The Dynamic Laws of Prosperity Catherine Ponder, 2016-05-27 There's Gold Dust in the Air for You This book is the result of several recent recessions and many years of lean living Nobody likes recessions and nobody likes lean living and indeed nobody should like them For fifteen years I tried to find such a book as this one During those years of searching the book shelves I found that there are many books which give various success ideas but in none of them did I find a set of compact simple laws for assuring success Years ago a salesman used the power of prosperous thinking although he may not consciously been aware of it When people asked him How's business he always gave this standard answer Business is wonderful because there's gold dust in the air For him it certainly seemed to be so every contact became a sale After a while whenever his name was mentioned people always said Yes everything he touches turns to gold These secrets are inside Get Your Copy Now

Hinn,2019-07-09 A compelling insider account by the nephew of a renowned prosperity preacher on the perils of greed and the power of the true gospel Costi Hinn nephew of the world famous televangelist Benny Hinn had a front row seat to the inner workings of the prosperity gospel In one sermon I heard growing up my uncle taught us that if we wanted God to do something for us we needed to do something for him In *God Greed and the Prosperity Gospel* he gives a chilling account of how prosperity preachers exploit the poor and needy and what it was like to grow up in one of the world s most powerful prosperity dynasties As Costi began to question the lifestyle he was living and look for an answer to the injustice he saw he found himself on a journey that eventually led him to abandon the family faith in favor of the overwhelming truth about the real Jesus Christ This is Costi s story of escape from a false teaching that has ensnared millions And it s a call to the church to be salt and light throughout the earth and to stand up for the truth when Jesus Christ is being falsely represented as a commodity If you want to learn how to reach those caught in deception or if you ve been confused in the past by the insidiously blurred lines between prosperity theology and the true gospel this book will bolster your faith and encourage your own journey toward the Truth Spanish edition also available [Easy Breezy Prosperity](#) Emmanuel Dagher,2016-01-05 *Easy Breezy Prosperity* is a holistic guide to discover and nurture prosperity and align your life with your spiritual core Author Emmanuel Dagher redefines what real prosperity means and offers you tactics to expand and enrich yourself well beyond financial goals By examining how and why we treat money the way we do Dagher shows you how to realize the success you have already created and cultivate the clarity needed to attract more of it in your daily life Each chapter is designed to empower you leaving you feeling optimistic not only about their working lives and finances but also your entire life s path Dagher shares his own story and those of his clients and fans who have turned their lives around using his meditations rituals and exercises He also includes a 28 day plan with simple yet effective daily practices you can use such as Expressing gratitude each morning for all that you have Cultivating a healthy relationship with money through money healing practices Seeking out opportunities to be of service through your time energy gifts or abilities De cluttering your space and mind to allow positivity to enter *Easy Breezy Prosperity* is a powerfully motivating plan to take action strengthen self confidence and enjoy a more joyful and abundant life *Picture Your Prosperity* Ellen Rogin,Lisa Kueng,2015 Based on a workshop this book offers an interactive plan for women who want to take control of their finances and feel secure about the things that matter most to them Too often financial advice jumps right to the minutiae of investments skipping over the deeper questions of what people really want from their money both now and in the future Ellen Rogin and Lisa Kueng teach their clients and workshop audiences to do the opposite **Pillars of Prosperity** Timothy Besley,Torsten Persson,2013-02-24 How nations can promote peace prosperity and stability through cohesive political institutions Little else is required to carry a state to the highest degree of opulence from the lowest barbarism but peace easy taxes and a tolerable administration of justice all the

rest being brought about by the natural course of things So wrote Adam Smith a quarter of a millennium ago Using the tools of modern political economics and combining economic theory with a bird s eye view of the data this book reinterprets Smith s pillars of prosperity to explain the existence of development clusters places that tend to combine effective state institutions the absence of political violence and high per capita incomes To achieve peace the authors stress the avoidance of repressive government and civil conflict Easy taxes they argue refers not to low taxes but a tax system with widespread compliance that collects taxes at a reasonable cost from a broad base like income And a tolerable administration of justice is about legal infrastructure that can support the enforcement of contracts and property rights in line with the rule of law The authors show that countries tend to enjoy all three pillars of prosperity when they have evolved cohesive political institutions that promote common interests guaranteeing the provision of public goods In line with much historical research international conflict has also been an important force behind effective states by fostering common interests The absence of common interests and or cohesive political institutions can explain the existence of very different development clusters in fragile states that are plagued by poverty violence and weak state capacity
