Sophia Lee,1792 **Mary Queen of Scots** Jayne Lewis,2005-08-04 As an historical figure Mary Queen of Scots has been perpetually represented on canvas page and stage and has captured the British imagination since the time of her death in 1587 The real Mary Stuart however has remained an enigma Mary Queen of Scots Romance and Nation sheds light on Mary's life by exploring four main themes the history of Mary's representation in Britain from the late Tudor period focusing on key periods in the formation of the British identity and closely analysing several texts against a background of the visual musical and literary works of each period the reasons why those representing Mary have been so conscious that her image was largely a debatable fiction the identification of symbolic styles using Mary to reveal the habits of representation in each historical period The link between the image of Mary Stuart and Britain's long struggle to define itself as a single nation focusing on the roles of gender and religion in this development *Gothic Readings* Rictor Norton,2005-04-01 This is an anthology of Gothic Literature set within the context of contemporary criticism and readers responses It includes selections from the major practitioners and many of their followers as well as contemporary reviews private letters and diaries chapbooks and contemporary anecdotes about dramatic performances and the design of theatre sets The selections provide representative samples of the major genres historical gothic the Radcliffe school of terror the Lewis school of horror tragic melodrama comic parody supernatural poetry and ballads book reviews and literary criticism and anti Gothic polemic

Revolutions in Taste, 1773-1818 Fiona Price,2016-04-08 How and to what extent did women writers shape and inform the aesthetics of Romanticism Were undervalued genres such as the romance gothic fiction the tale and the sentimental and philosophical novel part of a revolution leading to newer more democratic models of taste Fiona Price takes up these

important questions in her wide ranging study of women's prose writing during an extended Romantic period. While she offers a re-evaluation of major women writers such as Mary Wollstonecraft, Maria Edgeworth, Ann Radcliffe and Charlotte Smith, Price also places emphasis on less well-known figures including Joanna Baillie, Anna Letitia Barbauld, Elizabeth Hamilton and Priscilla Wakefield. The revolution in taste occasioned by their writing, she argues, was not only aesthetic but following in the wake of British debates on the French Revolution, politically charged. Her book departs from previous studies of aesthetics that emphasize the differences between male and female writers or focus on higher status literary forms such as the treatise. In demonstrating that women writers' discussion of taste can be understood as an intervention at the most fundamental level of political involvement, Price advances our understanding of Romantic aesthetics.

British Historical Fiction before Scott A. Stevens, 2010-04-09 In the half century before Walter Scott's *Waverley*, dozens of popular novelists produced historical fictions for circulating libraries. This book examines eighty-five popular historical novels published between 1762 and 1813, looking at how the conventions of the genre developed through a process of imitation and experimentation.

Sentimental Memorials Melissa Sodeman, 2014-11-12 During the later eighteenth century, changes in the meaning and status of literature left popular sentimental novels stranded on the margins of literary history. While critics no longer dismiss or ignore these works, recent reassessments have emphasized their interventions in various political and cultural debates rather than their literary significance. *Sentimental Memorials*, by contrast, argues that sentimental novels gave the women who wrote them a means of clarifying, protesting, and finally memorializing the historical conditions under which they wrote. As women writers successfully navigated the professional marketplace but struggled to position their works among more lasting literary monuments, their novels reflect on what the elevation of literature would mean for women's literary reputations. Drawing together the history of the novel, women's literary history, and book history, Melissa Sodeman revisits the critical frameworks through which we have understood the history of literature. Novels by Sophia Lee, Ann Radcliffe, Charlotte Smith, and Mary Robinson, she argues, offer ways of rethinking some of the signal literary developments of this period, from emerging notions of genius and originality to the rise of an English canon. And in Sodeman's analysis, novels long seen as insufficiently literary acquire formal and self-historicizing importance.

The History of British Women's Writing, 1750-1830 J. Labbe, 2010-08-20 This period witnessed the first full flowering of women's writing in Britain. This illuminating volume features leading scholars who draw upon the last 25 years of scholarship and textual recovery to demonstrate the literary and cultural significance of women in the period, discussing writers such as Austen, Wollstonecraft, and Mary Shelley.

Britain, France and the Gothic, 1764-1820 Angela Wright, 2013-04-18 In describing his proto-Gothic fiction *The Castle of Otranto* (1764) as a translation, Horace Walpole was deliberately playing on national anxieties concerning the importation of war, fashion, and literature from France in the aftermath of the Seven Years War. In the last decade of the eighteenth century, as Britain went to war again with France, this time in the wake of revolution, the continuing

connections between Gothic literature and France through the realms of translation adaptation and unacknowledged borrowing led to strong suspicions of Gothic literature taking on a subversive role in diminishing British patriotism Angela Wright explores the development of Gothic literature in Britain in the context of the fraught relationship between Britain and France offering fresh perspectives on the works of Walpole Radcliffe Monk Lewis and their contemporaries *Love and the Politics of Intimacy* Stanislava Dikova, Wendy McMahon, Jordan Savage, 2023-01-12 *Love and the Politics of Intimacy* articulates the concept of love within the relationship between the intimate and the social rethinking how intimacy is conceived and experienced in the context of 21st century neoliberalism Reflecting on experiences of intimate romantic and sexual love and the role of individual identity these essays explore historical trajectories that have culminated in particular contemporary experiences of intimate love Politically this work links identity and articulation of the self to liberatory practices in the arenas of friendship romance and sex This interdisciplinary exploration of what love means in the 21st century incorporates academic writing and original creative work from established and emerging scholars around the globe Essays from across the humanities and social sciences including literary studies sociology psychology philosophy and gender studies interrogate the role of relational intimacy on topics of Love and Romance Love and Liberation and Love and Technologies of Intimacy The volume looks at the past present and future in search of inspiration for transforming and re charting the pathways of love seeking a more diverse and emancipatory model of social life and what it would take to restore love to social and institutional spaces *Cyclopaedia of English Literature* Robert Chambers, 1871 *The Dictionary of National Biography* Leslie Stephen, Sir Sidney Lee, 1917 **A Diary of Thomas De Quincey, 1803** Thomas De Quincey, 1927
