New Topics in Feminist Philosophy of Religion Pamela Sue Anderson,2009-12-05 Having enjoyed more than a decade of lively critique and creativity feminist philosophy of religion continues to be a vital field of inquiry New Topics in Feminist Philosophy of Religion maintains this vitality with both women and men from their own distinctive social and material locations contributing critically to the rich traditions in philosophy of religion The twenty contributors open up new possibilities for spiritual practice while contesting the gender bias of traditional concepts in the field the old models of human and divine will no longer simply do A lively current debate develops in re imagining and revaluing transcendence in terms of body space and self other relations This collection is an excellent source for courses in feminist philosophy phenomenology hermeneutics and literature Continental and analytical philosophy of religion engaging with a range of religions and philosophers including Kant Kierkegaard Marx Heidegger Arendt Weil Beauvoir Merleau Ponty Ricoeur Levinas Irigaray Bourdieu Kristeva Le Doeuff bell hooks and Jantzen **Buddhist Saints in India** Reginald A. Ray,1999-09-30 The issue of

saints is a difficult and complicated problem in Buddhology In this magisterial work Ray offers the first comprehensive examination of the figure of the Buddhist saint in a wide range of Indian Buddhist evidence Drawing on an extensive variety of sources Ray seeks to identify the classical type of the Buddhist saint as it provides the presupposition for and informs the different major Buddhist saintly types and subtypes Discussing the nature dynamics and history of Buddhist hagiography he surveys the ascetic codes conventions and traditions of Buddhist saints and the cults both of living saints and of those who have passed beyond Ray traces the role of the saints in Indian Buddhist history examining the beginnings of Buddhism and the origin of Mahayana Buddhism The Study of Religious Experience Bettina E. Schmidt,2016 The renowned scientist Sir Alister Hardy approached the complex field of religious and spiritual experience in a similar disciplined and scientific manner in which he approached natural science Asking people from the public to send him accounts of first hand experiences with spiritual or religious powers he established the Religious Experience Research Centre that has remained at the forefront of the academic study of religious experiences This book will take his work forward and show how to study religious and spiritual experiences in the 21st century The Study of Religious Experience aims to show how a range of disciplines including anthropology philosophy religious studies theology biblical studies and history approach the topic religious experience how this approach is applied and what contributions they make to the study of religious experience *The Buddhist Heritage*

Tadeusz Skorupski,1989 *International Journal of Buddhist Thought & Culture* ,2008 Handbook of Research on Transformative Online Education and Liberation: Models for Social Equality Kurubacak, Gulsun,Yuzer, T. Volkan,2010-10-31

This book focuses on the societal social political economic and philosophical perspectives of transformative models and how digital learning communities foster critical reflections and perspective change building a better understanding on how online educators designers tutors learners can talk about injustice and inequality to a virtual group Provided by publisher **The A to Z of Buddhism** Carl Olson,2009-09-02 The A to Z of Buddhism covers and clarifies Buddhist concepts significant figures movements schools places activities and periods This is done through a chronology an introductory essay a bibliography and over 700 cross referenced dictionary entries Homa Variations Richard K. Payne,Michael Witzel,2015-12-01 Found in many different religious cultures the practice of making votive offerings into fire dates back to the earliest periods of human history Throughout the tantric world this kind of ritual offering practice is known as the homa With roots in Vedic and Zoroastrian rituals the tantric homa was formed in early medieval India Since that time tantric Buddhist practitioners transmitted it to East and Central Asia and more recently to Europe and the Americas Today Hindu forms of the homa are being practiced outside of India as well Despite this historical and cultural range the homa retains an identifiable unity of symbolism and ritual form Homa Variations is the first volume to provide a series of detailed studies of a variety of homa forms This collection of essays provides an understanding of the history of the homa from its inception up to its use in the present The book also covers homa practice throughout a wide range of religious cultures from India and Nepal to Tibet China and Japan The theoretical focus of the collection is the study of ritual change over long periods of time and across the boundaries of religious cultures The identifiable unity of the homa allows for an almost unique opportunity to examine ritual change with such a broad perspective **Buddhism** Kevin Trainor,2004 In this strikingly illustrated and authoritative volume readers have an introduction to one of the world s greatest living faiths 200 color photos maps drawings

Handbook of Research on Development and Religion Matthew Clarke,2013-01-01 With eighty percent of the world s population professing religious faith religious belief is a common human characteristic This fascinating and highly unique Handbook brings together state of the art research on incorporating religion into development studies literature and research The expert contributors illustrate that as religious identity is integral to a community s culture exclusion of religious consideration will limit successful development interventions it is therefore necessary to conflate religion and development to enhance efforts to improve the lives of the poor Issues addressed include key tenets beliefs and histories of religions religious response to development concerns gender environment education microfinance humanitarian assistance and the role of faith based organisations and missionaries in the wider development context Practical case studies of countries across Africa Eastern Europe and the Pacific including Australia underpin the research providing evidence that the intersection between religion and development is neither new nor static By way of conclusion suggestions are prescribed for extensive further research in order to advance understanding of this nascent field This path breaking Handbook will prove a thought provoking and stimulating reference tool for academics researchers and students in international development international relations
