others argue that the Church's emerging theology represents the guilt conscience of Europe at the cost of the Palestinian people. None deny the right of Jews to live in the land. Two Jewish scholars respond to the essays, creating an atmosphere of genuine interfaith dialogue which serves Catholics to think further through these issues.

The Bible Unearthed Israel

Finkelstein, Neil Asher Silberman, 2002-06-11. In this groundbreaking work that sets apart fact and legend, authors Finkelstein and Silberman use significant archaeological discoveries to provide historical information about biblical Israel and its neighbors. In this iconoclastic and provocative work, leading scholars Israel Finkelstein and Neil Asher Silberman draw on recent archaeological research to present a dramatically revised portrait of ancient Israel and its neighbors. They argue that crucial evidence or a telling lack of evidence at digs in Israel, Egypt, Jordan, and Lebanon suggests that many of the most famous stories in the Bible—the wanderings of the patriarchs, the Exodus from Egypt, Joshua's conquest of Canaan, and David and Solomon's vast empire—reflect the world of the later authors rather than actual historical facts. Challenging the fundamentalist readings of the scriptures and marshaling the latest archaeological evidence to support its new vision of ancient Israel, *The Bible Unearthed* offers a fascinating and controversial perspective on when and why the Bible was written and why it possesses such great spiritual and emotional power today.
