## Recalling World War II:

*War Stories* Elizabeth Mullener, 2002-04-01 Henry Lasoski an officer in the Polish army was there on the first day of World War II thrusting his bayonet awkwardly into a German soldier hours after Hitler's army invaded his homeland in 1939 And Jacques Smith was there on the last a member of the honor guard aboard the USS Missouri in Tokyo Bay when the Japanese signed the documents of surrender in 1945 From start to finish this chronicle of fifty three personal testimonies illuminates the Second World War in a way no mere accumulation of facts can In a journalistic tour de force Elizabeth Mullener over the course of twelve years found eyewitnesses to virtually every major event of World War II and she found them all in one American city New Orleans Some are natives of the city and some are not a testament to the upheaval of war and its power to scatter people around the globe The people she writes about are not grand heroes or prime movers They are young men shaking in their foxholes young women stitching up wounded soldiers and children facing a world gone topsy turvy And they saw it all They witnessed the London Blitz and the siege of Stalingrad the attack on Pearl Harbor and the Bataan Death March the battle of Iwo Jima and the Nuremberg trials the Normandy invasion and parties at the USO Their memories are powerful Harold Eck recalls sharks grazing his legs as he treaded water for four days after the USS Indianapolis sank in the Pacific Ocean Anthony DeLuca saw bodies stacked like cordwood at Buchenwald Christine Strevinsky slid a knife through the neck of a Nazi commandant at the age of nine Frank Rosato played The Missouri Waltz for Harry Truman at Potsdam All poignantly related through Mullener's graceful and compelling prose the episodes in *War Stories* provide an unusually intimate history of World War II and a direct visceral connection to the central event of the twentieth century

*Remembering Asia's World War Two* Mark R. Frost, Daniel Schumacher, Edward Vickers, 2019-03-27 Over the past four decades East and Southeast Asia have seen a proliferation of heritage sites and remembrance practices which commemorate the region's bloody conflicts of the period 1931-45 *Remembering Asia's World War Two* examines the origins dynamics and repercussions of this regional war memory boom The book analyzes the politics of war commemoration in contemporary East and Southeast Asia Featuring contributions from leading international scholars the chapters span China Japan Malaysia Hong Kong and Singapore covering topics such as the commemoration of the Japanese military's comfort women system forms of dark tourism or commemorative pilgrimages e.g. veterans tours to wartime battlefields and the establishment and evolution of various war-related heritage sites and museums Case studies reveal the distinctive trajectories of new and newly discovered forms of remembrance within and across national boundaries They highlight the growing influence of non-state actors over representations of conflict and occupation as well as the increasingly interconnected and transnational character of memory making Taken together the studies collected here demonstrate that across much of Asia the public commemoration of the wars of 1931-45 has begun to shift from portraying them as a series of national conflicts with distinctive local meanings to commemorating the conflict as a common pan-Asian or even global

experience Focusing on non textual vehicles for public commemoration and considering both the local and international dimensions of war commemoration within Remembering Asia s World War Two will be a crucial reference for students and scholars of History Memory Studies and Heritage Studies as well as all those interested in the history politics and culture of contemporary Asia

**Heartland Heroes** Kenneth K. Hatfield, Ken Hatfield, 2003 Heartland Heroes is a collection of remarkable stories from ordinary men and women who lived through extraordinary times They resided in places like Lee s Summit Independence and Kansas City yet their experiences were very much like those of World War II veterans everywhere Some were marines nurses or fighter pilots others were simply civilians who lived through the war under the martial law imposed on the Hawaiian Islands after the attack on Pearl Harbor In Heartland Heroes Ken Hatfield gathers the stories of more than eighty men and women whom he began interviewing in 1984 while reporting for a small weekly newspaper in Liberty Missouri Hatfield s first subject was a marine named Bob Barackman the uncle of one of Hatfield s co workers That interview which lasted for several hours had a profound effect on Hatfield He began to realize that as a journalist he had a unique opportunity to preserve that small piece of history each veteran carries with him

