Lost Hot Rods Pat Ganahl,2012-10-15 Whenever hot rodders get together to bench race two questions invariably come up Whatever happened to such and such car and How can I find one of these old abandoned hot rods Lost Hot Rods answers both questions by finding nearly 100 lost hot rods custom cars and a few dragsters that were famous in the 1950s and 1960s They were featured on magazine covers or winning major car shows Then they disappeared or were lost because they weren't seen in public again In Lost Hot Rods we attempt to answer the questions about whatever happened to these great cars We're not talking about vintage tin sitting in the desert or woods or old cars parked in farm fields Nearly all of these vintage rods and customs were found in urban or suburban garages possibly right in your neighborhood where they were parked years ago maybe to save perhaps torn apart for a rebuild or in many cases they are projects that were started years ago and just never finished The condition of such finds ranges from musty piles of parts to dusty and cobwebbed originals to pristine still show quality beauties We also show cars that have been located by others either as is or now in beautiful restored condition Either way we tell the process of finding such vehicles giving many tips on how you can find them too This isn't a book about seeking these cars for profit What's more important and fun is the search itself If when you find such a long lost rod or custom it turns out that it is available and you can afford to acquire it and put it back on the road and enjoy it so much the better But just finding them finally answering that Whatever happened to question is the main goal In most cases we show vintage photos of the car in its heyday along with where and how it looks today But what makes this venture doubly fun and what separates this book from others is that we are not just looking for old cars or even collector cars hidden away Finding a vintage Corvette or Porsche or even a gennie Model A or Model T stashed in a garage or barn is cool But hot rods and custom cars are very different literally Each one is unique So each of these cars has its own unique story its own personal history which makes Lost Hot Rods a special collection of stories as well as Then and Now images This is a paperback edition of the original best selling hardcover
