Recidivism in Foster Care Norman M. Block, Arlene S. Libowitz, 1983      **Beyond Recidivism** Andrea Leverentz, Elsa Y. Chen, Johnna Christian, 2020-05-05 Understanding reentry experiences after incarceration Prison in the United States often has a revolving door with droves of formerly incarcerated people ultimately finding themselves behind bars again In *Beyond Recidivism* Andrea Leverentz Elsa Y Chen and Johnna Christian bring together a leading group of interdisciplinary scholars to examine this phenomenon using several approaches to research on recently released prisoners returning to their lives They focus on the social context of reentry and look at the stories returning prisoners tell including such key issues as when they choose to reveal or not their criminal histories Drawing on contemporary studies contributors examine the best ideas that have emerged over the last decade to understanding the challenges prisoners face upon reentering society Together they present a complete picture of prisoner reentry including real world recommendations for policies to ensure the well being of returning prisoners regardless of their past mistakes      *The Foster Care Crisis* Patrick Almond Curtis, Grady Dale, Joshua C. Kendall, 1999-01-01 The inadequacy of the foster care system has long been recognized One of the biggest obstacles to reforming the system is the relative unavailability of research data from the field information that would shed light on key empirical trends and pressing issues This long overdue volume provides a much needed overview of the current state of foster care Leading researchers and practitioners summarize and discuss the results of their current research providing through their data an unparalleled detailed glimpse of the inner workings of the foster care system in its entirety The volume is also valuable for its survey and syntheses of important issues and trends affecting foster care Subjects discussed include welfare reform reporting systems family reunification mental health services and the needs of minority children Wide ranging and detailed in its coverage this collection is destined to become an essential reference and guide to the foster care system      **Child Welfare Research Review** Richard P.