**D-day to Bastogne** Robert J. Houston, 1980

**Remembering World War II** Anastasia Glawion, 2023-03-31 The book demonstrates an evidence based approach to online memory practices of World War II Network analysis is applied to reduce a massive and unreadable dataset of forum texts and user relations Further the results are combined with other text analysis methods such as topic modeling and contrastive stylometric analyses A sample of discussions from each group is read and categorized Based on the results the forum users memory practices are labelled as empirical conversational and conservational practices whereby recent theoretical developments in Memory Studies are considered

**Remembering World War I in America** Kimberly J. Lamay Licursi, 2018 Poised to become a significant player in the new world order the United States truly came of age during and after World War I Yet many Americans think of the Great War simply as a precursor to World War II Americans including veterans hastened to put experiences and memories of the war years behind them reflecting a general apathy about the war that had developed during the 1920s and 1930s and never abated In Remembering World War I in America Kimberly J Lamay Licursi explores the American public s collective memory and common perception of World War I by analyzing the extent to which it was expressed through the production of cultural artifacts related to the war Through the analysis of four vectors of memory war histories memoirs fiction and film Lamay Licursi shows that no consistent image or message about the war ever arose that resonated with a significant segment of the American population Not many war histories materialized war memoirs did not capture the public s attention and war novels and films presented a fictional war that either bore little resemblance to the doughboys experience or offered discordant views about what the war meant In the end Americans emerged from the interwar years with limited pockets of public memory about the war that never found compromise in a dominant myth

Powell,2003-03-14 In January 1944 sixteen black enlisted men gathered at the Great Lakes Naval Training Station in Illinois to begin a cram course that would turn them into the U S Navy s first African American officers on active duty The men believed they could set back the course of racial justice if they failed and banded together so all would succeed Despite the demanding pace all sixteen passed the course Twelve were commissioned as ensigns and a thirteenth was made a warrant officer Years later these pioneers came to be known as the Golden Thirteen but at the outset they were treated more as pariahs than pioneers Often denied the privileges and respect routinely accorded white naval officers they were given menial assignments unworthy of their abilities and training Yet despite this discrimination these inspirational young men broke new ground and opened the door for generations to come In 1986 oral historian Paul Stillwell began recording the memories of the eight surviving members of the Golden Thirteen Later he interviewed three white officers who served with and supported the efforts of the men during World War II This book collects the stories of those eleven men Introduced by Colin L Powell they tell in dramatic fashion what it was like to be a black American **Soldiers' Stories** PhD Myra Miller,Marshall Miller,2016-12-07 This compilation of stories and photos contains accounts of the young men and women who risked their lives were wounded or lost their lives to save the lives of

Callahan,2020-07-04 Featuring over 700 historic photographs and other original artifacts Brothers in Arms tells the stories of brothers buried side by side in American World War II cemeteries overseas Fourteen of these noble American cemeteries are spread around the world holding the remains of over 90 000 fallen Americans and listing another 80 000 missing All made the ultimate sacrifice so that others might live in peace and freedom These sacred burial grounds are kept in meticulous care by the American Battle Monuments Commission Any visitor is struck by the endless rows of white burial markers fallen heroes resting far from their homes but among their comrades and often near the battlefields where they fell Walking among the gravestones it is especially heart rending to come across two burial markers with the same last name two brothers in one case three buried side by side With memories and materials collected from the families who lost these brave brothers Brothers in Arms puts a face and a story to those names carved in white marble From North Africa to Europe to the Philippines Brothers in Arms takes the reader on a journey of the war of America in the first half of the 20th century and of these inspiring resting places all through the stories of these heroic brothers      **Remembering Pearl Harbor** Robert Sherman La Forte,Ronald E. death was the tragic culmination of an intertwined series of events The plane that carried him that day was a trouble plagued American heavy bomber known as the B 32 Dominator which would prove a failed competitor to the famed B 29 Superfortress And on the ground below a palace revolt was brewing and a small number of die hard Japanese fighter pilots decided to fight on refusing to accept defeat Based on official American and Japanese histories personal memoirs and the author s exclusive interviews with many of the story s key participants Last to Die is a rousing tale of air combat bravery cowardice hubris and determination all set during the turbulent and confusing final days of World War II
