the author makes that clear by including numerous images of the unit's infantry reconnaissance artillery and support troops performing their duties. This book provides a wealth of details of how the men of this division lived and fought during the war.

**WWII History** Sometimes a pictorial history is a hundred times better than a textual history and that's certainly the case with the US 3rd Armored Division. **Books Monthly**

**America's War for Humanity** Thomas Herbert Russell, 2019-12-04 In *America's War for Humanity* by Thomas Herbert Russell, readers are taken on a deep exploration of the moral and political consequences of America's involvement in World War I. Written in a precise and analytical style, the book presents a comprehensive analysis of the United States' decision to enter the war and its impact on international relations. Russell's work sheds light on the complexities of war and offers insightful commentary on the notions of justice, liberty, and human dignity within the context of a global conflict.

Thomas Herbert Russell, a distinguished historian and political scientist, brings his expertise to bear in *America's War for Humanity*. His academic background in American history and international relations informs his thoughtful reflections on the motivations behind America's entrance into the war.
