## **Pictorial History Of The Republican Party:**

Pictorial History of the Republican Party Beryl Frank, 1988      *The Republicans* Lewis L. Gould, 2014-08-29 Lewis L Gould's 2003 history of the Republican Party was a fast paced account of Republican fortunes The Republicans won praise for its even handed incisive analysis of Republican history drawing on Gould's deep knowledge of the evolution of national political history and acute feel for the interplay of personalities and ideology In this revised and updated edition Gould extends this history adding a new chapter on the George W Bush presidency the election of 2008 and the response of the Grand Old Party to Barack Obama His narrative covers such contemporary figures as Newt Gingrich Sarah Palin and John McCain as well as forgotten Republican leaders including James G Blaine Mark Hanna Wendell Willkie and Robert A Taft Contending that the historic Republican skepticism about the legitimacy of the Democratic Party has shaped American politics since the Civil War Gould argues that the persistent flaw in the relations between the two parties has led the nation to the current crisis of stalemate and partisan bitterness No other account of Republican history is as up to date crammed with fascinating information and ready to serve as an informed guide to today's partisan warfare Lay readers and political junkies alike seeking the best book on Republican history will find what they are looking for in Gould's comprehensive volume      *Grand Old Party* Lewis L. Gould, 2012 This highly readable narrative history of the Republican Party profiles the G O P from its emergence as an antislavery party during the 1850s to its current place as champion of political conservatism      The Pageant of America, a Pictorial History of the United States, 1927      *Courage and Consequence* Karl Rove, 2010-04-03 From the moment he set foot on it Karl Rove has rocked America's political stage He ran the national College Republicans at twenty two and turned a Texas dominated by Democrats into a bastion for Republicans He launched George W Bush to national renown by unseating a popular Democratic governor and then orchestrated a GOP White House win at a time when voters had little reason to throw out the incumbent party For engineering victory after unlikely victory Rove became known as the Architect Because of his success Rove has been attacked his entire career accused of everything from campaign chicanery to ideological divisiveness In this frank memoir Rove responds to critics passionately articulates his political philosophy and defends the choices he made on the campaign trail and in the White House He addresses controversies head on from his role in the contest between Bush and Senator John McCain in South Carolina to the charges that Bush misled the nation on Iraq In the course of putting the record straight Rove takes on Democratic leaders who acted cynically or deviously behind closed doors and even Republicans who lacked backbone at crucial moments *Courage and Consequence* is also the first intimate account from the highest level at the White House of one of the most headline making presidencies of the modern age Rove takes readers behind the scenes of the bitterly contested 2000 presidential contest of tense moments aboard Air Force One on 9 11 of the decision to go to war in Afghanistan and Iraq of the hard won 2004 reelection fight and even of his painful three years fending off an indictment by Special Prosecutor Patrick Fitzgerald In the process he spells out

what it takes to win elections and how to govern successfully once a candidate has won Rove is candid about his mistakes in the West Wing and in his campaigns and talks frankly about the heartbreak of his early family years But Courage and Consequence is ultimately about the joy of a life committed to the conservative cause a life spent in political combat and service to country no matter the costs *Insurgency* Jeremy W. Peters, 2022-02-08 NEW YORK TIMES BOOK REVIEW EDITORS CHOICE How did the party of Lincoln become the party of Trump From an acclaimed political reporter for The New York Times comes the definitive story of the mutiny that shattered American politics A bracing account of how the party of Lincoln and Reagan was hijacked by gadflies and grifters who reshaped their movement into becoming an anti democratic cancer that attacked the U S Capitol Joe Scarborough An epic narrative chronicling the fracturing of the Republican Party Jeremy Peters s *Insurgency* is the story of a party establishment that believed it could control the dark energy it helped foment right up until it suddenly couldn t How Peters asks did conservative values that Republicans claimed to cherish like small government fiscal responsibility and morality in public service get completely eroded as an unshakable faith in Donald Trump grew to define the party The answer is a tale traced across three decades with new reporting and firsthand accounts from the people who were there of populist uprisings that destabilized the party The signs of conflict were plainly evident for anyone who cared to look After Barack Obama s election convinced many Republicans that they faced an existential demographics crossroads many believed the only way to save the party was to create a more inclusive and diverse coalition But party leaders underestimated the energy and popular appeal of those who would pull the party in the opposite direction They failed to see how the right wing media they hailed as truth telling was warping the reality in which their voters lived And they did not understand the complicated moral framework by which many conservatives would view Trump leading evangelicals and one issue voters to shed Republican orthodoxy if it delivered a Supreme Court that would undo Roe v Wade In this sweeping history Peters details key junctures and episodes to unfurl the story of a revolution from within Its architects had little interest in the America of the new century but a deep understanding of the iron will of a shrinking minority With Trump as their polestar their gamble paid greater dividends than they d ever imagined extending the life of far right conservatism in United States domestic policy into the next half century Congressional Pictorial Directory United States. [in 3]. James Taylor,1887      *The Pictorial History of Scotland ... A.D. 79-1746. By J. Taylor, Assisted by Professor Lindsay, Professor Eadie, J. Anderson, G. Macdonald, and Other Contributors* James TAYLOR (D.D., of Glasgow.),1852      *Frederick Douglass Republicans* K.Carl Smith,2011-04-25

Frederick Douglass is an iconic historical figure whose noble qualities are visible in the lives of four major Biblical characters. Like Joseph who was sold into slavery by his brothers and later became second in command of Egypt, Douglass was born into slavery and served as an advisor to five US presidents. Like Moses who liberated the Israelites from Egypt by confronting Pharaoh, Douglass fought to liberate blacks from slavery by agitating President Lincoln. Like Paul who wrote the majority of the New Testament and composed letters that changed the world, Douglass authored three books and penned thousands of articles, speeches, and editorials that transformed the nature of politics in America. Like Jesus who forgave those who nailed Him to the cross and yes He died for the salvation of humanity, Douglass forgave his slave masters and dedicated his life for the liberation of all people. For these reasons and more, Douglass' political and social principles can heal our nation. Frederick Douglass: the role model for the next generation. *the Quintessential Conservative*      *Angels in the Machinery* Rebecca Edwards, 1997. Offering an analysis of the centrality of gender to politics in the United States from the days of the Whigs to the early 20th century, the author argues that women in the US participated actively and transformed forever the ideology of American party politics before they got the right to vote.
