As the title suggests this and future volumes will have increased input from the field of intensive care but the emphasis will remain on producing articles of high quality and interest to the reader and providing exceptional value for money. Anesthesia Outside of the Operating Room Richard Urman, Wendy Gross, Beverly Philip, 2011-03-07 Anesthesia Outside of the Operating Room is a comprehensive up to date textbook that covers all aspects of anesthesia care in OOR settings from financial considerations to anesthetic techniques to quality assurance.
