Recent American Fiction Some Critical Views:

The Absurd Hero in American Fiction David D. Galloway, 2014-06-30 When *The Absurd Hero in American Fiction* was first released in 1966 Granville Hicks praised it in a lead article for the *Saturday Review* as a sensitive and definitive study of a new trend in postwar American literature In the years that followed David Galloway's analysis of the writings of John Updike William Styron Saul Bellow and J D Salinger became a standard critical work an indispensable tool for readers concerned with contemporary American literature The *New York Times* described the book as a seminal study of the modern literary imagination David Galloway himself an established novelist later extensively revised *The Absurd Hero* to include authoritative discussions of more than a dozen novels which had appeared since the first revised edition was released in 1970 Among them are John Updike's *Couples* *Rabbit Redux* and *The Coup* William Styron's *The Confessions of Nat Turner* and Sophie's *Choice* and Saul Bellow's *Mr Sammler's Planet* and Humboldt's *Gift* Through detailed analyses of these works Galloway demonstrates the continuing relevance of his own provocative concept of the absurd hero and provides important insights into the literary achievements of four of America's most influential postwar novelists **Powerless Fictions?**

Ricardo Miguel-Alfonso, 2023-04-12 *Postmodern Studies* deals with any aspect of postmodernism or of postmodernity and the postmodern in relation to literature **Black Professional Women in Recent American Fiction** Carmen Rose

Marshall, 2015-01-24 The last three decades of the 20th century have marked the triumph of many black professional women against great odds in the workplace Despite their success few novels celebrate their accomplishments Black middle class professional women want to see themselves realistically portrayed by protagonists who work to achieve significant productivity and visibility in their careers desire stability in their personal lives aspire to accrue wealth and live elegantly though not consumptively The author contends that most recent American realistic fiction fails to represent black professional women protagonists performing their work effectively in the workplace Identifying the extent to which contemporary novels satisfy the readerly desires of black middle class women readers this book investigates why the readership wants the texts as well as what they prefer in the books they buy It also examines the technical and cultural factors that contribute to the lack of books with self empowered black professional female protagonists and considers *The Salt Eaters* by Toni Cade Bambara and *Waiting to Exhale* by Terry McMillan two novels that function as significant markers in the development of contemporary black women writers texts **Critical Survey of American Literature** Steven G.

Kellman, 2016-12-08 An indispensable guide to over 400 authors with in depth analyses of their significant works of fiction drama nonfiction young adult literature and poetry **Literature Against Criticism** Martin Paul Eve, 2016-10-17 This is a

book about the power game currently being played out between two symbiotic cultural institutions the university and the novel As the number of hyper knowledgeable literary fans grows students and researchers in English departments waver between dismissing and harnessing voices outside the academy Meanwhile the role that the university plays in contemporary

literary fiction is becoming increasingly complex and metafictional moving far beyond the campus novel of the mid twentieth century Martin Paul Eve's engaging and far reaching study explores the novel's contribution to the ongoing displacement of cultural authority away from university English. Spanning the works of Jennifer Egan, Ishmael Reed, Tom McCarthy, Sarah Waters, Percival Everett, Roberto Bolaño and many others, *Literature Against Criticism* forces us to re-think our previous notions about the relationship between those who write literary fiction and those who critique it. *Flannery O'Connor-Aw* Stanley Edgar Hyman, Flannery O'Connor, *American Writers* 54. First published in 1966, Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions. *The Eternal Crossroads* Leon V. Driskell, Joan T. Brittain, 2021-10-21. Flannery O'Connor was a writer of extraordinary power and virtuosity. Her strong, supple prose blends humor, pathos, satire, and grotesquerie which leads the reader to the evil at the center of the self's labyrinth. There she confronts that evil with originality and power, pulling the reader into consideration of the terrifying dependencies of love in the recesses of the heart. This study focuses on Flannery O'Connor's sense of the coincidence of the eternal and cosmic with worldly time and place, the eternal crossroads, and how that sense controls and infuses her fiction. From an examination of various influences upon Miss O'Connor's work, Pierre Teilhard de Chardin, Mauriac, Nathaniel West, and Hawthorne, the authors consider her novels and stories as well as several stories never collected. Their textual analysis shows that her structures, images, motifs, and symbols became vehicles for analogical meaning as she progressed from early promise to artistic fulfillment. Considering Miss O'Connor's own comments on her writing, the authors illuminate some frequently misunderstood features of her work, such as her grotesques and her stress on death and violence. In so doing, they make an important contribution to our understanding of how Flannery O'Connor arrived at the eternal crossroads.

The Woman in the Novels of Saul Bellow Ram Prakash Pradhan, 2006. The book presents in brief a critical study of Saul Bellow's vision of woman in general as the novelist has presented a variety of women having contradictory traits. Any attempt at flat generalisation has been considered forbidding. In spite of his Jewish lineage and specific Jewish themes, Saul Bellow has established himself as a humanistic and conscientious American novelist. Hence such conception as popular in Jewish tradition that his woman characters must occupy a subordinate place and their freedom of mind shall be restricted seems to be futile. Far from being misogynous as it is sometimes alleged by a few critics, his vision of woman appears to be balanced, objective, and free from personal prejudice. The book is a valuable study on Nobel Laureate Saul Bellow and all those who admire his works would find it interesting and useful as it will enable them to see his characters from a different perspective. Students and also the teachers of English literature will find it highly informative.

What America Read Gordon Hutner, 2009-11-05. Despite the vigorous study of modern American fiction, today's readers are only familiar with a partial shelf of a vast library. Gordon Hutner describes the distorted canonized history of the twentieth century American novel as a

record of modern classics insufficiently appreciated in their day but recuperated by scholars in order to shape the grand tradition of Hemingway Fitzgerald and Faulkner In presenting literary history this way Hutner argues scholars have forgotten a rich treasury of realist novels that recount the story of the American middle class's confrontation with modernity Reading these novels now offers an extraordinary opportunity to witness debates about what kind of nation America would become and what place its newly dominant middle class would have and Hutner suggests should also lead us to wonder how our own contemporary novels will be remembered

The Jewish American Novel Philippe Codde,2007 Philippe Codde provides a comparative cultural analysis of the unprecedented success of the Jewish novel in the postwar United States by situating the process and event in the context of three closely related American cultural movements the popularity in the US of French philosophical and literary existentialism the increasing visibility of the Holocaust in US American life and the advent of radical theology Codde argues that the literary repertoire of the postwar Jewish novel consists of an amalgam of these cultural elements that were making their mark in the political religious and philosophical systems of the United States at the time and that this explains in part the Jewish novel's sweeping success in the American literary system

Fact and Fiction John Hollowell,2017-11-01 Journalists and novelists responded to the pervasive social changes of the 1960s in America with a variety of experiments in nonfiction Those who have praised the vitality of the new journalism have seen it as a fusion of the journalist's passion for detail and the novelist's moral vision Hollowell presents a critically sharp portrait of what the new journalists and novelists are doing and why The author concludes that future writing will further obscure the difference between fact and fiction Originally published in 1977 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value
